CHAPTER ONE

SPIRITUAL EXPERIMENTAL ANIMALS

Spiritual radicals are Christians who are ready to determine the destiny of their environment. They are not cowards who cannot lift their voices against the boastings of the enemy. Spiritual radicals are ready to deal ruthlessly with their enemies without mercy. Their voices constitute a problem to the devil and demons.

Ps 18:44-45: As soon as they hear of me, they shall obey me: the strangers shall submit themselves unto me. The strangers shall fade away, and be afraid out of their close places.

The way God describes the believers in the scriptures typifies a person vested with authority. Exercising control and power over the enemies is a basic experience God intends for the believer. Another part of the Bible says a child of God is a king. Kings rule by decrees. The subjects in the kingdom of a king are familiar with the importance of submission and obedience to the royal order. God draws this illustration in the Bible to teach the power, control and dominion of an average Christian. He has blessed you with the power to exercise dominion over all the powers of the enemy. Satan and demons will surrender to you without hesitation.

Ecc1 8:4: Where the word of a king is, there is power: and who may say unto him, What doest thou?

THE AUTHORITY

What makes the difference in word usage is who uses a particular word. Drivers may not heed the instruction of just

anybody on the road. But if a traffic police in uniform says "stop", they don't have a choice than to obey. It is very clear to them that failure to stop is an offence punishable by law. When men issue orders to the powers of darkness. how, effective their words are depends on who is in charge.

The strangers referred to in the book of Psalms are demons and powers of darkness. The Bible explains that four things will happen to them when they hear the voice of a child of God. They shall obey the voice. they shall submit themselves to the believer, they shall fade away and be gripped with terror as to give up their secret places on hearing the voice of a child of God. It is a wonderful experience to live in the reality of what the Scripture says.

The beauty of Christianity is in experiencing what the Bible says. The scriptures cannot be broken. Everything in the word of God is yes and amen. If ten out of every one hundred Christians are living constantly in the reality of spiritual dominion given to them. the whole world will be turned upside down for Jesus. This is why radical Christians are in great demand in this generation.

THE STRANGER

A brother went out on evangelism and got to the house of a witch doctor. The witch doctor despised him with the gospel message he brought. He warned that if the brother knew his depth in negative supernatural powers, he would not have venture into his house to preach. So, he threatened the young preacher that he could die in three days if he did not stop bothering him with the gospel message.

The brother was a Christian who knew his authority. He told the old man that he had already died and risen with Christ before he came out to preach. After the witch doctor refused to surrender his life to Jesus as his Lord and saviour, the

brother took his Bible and left. But as he got up to go, his handkerchief fell from him.

The witchdoctor began to receive his clients later on. But to his surprise, the demons of divination working with him informed him that they wouldn't operate in that environment anymore because they recognized a stranger which he was not qualified to touch. They told him that to ensure their freedom of operation as before, the stranger must be removed. The demons were referring to the handkerchief of the brother which unknowingly dropped from him.

Somewhere along the line, the brother remembered his handkerchief and went back for it. He took it and left, and then the spirits told the witch doctor that they could resume operations because the stranger had been removed. Beloved, if the handkerchief of a child of God carried so much power that scared demons and rendered a witchdoctor helpless, how much more the shirt or head gear of an anointed child of God? Now, if objects from our bodies threaten the devil, how much more will the voice of a child of God do to Satan and his cohorts when they hear the name Jesus?

THE LION

A baby lion strayed into the fold of sheep and goats and grew in their midst. It ate like them and thought like them. The cub grew into a big, mature lion, but was still not thinking or behaving like a lion. As it grew, the lion observed that occasionally, a big animal emerged from the forest to attack the sheep and goats. Only the growling of the animal sent the prey on the run, including itself.

As the lion was escaping from the growling of the attacking beast, it hit its head against a tree and took ill for three days. One day, the lion decided to look at the intruder very well. As the growling animal came again, it ran for

cover and took advantage of its position to examine the animal. It pained its heart to find a sheep that was its best friend held between the teeth of the animal as it took it back into the forest for a meal.

