

# eSUnisol

**EsUnisol** is a school management software that will help in efficient management of the school. The system allows for easier working of the school members involved in school management. This software is one of the most important tools in managing the complexities of the school. Thus all process related to the student, teacher and staff management have to be managed effectively using a Management Information System.

**EsUnisol** has the following feature which will help in proper management of the school and its resources.

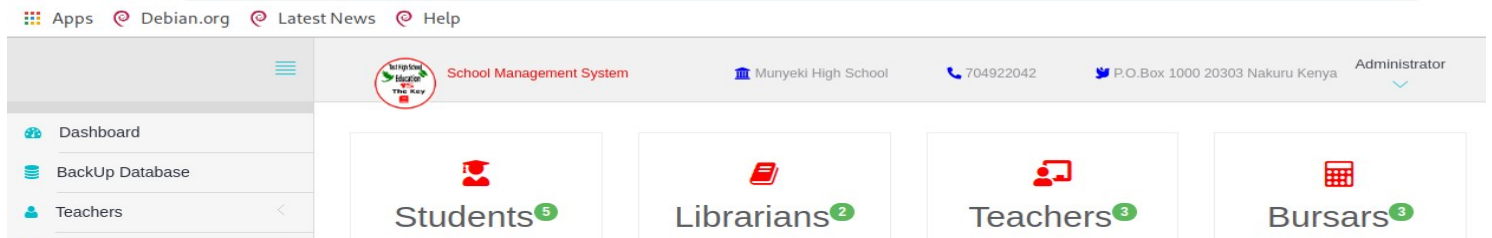

## I. DashBoard Providing A visual Analysis of School Information

Provides a visual counter for the expenses, teachers, students, fees paid, balances and others.

## II. Database BackUp

Contact 0704922042 email: [samuelmwangi729@gmail.com](mailto:samuelmwangi729@gmail.com)

