Dear ,

Thank you for your seditious reply dated . Sedition is punishable by full asset stripping and life imprisonment. I am collecting the evidence of your crimes so you can stand trial before a jury of the people at a later date. Article 61 of the 1215 Magna Carta was invoked according to correct constitutional protocols on the 23rd March 2001, effectively deposing the head of state dissolving all governments beneath her of any authority over the people. It is her majesties government, not the government's her majesty. The usurped Queen would not have responded to the baron's petition had she not been constitutionally required to do so. The 1215 Magna Carta is a forever binding document as clearly stated in Articles 1, 61 and 63. Furthermore, the central square mile known as the city of London violated Article 13 of the 1215 Magna Carta by bringing admiral law into the people's common law courts consequently committing high treason. Thus, the city of London forfeits all protection it had under the 1215 Magna Carta. I realise that you do not recognise my lawful constitutional notices as you are operating as a foreign corporation and have no authority to deal with this matter since the invocation of Article 61 on the 23rd March 2001. I lawfully stand under Article 61 of the 1215 Magna Carta, until you provide evidence that Article 61 has been revoked then you have no authority to make any demands on me. I urge you to consider Nuremberg "I was just doing my job" is no defence as evidenced from those trials.