One day, the lion went to the river to drink. To its amazement, it saw its own image reflected from the surface of the water. It became afraid because what it saw looked exactly like the other animal that usually came out from the forest with a growl. The lion quickly ran back to the goats and sheep because it thought the attackers was behind it. As the lion continued living this way, it got tired with its life. Until you get tired and mad at your situation, you will not experience the change you desire.

The lion made up its mind to withstand the intruder which looked like him. One day, the roar and growl of the animal signalled its arrival. The lion stood and when the attacker appeared and saw it, it went back straight into the forest without attacking any goat or sheep. It dawned on the lion that only its presence could protect the sheep and goats. On its own, it tried to growl and roar like the other animal, but couldn't because it has lived all its life in the company of goats and sheep.

After all, the lion coming from the forest came again to teach the resident lion a lesson. It growled and roared. After laying the example, it told the lion to try it, but its sound was not good enough. So, they repeated the exercise until the resident lion suddenly roared and growled to the point the ground shook. Then it looked at the goats and sleep for the last time and bade them a final good bye. It went with the other lion to where its power and glory belong.

You belong somewhere above. Until you realize yourself and find your level, you will continue to live a life below your worth. Many Christians are like the young lion. They carry about the glory and dominion of the jungles in friendship

with goats and sheep. They don't know who they are. Men and women of tremendous spiritual authority are living under the empty threats of their enemies.

LABORATORY ANIMALS

In the sciences, there are laboratory animals like rat, mice, rabbits, guinea pig, monkey, chimpanzee etc. scientists try drugs on them to find out what such drugs could do to human beings. They do the same thing with food and new weapons. An of these are tired on animals to see the effect before they are used on human beings. No human being would like to submit himself as a specimen for laboratory experiments. The viruses of diseases are also injected into animals to know what they could do to human beings.

I have said it before that everything in the physical work has a spiritual replica. It is, hence, a terrible experience for a man to become a spiritual laboratory animal in the hands of powers of darkness. What a tragedy when all the new weapons of the enemies are tested on the body of an individual. A greater tragedy is when a man like that is living in a total ignorance.

We went somewhere to minister and a woman brought her daughter for prayers. As one of the pastors interrogated the child, she said before prayer would be offered for her. the pastor should pray for the restoration of her mother's life which she had battered spiritually. The woman broke down in tears. She had been ignorant of the fact that she was being used as an experimental animal. The worst tragedy of mankind results from ignorance. Many people are just experimenting with life because they themselves are spiritual laboratory animals. Scientists say that experiments are a confession of ignorance; experiments help to know what was not originally known.

THE PERIL OF IGNORANCE

Many people are living in ignorance. Ignorant people live below their privilege. A very good life could be wasted. The best of human lives could be wasted away. An intelligent person with good ideas could live a wasted life. Bright people do not always succeed. All around us are people in this category that are just wasting away. The first and best thing to do in life is to become a friend of the Almighty. The greatest thing that can ever be wasted under the sun is one's life.

Jeremiah's experience in the Bible elicits the fact that God has a specific design for each soul that comes to the world. Before you were born, God held a meeting in heaven and decided an agenda for your life. Sad enough, many people don't know why they are here. They live today and die tomorrow. What God told Jeremiah is true of everyone born of a woman. God has a plan for you. And until you find yourself in the purpose of God, you will continue to waste away.

Jer 1:5: Before I formed thee in the belly I knew thee; and before thou earnest forth out of the womb I sanctified thee, and I ordained thee a prophet unto the nations.

AN UNPROFITABLE EXPERIMENT

A life that does not know God's purpose for it, is dangerous because it is susceptible to all manner of spiritual experiments. Life is too short for any experiment. Even some Christians live their lives as experimental animals in the hands of witches, wizards and powers of darkness. It is possible for the enemy to truncate or demote a life.

I met a man who is now close to 73 years old. Through prayer, some secrets about his life were revealed. At his birth, his parents took him to a witchdoctor to find out what kind of a child he was. The witchdoctor divined and told them that he would be great and that he would live his life in the midst of white men. They asked the witchdoctor to

explain what that meant. He told them the child would travel abroad and command respect from white men.