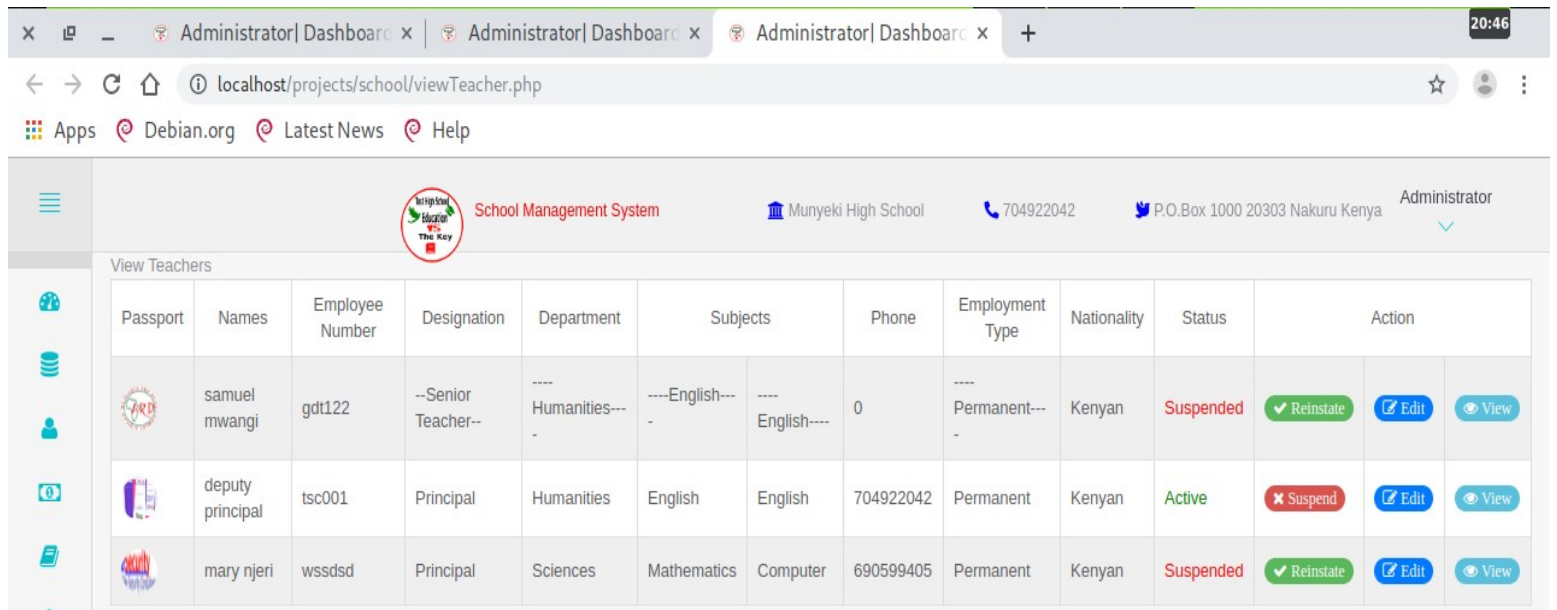

### III. Teachers Management

- Allows for Easy Management of Teachers
- Add A teacher

- Manage Teachers

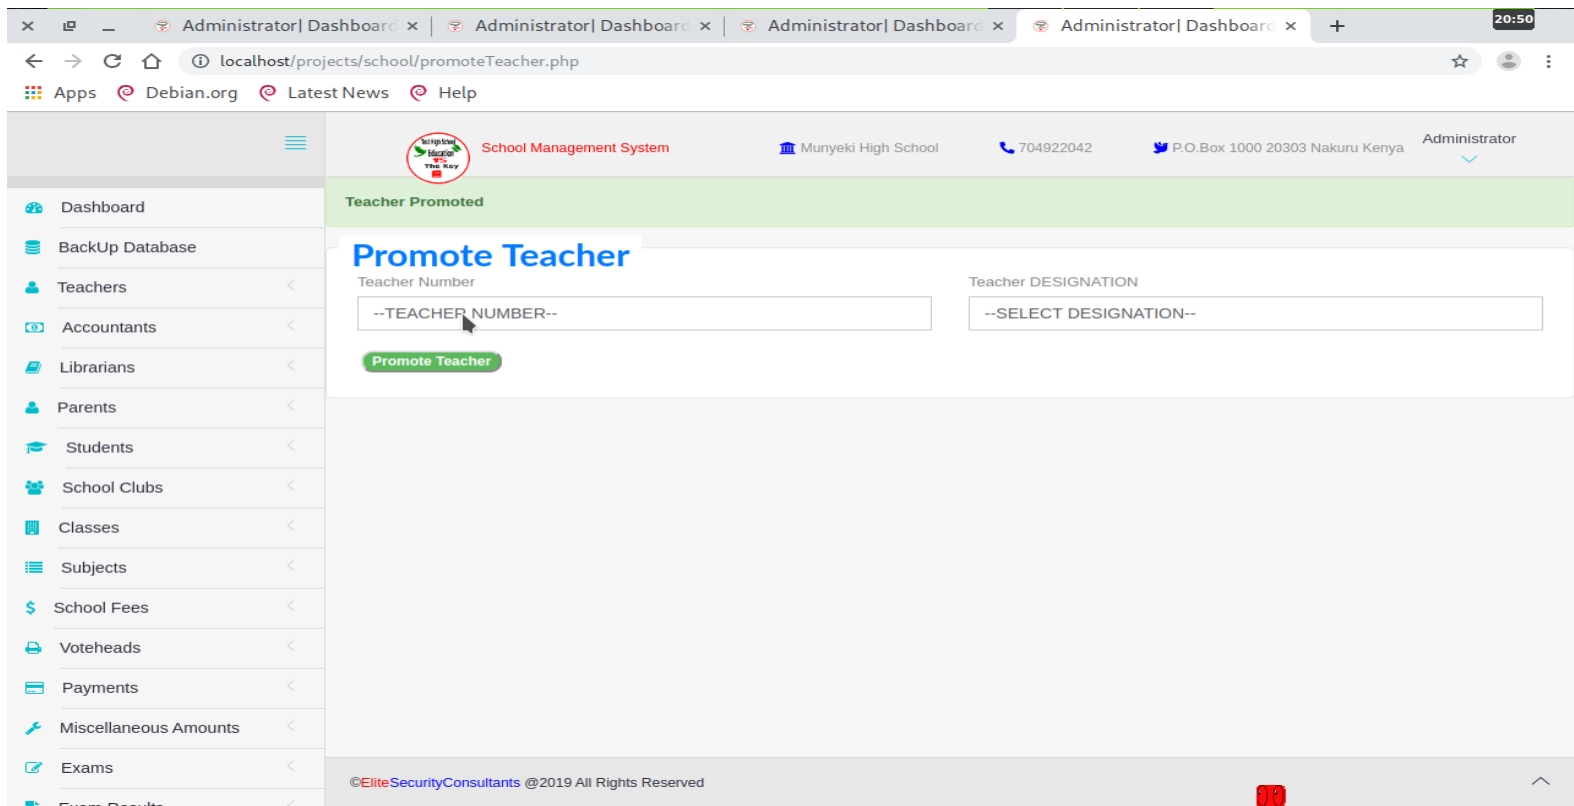

Under this, one can edit the teachers details, suspend the teacher in case they violated any of their rules. One can also edit their details.

# eSunisol

- Promote students Class

This helps promoting students from one class to another. Eg. from 1 to form 2. Promotion is done from the highest class available. Example, a form 