If you are **UNHAPPY**, start with the **BODY**. Nourish it. Rest it. Move it. Be active.

If you are **UNINSPIRED**, start with the **MIND**. Excite it. Open it. Stay positive.

If you are **UNMOTIVATED**, start with the **HEART**. Find your why. Do something that matters. Be grateful.

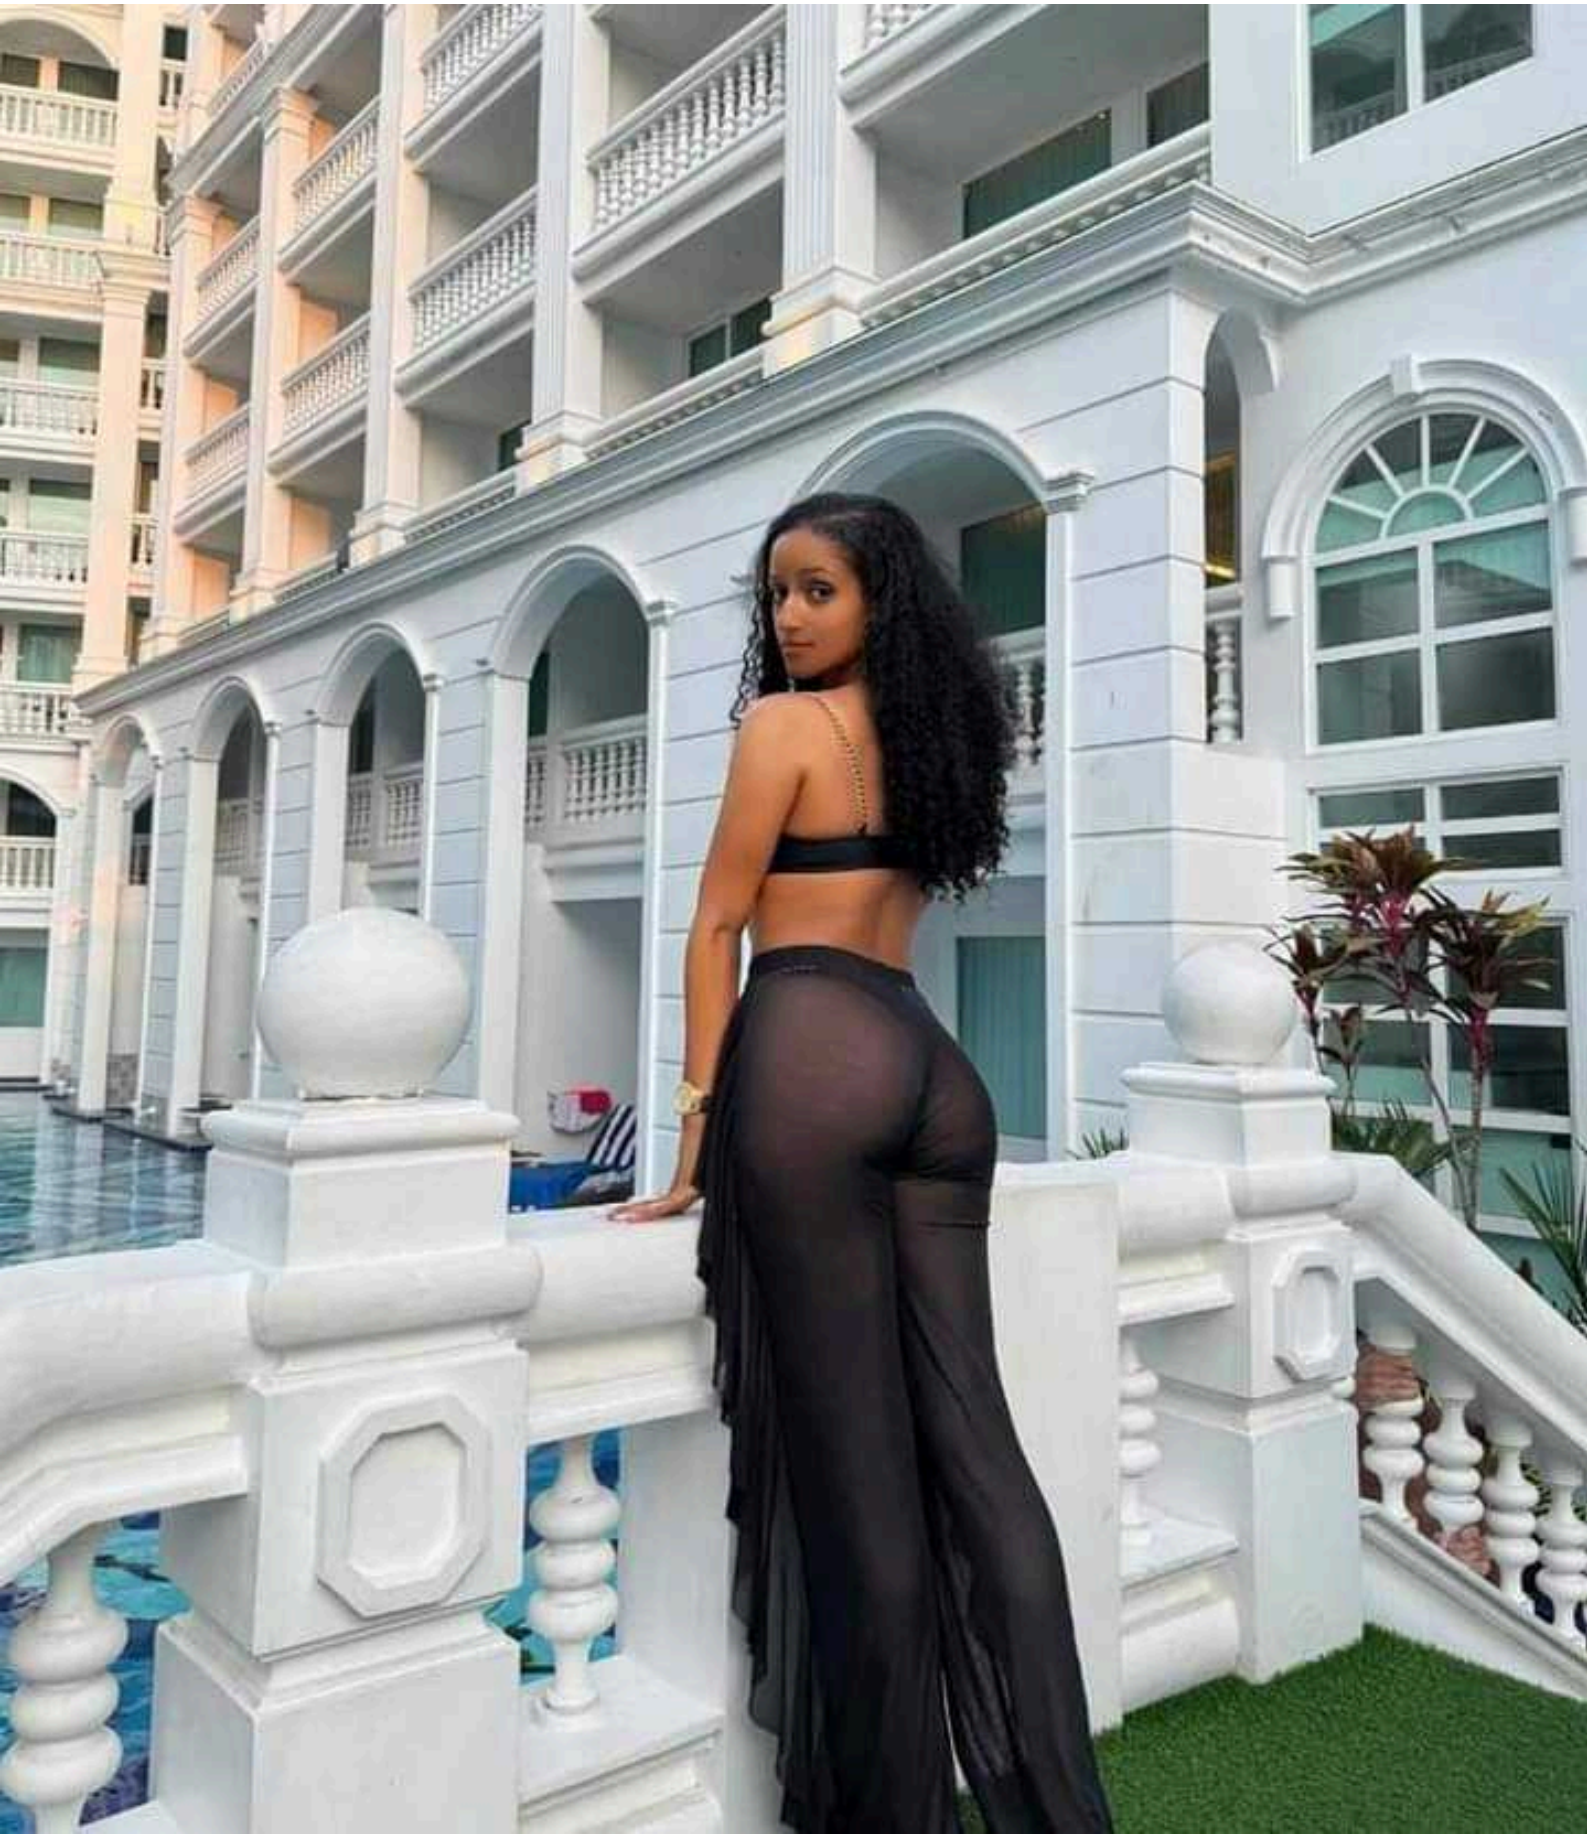

WHEN YOU DREAM BIG

1. You will **go to bed** late and get up early.
2. You will have very **few friends**.
3. You will be **misunderstood**.
4. You will be **single** unless you're lucky enough to find someone who understands **your lifestyle**.
5. People will always want you to do well but never better than them, so you'll be **doubted**.

» For these reasons, you will do many things **ALONE**. Your hard work will pay off. **KEEP GOING**.