This man's parents then asked what they could do to retain him. He gave them a simple instruction that they should bring his placenta. He wrapped it round a stone, got in to a canoe with them and dropped it into the river. Following that, he made a demonic pronouncement "As the placenta sank, so would the child remain in this country". That was the end. It was after prayer that God began to make a way for him to travel at 73 years of age. For that long, his life was subjected to the control of forces of wickedness as an experimental specimen. Dont allow the devil, to use you as an experimental animal.

Prayer Points

1. Every remote controlling power, loose your hold over my life in the name of Jesus.
2. I receive my breakthroughs in the name of Jesus
3. Every serpent, working against my mounting up with wings, fall down and die in the name of Jesus.

CHAPTER TWO

POWER OVER TROPICAL DEMONS

The African environment is entirely different from the rest of the world. When you come here, no matter what and where you read, the spirit of God has to re-orientate you. When you are here, no matter where you were born abroad, the spirit of God has to tropicalise you.

THE TROPICAL FACTOR

This reminds me of an experience in the United Kingdom I was to come home. I, therefore, went out for shopping with a friend. We got to where refrigerators were sold and found a small and a big one. We asked for the price and found out that the small one cost eighty pounds and the big one cost only fifty pounds.

The different in their sizes and prices surprised my friend. So, he asked the white man why the small refrigerator could cost higher than the giant refrigerator. He explained that the giant fridge could only function in temperate region and nowhere else; but the small one was tropicalised and could function outside London.

My friend doubted what he heard and chose to buy the giant fridge. I bought the more expensive but smaller one and came to Nigeria. His fridge did not last one week because of our kind of power supply. Only an instance of power outage and restoration damaged the fridge permanently, whereas I still used mine for five years.

ENVIRONMENTAL DEMONS

As there are geographical differences in our environments, so there are different powers operating in different

environments. If you don't allow the Holy Spirit to tropicalise you, you cannot function and survive certain environments.

Scientists talk about tropical plants like pineapple, plantain, cocoa, yam, mango etc. They grow in certain environments and cannot survive some others. There are plants that only grow abroad too that cannot survive African environments. These natural and scientific observations teach spiritual lessons.

There are tropical diseases that are found mostly in this part of the world. Malaria, sleeping sickness, elephantiasis, etc are mostly common in Africa. The diseases that kill people in Africa are not the same as those that kill people in other parts of the world. As millions die of malaria in Africa, people die enmasse of heart diseases abroad. As you cannot take yam to London and grow it. The enemy has removed some people from their appropriate and natural environments to spiritual deserts where they cannot survive.

The devil uses this strategy against many people. He works against their natural environments to relocate them to the land of waste. Many people have not been able to find themselves in the land where their destiny will thrive. Some have been relocated to wrong places where they rotten and waste away. There is an appropriate location necessary for the fulfillment of each destiny in the world. Find out where you belong otherwise. powers of darkness will continue to experiment with your life.

Tropical demons have wasted many lives. Many people are in Nigeria who studied abroad, but have not been able to make ends meet here in Nigeria. It is embarrassing to find yourself in this situation. This is why many are busy but not effective. Some are using their money to bless whom God has cursed. Some are wasting their lives, taking their wrong

examinations. Some are running in a race where they don't belong. Some are effective at the wrong things all because of the activities of tropical demons working against them.

SATANIC STRATEGIES IN SPIRITUAL LABORATORY EXPERIMENTS

- .. **Curses** - Curses have been used to divert the resources and waste the usefulness of an individual. Curses are evil pronouncements, backed up with supernatural powers to enforce them. Curses can be inherited. A person can be unconsciously cursed. Playful words that appear harmless can cause a lot of problems. Some parents have ruined their children's lives by their pronouncements. When satanic powers stamp a negative pronouncement against a person, trouble begins.
- !. **Witchcraft Operations** - Decisions are taken against people in witchcraft covens. This is another strategy the devil uses in spiritual laboratories where the lives of men are experimented. Witchcraft operations are real here. Through them, lives have been wasted, destinies have been truncated and potentials have been wasted.
- }. **Evil Agency** - Evil agencies are employed against some people. Someone who does not like you could go to a witchdoctor to acquire power to destroy you or harm your usefulness under heaven.
- l. **Body Parts or Objects** - The remote control that controls the TV comes with it on purchase. But when that part of the packages is removed, the power to control the TV is in the hands of the person holding it. The enemies can use part of a human body or stolen items from an individual to work against him. Look at an example in the book of Ezekiel below.