4 class should be taken out as a class of 2019 then promote form 3's to form 4. Same case since we will have no form 3's, then we promote form 2 to form 3, form 1 to form 2 then Admit new students to form 1. The visual layout is show below.

## VIII. School Clubs

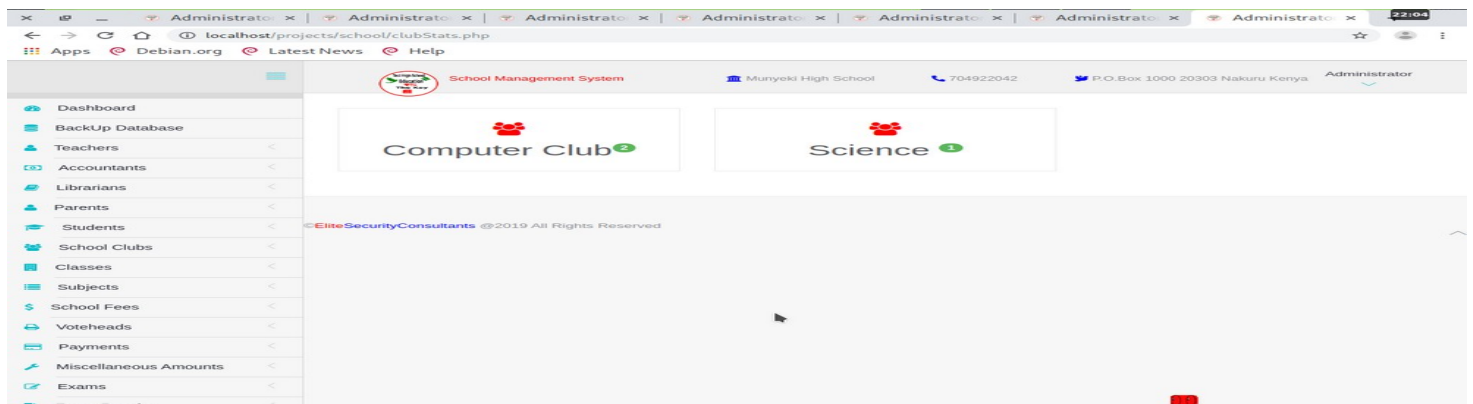

-

# eSUnisol

This enable the admin/user to be able to add school clubs, approve the clubs name and also manage membership of the clubs. One can also view quick stats of clubs membership. The admin adds a new

