COMPLAINT RESULT FOR PLACEMENT (2017 BATCH)

Remarks and Clarifications:

- **Invalid Requests:** Any request that does not align with the officially approved placement criteria communicated to students during the orientation and prior to preference submission, is considered invalid.
- **New LT:** Refers to students who have been placed through a lottery system into academic programs with available slots. This includes students who, for any reason, did not submit the preference form during its active period.
- **Self-Sponsored Students:** Self-sponsored students who were placed into the Pre-Engineering program are treated equally in the placement process. Their requests are evaluated only based on the approved criteria and subject to the cut-off points.
- **Program Exchange:** Requests for exchange or transfer between academic programs are not permitted.