Ezek 13:17-18,20-21: Likewise, thou son of man, set thy face against the daughters of thy people, which prophesy

out of their own heart; and prophesy thou against them, And say, Thus saith the Lord GOD; Woe to the women that sew pillows to all armholes, and make kerchiefs upon the head of every stature to hunt souls! Will ye hunt the souls of my people, and will ye save the souls alive that come unto you? Wherefore thus saith the Lord GOD; Behold, I am against your pillows, wherewith ye there hunt the souls to make them fly, and I will tear them from your arms, and will let the souls go, even the souls that ye hunt to make them fly. Your kerchiefs also will I tear, and deliver my people out of your hand, and they shall be no more in your hand to be hunted; and ye shall know that I am the LORD.

- i. **Sand Medium** - Enemies can press sand and mention people's names to curse them. They can also do so to invoke mysterious troubles and calamities upon people's lives. As long as their victims are walking on the ground, they remain under their spells.
- ii. **Satanic Mirror** - The use of satanic mirror causes short life span, and unrealistic pursuits. Just as the image in a mirror is intangible, so victims of satanic powers through the medium of satanic mirrors are subjected to a life of mirage. What they see is not what they get. If you are in possession of satanic mirror either as a weapon or defence, you have to repent and destroy it.
- iii. **Photographs** - Your photograph could be used against you. Those who send photographs to men and women through the internet or for prostitution have to pray seriously. You cannot tell where your photographs can be taken to for evil works against you.

There are cases where people's photographs are buried. Some are tied together to enforce marriage between two people, even if one party is naturally unwilling to accept. Demonic powers are released to influence the two persons against their natural will and they end up in a venture beyond their widest dreams.

Recently, media reports here in Nigeria celebrated the story of a demonic snake that had photographs and names of people inside it. It was a shocking exposure, which became a headline and front page news of most media in the country. Further reports on the strange incident had it that some of those whose names and photographs were there were already dead.

9. Remote controlling powers - Anybody under this medium of attack cannot exercise control over his life. He is subjected to a life against his wishes and cannot help it any better. The T.V. set controlled with a remote does not have any control of its own other than the signals it picks from the remote control. So many lives are like that in the hands of the devil.

The devil uses various other methods of carrying out its wickedness in the lives of men. Through his agents, he uses charms, bewitchment, conjuration, incantations, spiritual soap, and placenta control against mankind. There are instances where some people's placenta are cooked and eaten, some are kept as pets, some were buried with incantations and some were given to dogs to eat. These things have grave spiritual consequences on the lives of men.

9. Sex outside marriage - The devil knows that sex outside marriage in form of adultery, fornication, homosexuality; lesbianism is a contravention of God's laws. Divine protection is removed during any of these sinful acts and the enemy uses the opportunity to load men's lives with all manners of problems. Through illicit sex, many have buried their destinies and lost their resources for usefulness in life.

10. Satanic prophets - Satanic prophets are diviners. The only way they are different from fetish priest and witchdoctors is that they put up religious appearances in language, dressing and methods of operation. Any prophet

that prescribes any solution to any problem through a method different from biblical precepts is false.

There is a battle going on. Evidences abound to prove the reality of on-going battles in many lives. Investment failure, huge money going down the drain, eating and drinking in the dream, loss of control over sexual appetite, mysterious sickness and diseases, evil occurrences at regular intervals, etc. are proofs of unseen battles in many lives. Something is absolutely wrong somewhere.

NECESSARY PREPARATION

Examine your own life before you start praying. Find out where things are wrong. Be very specific about it. Before you accept an experience as part of what you must go through look at it again and again. Before you conclude that it is not yet God's time for the good you desire to manifest, go back to God and find out the timing of His agenda for your life. You will be very surprised to realize that prolonged captivity is not from above.

