Unit Eight

House and Builders of our House

Major Facilities of a house

- our house should protect us from hotnes of sun, rain, cold, wind , dangers animals,Robbers,thieves and burglars etc.
- A stuff house is harmful to health.
- In our house we get enough sunlight and fresh air.
- **Water** is needed fo**r drinking,cooking,washing and cleaning.**
- Ideal house should help us to live comfortably.
- **A house should provide for:**
- **partition of ideal house**
- **A dining room**
- **A bed room**
- A study room for reading and writing.
- A living room for receiving guests.
- A bath room to wash our body.
- A toilet to remove our waste matters.
- **Builders of our houses**
- **Architects and Engineers**
- **Bricklayer and masons**
- **Carpenter**
- **Electrician's**
- **Plumbers**

Architects and Engineers

- Architects draw plans of our houses.
- Engineers guide all the other workers to build houses according to plans.

Bricklayers and Masons

- Brick are made from clay paste.
- Masons build walls with stones.

Carpenters

- He makes doors, windows and frames for both.

Electricians

- Electricians fix electric fans and lights in our houses.

plumbers

- plumbers are workers who lay water pipes and also fix drainage pipes

Unit Nine

Our School

- We learn many things at school.
- In our school compound there are water taps,toilets,dustibins,liberary etc.

Care for the school property

- All materials belong to our school they are the school's property.
- We should keep all our school property.

Unit Ten

Transportation

- People travel from one place to another. They also move goods people use animals for transportation.
- In desert area camels are very useful for travelling and carrying loads.
- people use sailing ship-sails with the help of wind move the ships. Now a days, There are steam ships which go faster than sailing ships.
- In town and Cities, we use motor cars,taxies,buses,trucks and huge tankers.
- There are railway trains for passengers and goods.
- **Air transportation** is safe and comfortable. Air planes can also transport huge machinery and other goods.

Unite Eleven

Directions

- East,West,North and South are the four main directions
- Standing facing the rising sun.
- The sun rises in the east. So the direction you are facing is the east
- The direction to your back is the west.
- The direction to your left hand is the North.
- The direction to your right hand is south.
