

Revelation - Series 06

The Purpose Of Life.

The purpose of Life is to become Jesus. We have no excuses;

Because God has the power to save and restore completely through His word (Jesus) from death to life.

Because Jesus has gone to the Father and therefore we're commanded to seek Him. And to seek Jesus is to become Jesus.

We have no excuses of not being restored back to our original position in Christ Jesus, because the prince of this world has been judged and has no power over us unless we let him.

Lord Jesus, give me grace and love enough not to condemn anyone just as you have not condemned me. But to see them rather through the eyes of love

Don't condemn anyone. And with your heart, don't destroy anyone with the authority God has given you. Rather ask for grace of compassion for restoration.

Jesus knew Judas was a thief, yet He loved. [John 12:6]. Seeing darkness in men, blinds us greatly from a great and surpassing overflowing love for others.

We cannot see the light [Jesus] beyond the darkness in men when we walk in the flesh and not by Faith. We fail to see the light beyond the darkness in men when we walk in the flesh and not by Faith.

Don't see the darkness in men but the force behind their action. Love them, have compassion because they're Jesus. I mean, it Jesus' desire they become like Him.

Lord Jesus, give me grace and love enough to walk by Faith. Give me grace and Love enough to see through the eyes of love.

Jesus loved Judas even while He knew he'll be the one who betrays. He made him the treasurer as an act of love to see Him restored. Love does not judge or accuse wrongly. Pray or restore others with the word instead.

Jesus never mind the rebellion of the angels because love is not forced. Love forced can actually destroy the restoration power at work, because it is flesh, man's action is flesh and flesh is death hindering restoration. In other words, Love forced is death.