The second thing you have to do after identifying what the problem is in your life is to learn the use of spiritual weapons. Soldiers are taught how to use weapons because weapons are useless without a skillful hand to use them. The word of God, the blood of Jesus, the name of Jesus, the fire of God, the angels of God, and so many other weapons are provided for our use. Learn how to use them effectively and effectually.

15. Prophecy and bless yourself in the name of Jesus.

CHAPTER THREE

DEALING WITH COFFIN SPIRITS

Activities of demonic spirits are as many as the number of demons in existence. The orchestration of demons are so varied that there is no aspect of human life that is free from their targets. They attack the spirit, the soul and the body of man.

Many times, people are not quick to discern demonic activities in the invisible realms of the spirit and the soul of a man. Even many Christians fall into this category. It is only when demonic attacks are manifest in forms that the eyes can see that men raise an alarm. The irony of the whole thing is that, visible impacts of demonic attacks have their replicas in the invisible realms of the spirit and the soul.

SYMPTOMS OF ATTACKS

Therefore demons cause physical blindness, lameness, paralysis, weaknesses, ailments, sicknesses and diseases, swellings in the body, disorder in the brain, deformities and other similar problems in the spirit and soul realm. Through demonic activities, many are blind, sick, weak and deformed spiritually, and soulically. But because these states are not visible to the physical eyes, most people don't know that such problems are real.

The worst that can happen to anybody physically is to die. Death is the end of life in the world. Everybody knows when a soul dies, funeral arrangements take place immediately and voices of lamentations multiply. At death, the last apartment of the body is the coffin, which in turn is planted into the womb of the soil.

As men die physically, so they die spiritually. The most appalling thing about spiritual death is that men continue to see the dead - living walking about and doing normal activities of life. Added to this unfortunate experience is the fact that all funeral arrangements of a spiritually dead person take place in the realm of the spirit. Except those whose eyes are opened to see into the spirit realm, spiritual coffins are prepared for those who are dead spiritually. The Bible establishes that it is possible to die while still living.

1 Tim 5:6: But she that liveth in pleasure is dead while she liveth.

SPIRITUAL DEATH

The woman living in pleasure at the expense of her redemption is dead spiritually. Ordinarily, nobody would think that a person living in pleasure has any problem. In the spiritual realm, many of those people are already dead. They are only waiting for burial. It takes the eyes of the spirit to see these dead-living corpses walking about.

Spiritually, talents can be killed, caged and buried. Spiritual eyes can be plucked out, blinded or blindfolded. The hands and legs of the spirit can be cut off so that the victim becomes an amputee living a beggarly life. Not all that glitters is gold. The good smiles and elegant appearances of many faces do not mean that all is well with them spiritually. Worse than the experience of others in the world is the fact that ministers of God can be dead spiritually. Consequently, a physically active congregation may be nothing but a host of spiritually dead bodies, ready for burial.

Rev 3:1: And unto the angel of the church in Sardis write; These things saith he that hath the seven Spirits of God, and the seven stars; I know thy works, that thou hast a name that thou livest, and art dead.

It is a big tragedy to be ignorant of your spiritual state. The minister of the gospel in the church in Sardis was dead but had a living name. If Church leadership is dead, the congregation is a collection of corpses. Such a worship centre is nothing but a spiritual mortuary. Many popular names in Christendom today are not necessarily alive spiritually; some don't even have any name in the record of heaven. Jesus said some spiritual thieves and robbers would go up into the realm of the spirit to receive power, "anointing", etc. without passing through Him, the true gate.

John 10:1: Verily, verily, I say unto you, He that entereth not by the door into the sheepfold, but climbeth up some other way, the same is a thief and a robber.

Men are battling to save lives. Inventions are coming up every now and then to make sure lives are saved. In the spirit realm too, God has laid down principles to deal with the spirits behind spiritual death and construction of coffins. Rescue mission from these demonic spirits is possible. This is what the Lord wants you to get ready to deal with as you read this book.

CHARACTERISTICS OF THE DEAD

Living things have characteristics. The opposite of these characteristics are the means by which non-living things or the dead can be identified. It is good you look at yourself very keenly as you go through these characteristics so that you can recover yourself. You can revive from fainting. You can resurrect from the dead.

