

Topic 2) Destiny of a nation is shaped in its classroom

Essay Topic → Destiny of a nation ~~is~~ is shaped in the classroom.

---

When we plant a sapling, it requires proper irrigation facility, fertilizers and essential nutrients to grow as a big tree. Similarly every output has some input behind, so as that of case of children also. They are fertile grounds of nation, who requires irrigation of classroom to grow the destiny of the nation.

Even nature need to be nurtured. ~~Still~~ Talent becomes skill after the training, classroom are those metamorphic forces which would turn human capital as liability to human capital as an asset. Materialistic future of any country depends upon cognitive development at present of that country. Here, in this essay we ~~sh~~ will try to co-relate destiny and classroom.
