College of Engineering (Number of exam sections)	
Course Name	**Total Number of students**
Basic Architectural Design	100
Building Materials and Construction II	100
Graphics Communication Skills II (Sketching II and Painti	100
History of Architecture I	100
Model Making Technique	100
Theory and Design of Structures II (Strength of Materials)	100
History of Ethiopia and the Horn	100
Engineering Mechanics II Dynamics	102
Probability and Statistics	102
Basic Principles of Process Calculations	102
Applied Inorganic Chemistry	102
Applied Mathematics IIIB	102
Workshop practice	102
History of Ethiopia and the Horn	102
History of Ethiopia and the Horn	243
Engineering Mechanics II (Dynamics)	243
Hydraulics	243
Strength of Materials	243
General Workshop Practice	243
Engineering Geology	243
Engineering Surveying I	243
Fundamentals of Electrical Engineering	257
Probability and Random Processes	257
History of Ethiopia and the Horn	257
Applied Mathematics IIIB	257
Engineering Mechanics II	257
Engineering Thermodynamics	257
Fundamental of Electrical Circuits	251
Probability & Statistics	251
History of Ethiopia and the Horn	251
Mechanical Workshop Practice	251
Applied Mathematics IIIB	251
Engineering Mechanics II (Dynamics)	251
Applied Mathematics IIIB	98
Environmetal Microbiology	98
Engineering Mechanics II (Dynamics)	98
Thermodynamics	98
Strength of Materials	98
History of Ethiopia and the Horn	98
Engineering Mechanics II (Dynamics)	112

Strength of Materials I	112
Applied Mathematics IIIB	112
Engineering Thermodynamics I	112
Basic Workshop Practice	112
Machine Drawing with CAD	112
General Chemistry	38
Geology for Mining Engineers I	38
Strength of Materials	38
Fundamentals of Electrical Engineering	38
Engineering Mechanics II (Dynamics)	38
History of Ethiopia and the Horn	38
Economics	260
Fundamentals of Programming II	260
Digital Logic Design	260
Data Communication and Computer Networks	260
Database Systems	260