.. **Movement** - The dead does not move of their own, they are conveyed by the living. When your spiritual state is such that you cannot do anything on your own except some persons do it for you, consider yourself dead.

!. **Breath** - All living things breathe. Non-living things and the dead do not take in oxygen and give out carbon dioxide. The breath of a living spirit is prayer. Prayer has been defined as

a kind of spiritual respiration. When prayer becomes a strange and detestable exercise to you, your spiritual life is ready for burial.

h. **Sight** - The ability to see does not belong to the dead. In songs about the dead, what men often say is when the eyes *are* closed in the dead. The moment you die, you dead cannot see anything anymore. If the dead can see, men will be very careful what they do at funerals. When you cannot see anything of the spirit, though your physical eyes are wide open, you have died spiritually.

i. **Growth** - Another element of the living is that they are capable of growth. Dead trees do not grow. Dead plants do not grow. Dead human beings come to the end of growth. Those alive put the life span of the dead between the day of his birth and death. What it means is that, he stops growing the day he dies. If your spiritual life has stopped growing, you have died and started decaying.

j. **Reproduction** - Living things reproduce. Dead and non-living things don't. All living things don't just reproduce, they reproduce their kinds. The moment your acclaimed Christian life and calling do not have impact of spiritual reproduction in the lives of people, it may be an easy way for you to know that you have died. Those alive are capable of reproduction and multiplication. Death in the spirit, does not make it possible to reproduce and multiply.

k. **Excretion** - Every living organism gives off some unwanted substances from the body. Some have specially built excretory organs through which they eliminate unwanted or toxic substances in their systems. If you are alive spiritually, you cannot retain everything in this world in your life. As you grow and go on with the lord, there are things you have to continue to eliminate. Believers who accommodate all things and retain everything about their lives have died spiritually.

' **Feeding** - Intake of food stands to mark out the difference between the living and the dead. Put the best delicacies in the world in the mouth of a dead man, the food will just rotten away. The dead does not feed. If you are alive spiritually, you will continue to feed on the word of God for growth, development, strength, stamina and vitality. Dead believers have lost their appetite, taste and hunger for the word of God.

In the spiritual realm. many marriages are in the coffin, many children are in the coffin, many talents are in the coffin, many families are in the coffin and many prospects are in the coffin. Any of these may be alive physically, but spiritually, the story is different. Take the prayer point below aggressively. Prayer Points.

PRAYER POINTS

Every organ, eaten by the enemy, I receive them back in the name of Jesus.

CHAPTER FOUR

THE WEAPONS OF COFFIN SPIRITS

Coffin spirits cause spiritual death when their victims still appear alive. They have a lot of children, so to say, among which are the following.

- .. **Aimlessness** - Coffin spirits are responsible for aimlessness in life. As the dead do not know what direction they are taking, so coffin spirits cause aimlessness in the lives of their victims.
- !. **Badluck** - Coffin spirits are the powers behind bad luck. Some people are so bedeviled by bad luck so much that, nothing good comes their way. Badluck is capable of killing talents.
- !. **Waste** - When a man dies physically, everything to his benefit becomes a waste. The dead does not enjoy anything anymore as life is gone out of it. The implication of the works of coffin spirits is that they are responsible for wastes in life.
- !. **False friends** - At death, good and bad friends gather. Well wishers and ill-wishers are gathered. This is what the influence of death does. Coffin spirits influence and inspire false friends around the lives of their targets.
- !. **Suicide** - The highest level of manifestation of coffin spirits is that they motivate men to commit suicide. Suicide rate is increasing in the world. Coffin spirits are behind the sorrowful experience.
- !. **Premature victory** - A premature child stands a very high risk of death. Coffin spirits cause men to have premature victory. Sorrow follows brief joy, defeat follows temporary victory.

7. **Premature death** - Spirits of coffin sometimes manifest in causing actual physical death. Not every occasion of death under heaven is natural.

8. **Hopelessness** - Sick people in critical conditions in the hospitals begin to lose hope. Gradually, the hope of life is replaced with the fear of death. Coffin spirits cause hopelessness.

