DEDICATION

This book is dedication to the freedom of the Holy Spirit. I pray that every Christian that has a testimony, teaching, gifts, callings and talents uses this book to set others free, and to demonstrate the power and goodness of God.

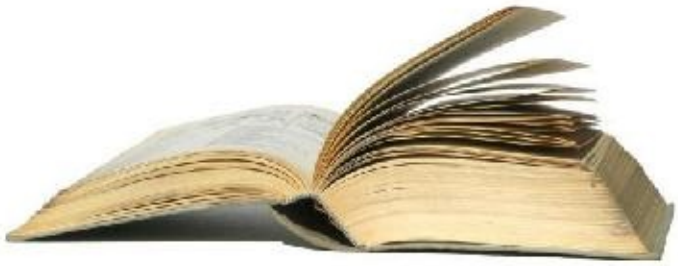

Congratulations on writing your book! I hope to make self-publishing easy for you through pictures and charts. I self-published my first book at the cost of $1,500. Then I was blessed that a publisher picked it up and published it. However, the publisher soon went out of business but not before they taught me how to use Amazon (Createspace) to self-publish my future books. Read through this whole book before you begin, to determine at what point would be the most helpful for where you are currently at on your book writing project.
My purpose in writing this book is so that your gifts, calling, talents and

testimonies can be shared with others through the medium of a book. I have tried to keep this book simple and to the point to make it as easy as possible for you to succeed.

Here are a few important things you should know. The average chapter is around 10 pages long (It can be much longer but not is better not to be shorter).

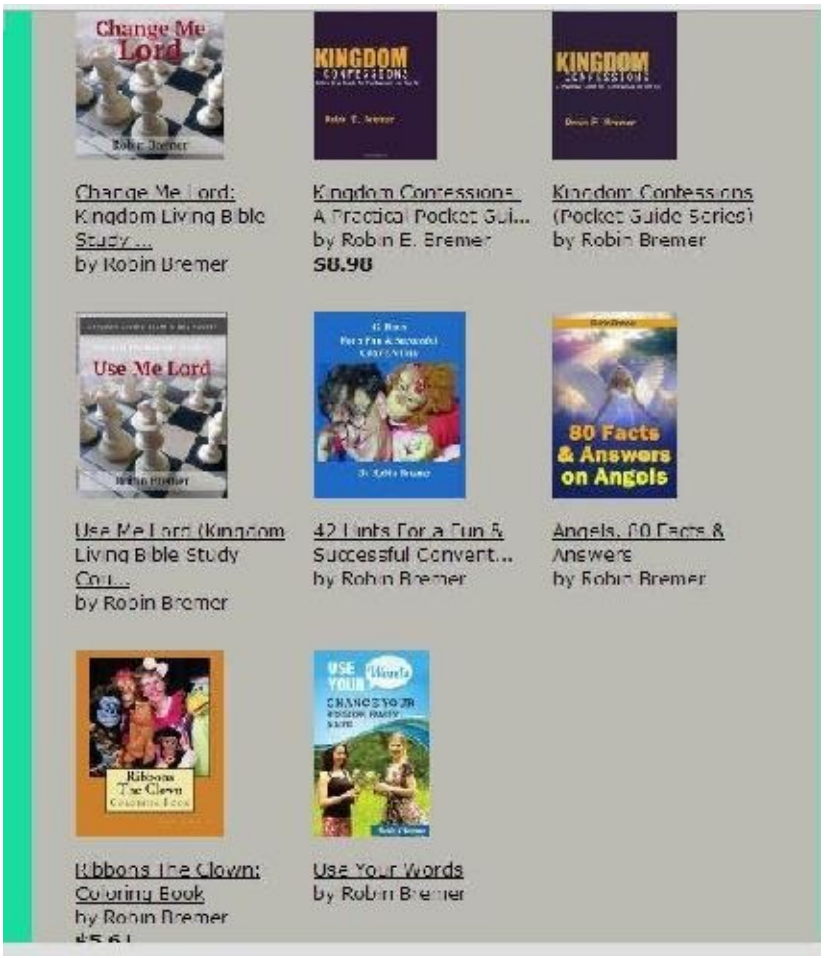

You should have a few important people read your manuscript ASAP once it is edited so they can have **time to read it** (a few months works good for a 100 page book) and **give you an endorsement** to publish in the book and use for other publicity purposes. PLEASE send them a reminder to read your book and THE DEADLINE you want them to send you the
endorsement.

To make things easier check off projects as you do them.

