WEEKLY FOCUS

TOPIC: Embracing The Journey

Hello guys & girls,

Hope you've all had a great week!

This week's "*weekly focus*" topic discusses why it's important to ***embrace the journey***.

When starting off in learning how to trade it's common that making money is the primary driving factor, however we soon realise that by constantly focusing on the money, it seems to push it further away.

What we find in most successful traders as a whole is that **they deeply understand the concept of processes over outcome**. This comes in the form of fully embracing the journey. It's having that conversation with yourself to decide that "*I am on this journey and I will persist until I succeed*".

When you learn to fall in love with the learning process, the universe tends to respond with massive growth.

I encourage you all to make the learning process as enjoyable as possible, after all we will always continue to learn and grow with an abundance mindset that we will never truly know everything, but **as long as we strive to be better than we were yesterday then you're always moving in the right direction**.

I hope you enjoyed the read, and also took away value from this Sunday Market Breakdown episode!

Warm regards,

Mark and The Falcon FX Team
