Introduction

Imagine a world without light. We would be living in darkness (confusion and constant corruption) if God did not create the sun, the moon, and stars to give us light (illumination) in the night.

God gave humankind wisdom to build light through the solar systems, water bodies, and several mediums. With the introduction of electricity (light), we can do many things without struggle.

In the same way, failure to understand the people around you will put you in darkness (danger). You need light (wisdom) to

uncover the people in your circles. Inside this book, you will discover the thirty-two (32) types of people around you.

Knowing these people will give you advanced knowledge (light) to escape the manipulation of dangerous personalities.

Uncovering the wisdom keys in this book will deliver you from darkness (danger and dark psychology of this world).

You will not become the prey of certain people after reading this book. You will learn how to connect with specific people. This book will expose you to the categories of people living in your home, church, workplace, school, and neighborhood.

Kindly recommend and share this book with your family, friends, and loved ones so they can increase in wisdom (psychology, relationship, and personal skills).
