Funny Infographics

Do

Don't

Jupiter is the biggest planet of them all

Saturn has a high number of moons, like Jupiter

Venus is the second planet from the Sun

Earth is the third planet from the Sun and has life

This template has been created by **Slidesgo**

Funny Infographics

Jupiter

Jupiter is the biggest planet of them all

Mercury is the closest planet to the Sun

Saturn is composed of hydrogen and helium

Neptune is the eighth planet from the Sun

Venus is hot, even more than Mercury

Despite being red, Mercury is actually cold

Jupiter is a gas giant and has moons

Earth is the planet on which we all live

Venus

Funny Infographics

Mercury

It’s the closest planet to the Sun

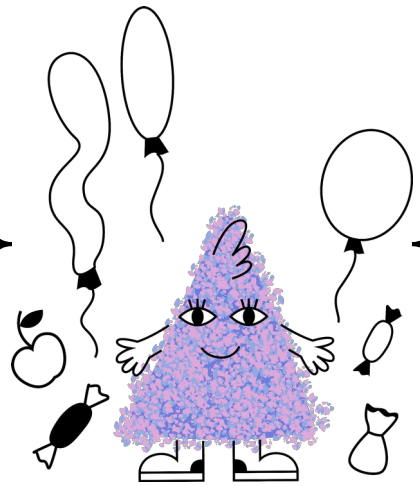

Jupiter

Jupiter is the biggest planet of them all

Saturn

It’s composed of hydrogen and helium

Earth

Mars

Mars is actually a very cold place

Venus

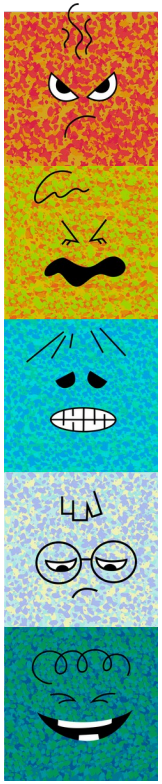

Venus is the second planet from the Sun

Neptune

Neptune is far away from Earth

This template has been created by **Slidesgo**

Funny Infographics

Mercury → Mercury is the closest planet to the Sun

Venus → Venus is the second planet from the Sun

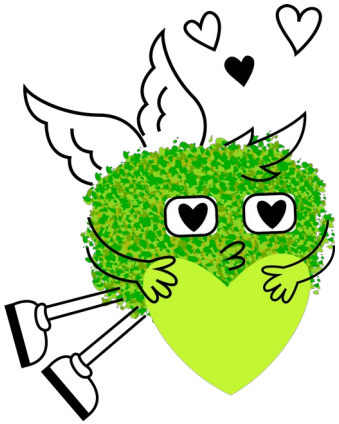

Jupiter → Jupiter is the biggest planet of them all

Saturn → Saturn is composed of hydrogen and helium

Neptune → Neptune is far away from Earth

This template has been created by **Slidesgo**

Funny Infographics

Jupiter

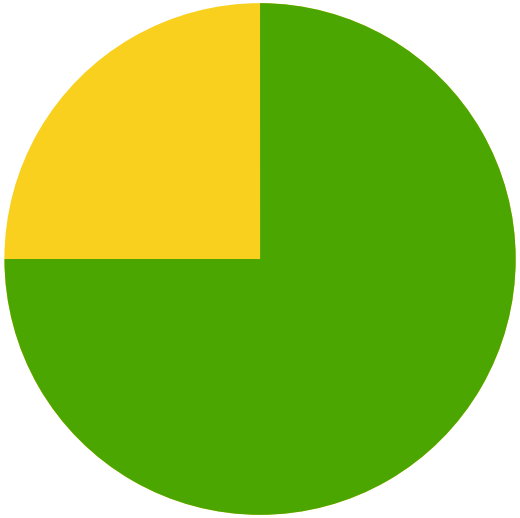

- Jupiter is the biggest planet of them all
- Jupiter doesn’t have a solid surface

Venus

It is extremely hot, more than Mercury

Saturn

It has a high number of moons, like Jupiter

75 %

Mars

Mars is actually a very cold place

25 %

Neptune

Neptune is far away from Earth

Instructions for use (premium users)

As a Premium user, you can use this template without attributing **Slidesgo**

You are allowed to:

- Modify this template
- Share this template in an editable format
- Use it for both personal and commercial projects
- Hide or delete the “Thanks” slide and the mention to Slidesgo in the credits

You are not allowed to:

- Sublicense, sell or rent any of Slidesgo Content
- Use any of the elements that are part in a separated way
- Distribute Slidesgo Content unless it has been expressly authorized by Slidesgo
- Register any of the elements as a trademark or logo in an intellectual property registry

For more information about editing slides, please read our **FAQs** or visit our **blog**

Infographics

You can add and edit some **infographics** to your presentation to present your data in a visual way.

01 Choose your favourite infographic and insert it in your presentation using Ctrl C + Ctrl V or Cmd C + Cmd V in Mac

02 Select one of the parts and **ungroup** it by right-clicking and choosing “Ungroup”

03 **Change the color** by clicking on the paint bucket

04 Then **resize** the element by clicking and dragging one of the square-shaped points of its bounding box (the cursor should look like a double-headed arrow). Remember to hold Shift while dragging to keep the proportions

05 **Group** the elements again by selecting them, right-clicking and choosing “Group”

06 Repeat the steps above with the other parts and when you’re done editing, copy the end result and paste it into your presentation

07 Remember to choose the **“Keep source formatting”** option so that it keeps the design. For more info, please visit **our blog**
