Cubra os pontilhados do numeral 1:

The diagram consists of a horizontal sequence of six identical trapezoidal blocks. Each block is divided into two parts by a vertical dashed line. The left part is a triangle with a dashed diagonal line, and the right part is a rectangle with a horizontal line. The blocks are arranged in a row, with a small gap between each one.

The diagram illustrates a 1D lattice with 6 sites. The top half is white, and the bottom half is gray. Vertical dashed lines separate the sites. Diagonal dashed lines connect the top-left corners of the sites. Horizontal dashes are in the center of each gray site.

A diagram of a 1D lattice with 10 sites. The sites are represented by vertical dashed lines. The first and last sites are shaded gray. The second, third, fourth, fifth, sixth, seventh, and eighth sites are white. The second, third, fourth, fifth, sixth, seventh, and eighth sites each contain a horizontal dashed line segment.
