Study

Let's open our bibles to the book of **John 9:4.** It's a general thing in the world for day to have its place and night to come. This was what God designed right from when He created the world, He knew that if there is no night, man might not have time to rest at all. And right from when God created everything on Earth including Adam, He rested just to teach us something which is; The usefulness of rest in the life of man. As long as God instituted work for humans, to tend the garden and to till the ground, He created a means to regain energy and help the body to rest to become more stronger. Even though God created the night for rest, some people do not rest at all at night, they still engage in work, overworking their bodies. God who instituted rest for man knows how important it is to rest, working all the time without enough rest can put the body in trouble because the body is not designed to work for 24 hours without resting, No! It's not. Night

according to Merriam Webster Dictionary is the final part of the day that is usually after work, school, etc., and before you go to bed. Let's move to our text; **John 9:4 KJV** I must work the works of him that sent me, while it is day: the night cometh, when no man can work. Jesus said He must do the work that His Father sent Him to do while it's day before the night cometh when no man can work. This means there is a time where work cannot be done, there is a time when it will become too late to work. Jesus wasn't referring to the night we all know, the night of the day we all experience when we are about going to bed. He only used that as a parable because before and after then,He made use of the night to pray and intercede. So, He still did work even at night. Jesus is the light of the world, **John 9:5 KJV** As long as I am in the world, I am the light of the world. When Jesus was in this world physically around more than 2000 years ago, He served as the light of the world. And we know that for night to be differentiated from day, it's because the general daylight goes off and darkness is seen, that is why we are able to know when night comes. What Jesus meant by saying He must do His work during the day is that, He must do the work The Father sent Him to do as long as He was still on Earth, being the light of the world. The night cometh that Jesus said in that verse means a time that He would have left the Earth and won't be able to do the work because He has left. And we know that when light is taken from a dark place, the place becomes dark again. That was why Jesus used the word day and night in our anchor verse. But there is more to Jesus' words there, as we know that Jesus words are always deeper than ordinary words of men. Now, in this study, we will go deeper and split the study into two parts for the topic, "The Night Cometh". These two parts are;

1. The physical aspect

2. The spiritual aspect

Please follow on

The two aspects of how the night comes

1. **The physical aspect;** The night cometh when no man can work is a time which is late to work. A lot of people are enjoying life (according to them) when they are supposed to be working, they are using their day to play and enjoy. The

night cometh very soon when they won't be able to work again. As a parent, when you are supposed to be taking care of your children and sending them to school with the income you are earning but you are not doing that. You are spending it on things that they are unnecessary and you keep on gathering material things. A day will come when you will not be able to work and those children that are supposed to take care of you will not be able to because you didn't take care of them. As a student, when you are supposed to be reading but you are playing, the night cometh, a time when you will pay for your unseriousness and you will think God has forsaken you but He has not. You only paid for your unseriousness! Make use of your time well and prepare well because it's a normal thing for a student to fail if he doesn't read. As a employee, you take your job with hand of levity and you are always expecting promotions. How possible is that? If you continually take your work with hand of levity, a time will come when you will be sacked and without a job. Because nobody would love to have an employee who would toy with his company and make the company go bankrupt.

The night cometh! As a lady, you have been aborting babies all these while and have refused to stop because of your wayward lifestyle. A time cometh when you will try aborting a baby and it won't be possible. Be careful that your life is not lost during the next abortion. As a guy, you are always going after anything in skirt and you trick innocent ladies just to have sex with them. You have succeeded in taking away the virginity of countless females and you are still in the business of doing so. The night cometh! A day cometh when all your deeds will be repaid, when disaster and the consequences of your actions will come. It's better you desist from such now before the night comes. As a lecturer or boss at work, you treat your workers and those under you like slaves, maltreating and using them selfishly. They cannot speak up, else they will get failed or sacked, but a night cometh when regret will come. The reward of such attitude will come and you will know that God is not partial. You are always harsh, unforgiving, disobedient and wicked to others. A time will come when you will reap all that you have gathered. All you have done to others will come back to you and you will reap the fruit of your labor. When a person knows the right thing in this world but doesn't do it, a time will come when there won't be the chance to do such again because it's late already.

2**. The spiritual aspect;** There is always a time allocated to do spiritual things, once the time passes, the night cometh when no man can do it. There is grace at this time, people can still turn to Christ and be saved but there comes a time when the saving grace would have expired. No crying or wailing will make such grace be available, once that time comes, great disaster will await those who rejected the saving grace of The Lord Jesus. Some are born again but are not taking their spiritual lives seriously. **Philippians 2:12 KJV**Wherefore, my beloved, as ye have always obeyed, not as in my presence only, but now much more in my absence, work out your own salvation with fear and trembling. They are not working out their salvation, they believe once you are saved, you are saved forever and that you can never miss heaven which is a lie! A time will come when the result of taking their spiritual lives with hand of levity will tell and they will be differentiated from those who are truly faithful and devoted children of God. The night cometh! For those who are called but are rejecting the call of God, they are always running away from God and avoiding the work He has sent them to do.

The night cometh and a time comes when they will be replaced like Queen Vashti and also receive the reward for their disobedience. As for those who are serving in God's vineyard but behaving unruly to those God has placed above them and also taking the work as though they are doing it unto man. A time cometh when the result will show forth! Some people feel like they are the best and gets proud even in the church of God, the night cometh when they will be replaced by those who are even below and lesser than them. Night comes naturally after daylight during each day. It has been programmed that way and nobody reminds night before it comes. Same happens to everyone, a time will come when there won't be chance to amend your wrongs. Death can come anytime, Jesus can return anytime and the reward of your deeds can come anytime. Do what is right and amend your ways before it's too late. This is a call to every one of us to take our work seriously both physically and spiritually. God is not lazy and does not support one who is. Be diligent in your business and your walk with God and when the night comes, it will be a time of rest and rejoicing. May God help us to amend our ways in Jesus name, Amen.

We have come to the end of today's study, if you have any question, kindly ask

but if there is none, I wish you all pleasant night rest ahead.
