Academic year :

2013/2020

Lesson I of the Academic year

Here is my timely and important message to you before all

- I kindly urge and would like to remind you of the deadly pandemic of our time
 - o Corona virus in all your academic and other endeavors of the year.
- In connection to the pandemic, forget not even for a minute to effectively make use of the three much said safety measures namely wearing face mask, continual washing and maintaining physical distancing.

Lesson - I

Grammar

The more - the more expression

To begin with, this language pattern or expression is often frequented by native speakers of the language.

Hence, it is evident that studying and trying master the language pattern (expression) is unquestionably important as it upgrades the quality and proficient level of your language.

The language pattern in brief

You are supposed to make use of this language pattern or expression in at least two clauses in a given sentence. These two clauses of a given sentence go either parallel or may carry opposite meanings.

N.B Don't forget to make use of the -er comparative adjective model unless the

more expression is needed in the case of disyllabic or more adjectives.

Examples

DIRECTIONS: make use of the language pattern the more - the more and join each

of the following pairs of situations

eg-1 A: You are greedy. B: Your social prestige is low.

- The greedier you are, The lower your social prestige is.
o Eg2. A: You are multilingual. B: You are worthwhile
→ The more multilingual you are, the more worthwhile you are.

Activity - 1

DIRECTIONS:- Make use of the more - the more language patten and join each of the following pairs of situations.

NB: Be careful with the comparative forms of well and little.

A: You sleep, you are tired.

B: You work hard, you sleep well.

C: You have money, you are unhappy.

D: You study, you are confident before an exam.

E: You do little, you get lazy.

F: You are active, you are healthy.

G: You are beautiful. You are demanding.