9. **Terminal sickness** - Nothing takes life most certainly like a terminal sickness. When coffin spirits inflict terminal sickness, on their victims, they are sure ultimate death

The troubles, sorrows, disappointments and calamities in the world are increasing. The solution to the world's problems is Jesus the Prince of Peace. Psychiatric records have it that many more people are becoming mad at a faster rate. A normal person becomes insane a moment after. Mortality rate is higher now than before. Incurable diseases are multiplying now than ever before. The world is living with the terror of total elimination. The answer to these problems is Jesus Christ. He is the one who has conquered death and defeated the grave. He disgraced hell and came to set the captives free.

1 Cor 15:55: O death, where is thy sting? O grave, where is thy victory?

Some have complicated the situations in their lives, giving more opportunities for coffin spirits to operate in their lives. In an attempt to stem mysterious spiritual problems, they accept fetish things in the form of little coffins they are instructed to bury, in order for a particular problem to rise no more in their lives. Unknown to them, they are creating more problems for themselves. They are inviting coffin spirits to his or her operations in their lives.

Take the following prayer points:

- Every spiritual coffin, be destroyed by fire in the name of Jesus.

COFFIN SPIRITS AND THE DESTINY

Coffin spirits reverse divine plans for a man's life. They make somebody whom God intended to be a head to operate and die as a tail. If God wanted you to be a school principal and you die as a primary school teacher, coffin spirits have finished your agenda. Instead of being an international prophet that God intends for you, if you die as a respected local Church seer, you have lost the battle to coffin spirits.

If the plan of God for you is to become a managing director and you become a foreman, coffin spirits have dealt with you to a finish. Many are dying without knowing the goals and purpose of God for their lives. Many potentials are buried and wasted away through the power of coffin spirits. It is very sad to see talents waste away and destinies unfulfilled due to the wicked activities of coffin spirits. Say this out loud.

* I will reach my goal in the name of Jesus.

THE TRAGEDY OF DESTINY DIVERSION

It is a tragedy for a man destined to operate on the mountain top, but die in the valley. The most tragic case of the operations of coffin spirits I have ever seen was a man blowing the mouth flute. He was a great historian who could recite any history of any people without consulting any book. His problem was that if he was served a plate of rice, he would first overturn it on the ground, lick the slew in the plate, and pack the rice back into the plate before settling to eat it. His was a professional brain locked up by coffin spirits. This is why the psalmist prayed as follows:

Ps 142:7: Bring my soul out of prison, that I may praise thy name: the righteous shall compass me about; for thou shall deal bountifully with me.

IMPRISONED IN THE SPIRIT

The psalmist talked about his soul in prison. Many people from African backgrounds are in a similar situation. Some are still sucking milk from the breasts of their dead mothers. Some are still reaping the fruits of what their fathers have planted. In the lives of so many, the good seeds God planted in them have been picked up by evil fowls. There is only one way to go about these. It is to pray and deal with coffin spirits in a most violent way.

Let me challenge you by asking you the following questions to provoke you. You must be violent and mad at the devil and his works In your life.

Number one question; do you know the kind of life you are supposed to be living? Have you allowed the enemies to convert you to hewer of woods and fetcher of water? Is your proper life dead or alive? Are you dreaming of visions that have been extinguished? Are you a living dead or a walking corpse? Are you a shadow of what God wants you to be?

Do you have an internal suppressor killing good things inside? Anything that kills internally is a coffin spirit. Anything that kills the Moses God has given you is a coffin spirit. Anything that protects your enemies, is a coffin spirit. Anything that makes you accept inferior life is a coffin spirit.

Enough is enough of the devil's activities in your life. The chance you have that you are alive is to fight back and recover yourself from the hands of Satan. The choice is yours. The battle line is drawn. Satan is determined against you and your family. But God is ready to defend you. Plead the blood of Jesus upon your life. name, business and every document about you. Soak all things about you in the blood

of Jesus and call upon the name of Jesus for a defense, safety and security from heaven above. Get ready to shout a great halleluyah at the end of taking the prayer points below. Amen.