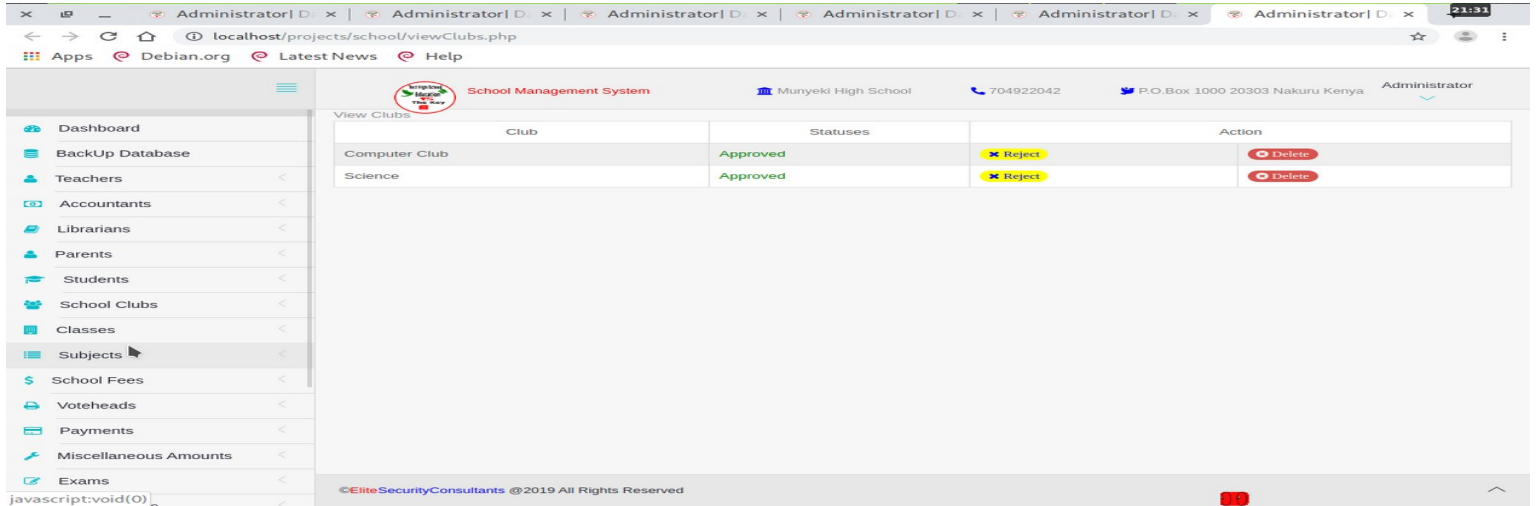

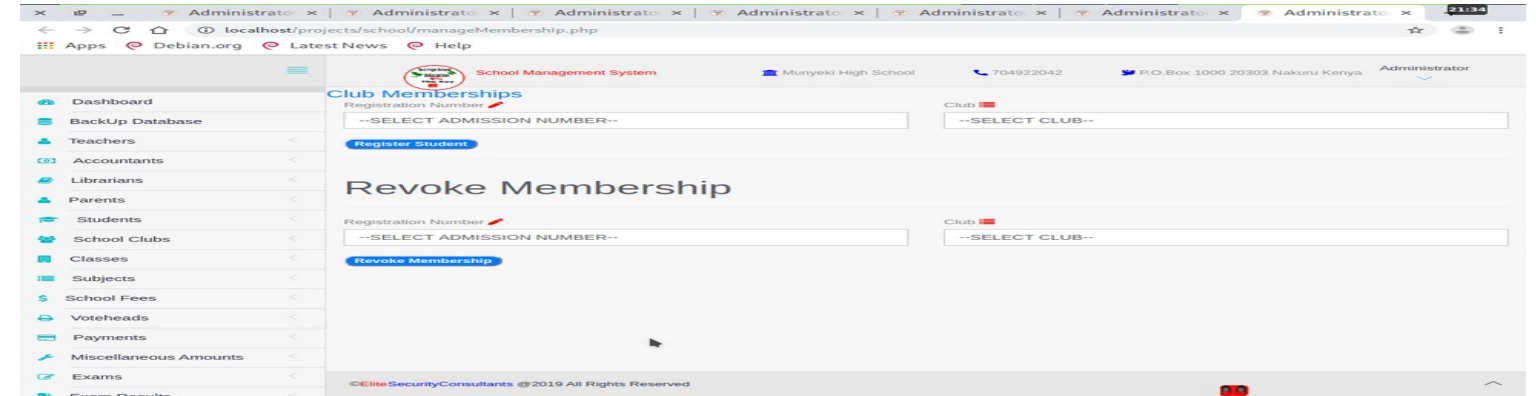

The screenshot shows the 'Add A new Club' form in the eSUnisol School Management System. The interface includes a sidebar with navigation links: Dashboard, Teachers, Accountants, Librarians, Parents, Students, School Clubs, Classes, Subjects, School Fees, Voteheads, Payments, Miscellaneous Amounts, Exams, Exam Results, and Dormitory. The main content area has a header with the school's name 'Munyeki High School', contact information '704922042' and 'P.O.Box 1000 20303 Nakuru Kenya', and the user role 'Administrator'. The form itself has a title 'Add A new Club' and a label 'Club'. Below the label is a text input field with the placeholder 'Enter the Club Name' and a green 'Add Club' button. The footer of the page displays '©EliteSecurityConsultants @2019 All Rights Reserved'.

club, lets the name to be approved, registre students and also revoke their membership to the clubs.

## XI. VoteHeads

- Voteheads Lets you add the voteheads, manage and approve them for one to be able to set the school fees in any of the classes. Example, Boarding and set the fee amount supposed to be paid.

Contact 0704922042 email: samuelmwangi729@gmail.com

The screenshot displays the eSUnisol School Management System interface. The browser's address bar shows the URL `localhost/projects/school/viewVoteheads.php`. The page header includes the system name "School Management System" and contact information for Munyeki High School. The sidebar on the left contains a list of navigation options, with "Voteheads" currently selected. The main content area features a table titled "View Voteheads" with the following data:

| Votehead | Status   | Action                                                             |
|----------|----------|--------------------------------------------------------------------|
| lunch    | Approved | <a href="#">Reject</a> <a href="#">Edit</a> <a href="#">Delete</a> |

## XII. School Fees

- Under this, one is able to set the current term of which payments and the school fees are paid in relation to. Then, after the fees is set, then they are automatically added to their dashboard.
