

Who Is Born Again

The soul of a born again is likened unto that of a hungry man who just escaped the desert. When food is being set before him, he devours it like a ravenous man with hunger for more.

So it is with a soul born again with the spirit of Christ, he hungers for spiritual things, he hungers for the word of God, because it is indeed food for his growth. Being lost in sin all his years, being lost in the desert has rendered his spirit man dead, in a state of comma. That's why, although, when one is truly born again, he desires to grow in spirit, though he hungers for the word, but doesn't have the strength to feed himself, because he's still under recovery in his sick bed.

However, in time, when he undergoes treatment, as he takes his medication which is the word of God, little by little, without throwing up, he attains the spirit shape of Christ which gives him strength and more hunger for the word. He then comes to realization of the true power of the word of God for the deliverance of his spirit man from classified bondages of sin and also from it's curses.

If i should conduct a survey on the question, " are you born again? " many will probably say " yes!" not everybody will say " no," of course there are those who will boldly say no, but I tell you those people who says " no " are better than those who are not born again but said " yes," either out of ignorance or shame.

To be born again is not just by mouth, as most of us would go to church and confess our sin and then still go back into that sin, doing it even worse than before. For many it has turned into a normal Sunday routine, they sin through out the week, play Christian songs on a Sunday and then go to church, confess their sins and come back worse than the way they were.

It is better for you not to confess Christ at all than confess Him and go back to your vomit , because if it's not from your heart, the devil will so batter you and use you to mop the floor rendering you soaked in sin, wring you and soak you again till you get frustrated and say

" It's impossible to overcome sin."

Being born again, is to be born again with the spirit of Christ. As simple as that, not as lengthy as some definition people give. It is to be born again with the spirit of Christ which we had lost, it's to be restored back into the family of God as a child who is ready to grow into maturity.

We were all predestined by God from heaven, though most of us has lost the purpose God sent us. We were created by God with the deposit of His spirit in us. It is however, a spiritual law that man being born of woman is born into sin, because the blood of sin flow within him thereby contaminating the blood which is the spirit of God in him. Being born

into sin, we had lost that relationship we were supposed to have with the Father, keeping us far away from Him. Hence, to be born again is to be restored back to God. Without His spirit we cannot be identified by Him.

It is not our fault to be born this way, and it's not the fault of our Lord God Almighty, though He put man on earth to test man, (that's another mystery i won't talk about) still it's.... Lets not play the blame game, even God knew we'd end up this way, that's why Jesus Christ was the lamb prepared to be slain even before the beginning of time. Well let's leave that mystery for God. Having lost the position we're made for, it is up to us to start from scratch, it is left for you to run back into his presence, as He said; '

" run to me and i will run to you."

But no human don't just start running in a day, being born as a child you need to crawl at first, but shall you continue crawling for ever, else you'll be left behind.

It's a shame that most of us live a false life of repentance mistaking it for being born again, you don't say you're born again and go back to your sin, how can you say the spirit of Christ is a sinner who can't resist sin, today you stand, tomorrow you fall. He that is born of God cannot sin, because God's seed remains in him. But in order to restore this spirit of the father to live without sin is first; on genuine repentance.

By grace one might be saved, but I tell you, grace will not take you to the kingdom, by grace you might be called unto repentance, but are you willing to pay the price to defend your salvation? because surely, there'll be forces of evil that won't let you walk off so easily.

By grace you've received the deposit of God's seed in you, but unless this seed grows to manifest the spirit of Christ, your salvation is on a shaky foundation, if anything happens you might lose your soul, because your foundation is not firm. This is the age of the spirit and anyone who wants to survive must manifest the spirit of the Father, he must pay the price to be born again of the spirit of Christ, unless he's going know where, because the spirit of Christ is our identity into God's presence.

He that is born again, will do what the spirit of the Father desires, he will not stain his hands with sin, for the holy spirit will give him remorse towards sin and to live a holy life without struggle, he doesn't dabble in the things of the world, he'll desire only the things of the Father, he hungers for the word, he desires not just to enter the kingdom but to establish God's kingdom here on earth.

One who is born again is conscious of the spirit of Christ in him, he doesn't live carelessly. I do look around, and i must say; most people aren't conscious, I'm not talking about those so far in sin here, I'm talking about those who claim to be Christians, yet, they aren't conscious, if they really are, then the spirit of evil in the hearts of men will identify the spirit of light in them to either fight against them or runaway from them.

Instead you see people who claim to be Christians walking the way of the world, darkness and darkness, why won't they easily get along, after all the kingdom of Satan cannot stand against itself, else it'll fall. Oh don't you know that when a child of God stands with a child of the devil there is an opposing force, you who is in sin might not notice it, but in the spiritual there is a battle going on between light and darkness, and if the child of God is weak he might be suppressed.

Woe unto that man who would frustrate (I added " frustrate ") or cause any of these little ones to fall, for it would be better for a mill stone to be hung around his neck and tossed into the sea. All those frustrating the children of God, bringing ungodly chatter and every distraction when they want to have time for God, dressing anyhow, making their hearts fixed on not the nature of God around us, but only on the Lord, which is good. However, know that your judgement has been tied around your neck if you don't repent.

Luke 3:8

" Produce fruits in keeping with repentance. And do not begin to say to yourselves, " we have Abraham as our father." for I tell you, out of these stones God can raise up children for Abraham."

In other words, do not live a life of sin, rising and falling, but put your hands to plough without looking back and pay the price to produce fruits of the spirit, which are the true signs of being born again. And do not begin to say to yourselves, " by grace we are saved,"

there by continuing in your sinful way of life thinking that one day God will save you, when he has been calling out to you ever since, but you refuse to listen.

Do not keep your hands folded saying by grace we are saved for i tell you, God will raise up stones, like the prostitutes, the task collectors, (those who are deep in evil) and they'll stand and pay the price to enter into the kingdom. While you're there not wanting to suffer the flesh and deny yourself of all pleasures. Christ suffered and died in the flesh that we also might suffer and be dead in the flesh to be alive in Him.

Why do you want to leave the suffering to Him alone, because He has paid the price already, it doesn't work that way, do not be foolish. He died for our sins that we shall be saved and have access to the Father through His blood. The rest is up to you, after all no one will write an examination for you.