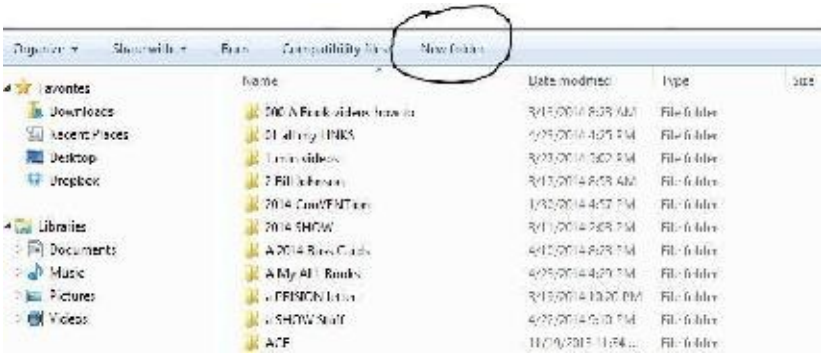

Createspace's **LEAST amount of pages** they will publish **is 24**. So make sure it has at least that many pages. If it has less you CAN publish it as an eBook at

http://www.Smashwords.com for free and give it away or sell it.
Or at https://kdp.amazon.com/self-publishing

After you FINISH the main part of your book or when you are almost done you can do the following things.

1. _____**Create a folder** on your computer to put all your book info in so it is easily accessible. I suggest you call it “MyBook” folder so you can REMEMBER what you called it!

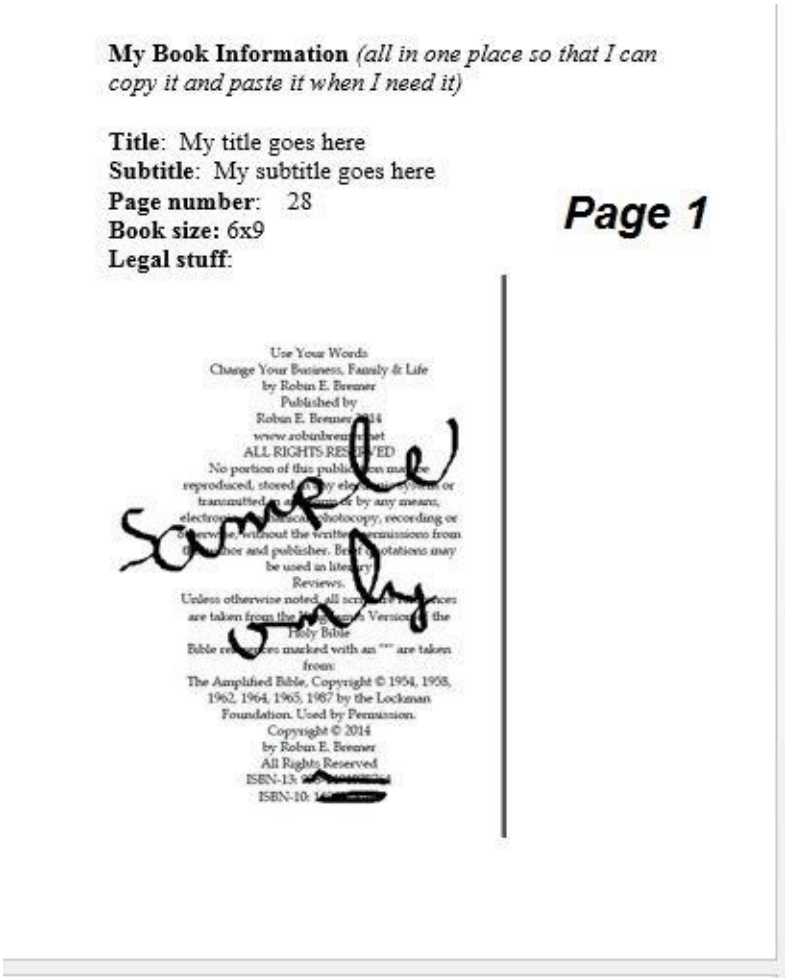

a. You will store endorsements here when they arrive. **b.**You will store edited versions of your book here. **c.** You will store your template here.

d.You will store your book cover here.
e. Author pictures will go here too.

2. **_____Create a "Word doc"** (or you could also do this in Wordpad or Note) on **your computer** to paste information onto. I suggest you call it, "My_book_info" doc.

a. You will paste, links, ISBN #, Titles, sub titles, back cover information, and LOTS more.
b.HERE ARE SAMPLE PICTURES OF WHAT TO STORE IN

My Book Information *(all in one place so that I can copy it and paste it when I need it)*

If you died tonight do you know where you would go? God sent His Son Jesus to die for you. He paid the price for your past, present and future sins. He paid the price so you could have peace, health, wealth, power and a relationship with Him. Repeat after me: Father God I accept Jesus, thank you that He paid for my sins, be my Lord, show me how much you love me and show me all that Jesus died for me to have. In Jesus' name, amen.