- Under, this one can generate invoices where the school fees balance is updated automatically. This is invoicing the student in the current term.
- Clear balances. This is done to clear the carry the previous term balance and add it to the current fee amount.

Generated By Administrator

## Sample report form

### XVI. Dormitories & Designations

- Under this, One is able to manage the Dormitories in the organization, delete and edit their names. Also its possible to manage the designations of the teachers. One can add them and also delete them. Same case with departments

### XVII. School Contacts

- Under this, this is where one is able to change and upload the school details including the school name, contact and then post office box. Same case to Schools Logo.

### XVIII. Users Management

- Where an admin adds a new user into the system.

# eSUnisol

## XIX. Reset Users Passwords

- The admin is able to reset the users password

The screenshot displays the eSUnisol School Management System interface. The browser address bar shows the URL `localhost/projects/school/resetUser.php`. The page header includes the system name "School Management System", the school name "Munyeki High School", a phone number "704922042", a physical address "P.O.Box 1000 20303 Nakuru Kenya", and the user role "Administrator". A green notification banner at the top states "User Password Reset Successful!!". The main content area features a form titled "Reset Users Password" with two input fields: "Username" containing "mary njeri" and "Password" containing "e&!+hl\_pa\*@u(o". A green "Update Password" button is positioned to the right of the password field. A left sidebar lists various system modules such as Dashboard, BackUp Database, Teachers, Accountants, Librarians, Parents, Students, School Clubs, Classes, Subjects, School Fees, Voteheads, Payments, Miscellaneous Amounts, Exams, and Exam Results. The footer contains the copyright notice "©EliteSecurityConsultants @2019 All Rights Reserved".
