IIis Grace, Archbishop (Prof.) Iyke Nathan Uzorma, Harbinger of the Last Covenant, is a great Messenger of Light that to me his kind has never existed before. There is nothing that the Lord said through him that hasn't comc to pass. This includes prophesies to nations, tribes and persons. He has encountered the Lord face to face on numerous occasions. He has encountered the Angels, Archangels, Great Ones of Divine Light above and Watchers. I think he stands on a higher platform to bring to our world the hidden mysteries that have not been told of old. It is my sincere plea to everyone living on the surface of the world to listen to him. Let the world hear and

accept
the deep spiritual expositions giving to us by the
Lord Himself and His Great ones of Divine Light

FOR YOUR GUIDANCE
The opening admonition for
volumes 1 and 2 of this treatise
By Iyke Nathan Uzorma
(Harbinger of the Last Covenant)

Earthman, know and understand that all events,
situations, solutions and circumstances on the
physical realms of Earth, arise from hidden dimensions (the within of the within of being),
completely beyond the realities that can be easily
accessed from the platform of the physical systems.

In my book, 'Deeper Realities of Existence Vol. 1', I
made it known that such occurrences as fire blazing
through forests, earthquakes, volcanic eruptions,
ocean mega-waves, amongst other things, are
projected into manifestations via the collective
vicious mental patterns of the children of men. This
reality is beyond the purview of organised religions,

mundane metaphysics and earthly sciences.

This is a reality within the purview of, and communicated by, great Angelic Ones (Extraterrestrial Intelligences) in the Heavenly realms of Light. Such great Ones above, possessing divine knowledge that lies millions of years ahead of the earthmen, have completely realised, not only that all things are within all things, but also how thoughts form matter and events, as well as how Universal realities are formed in like manner.

This is also part of what we are here on the physical realms of Earth to learn at various degrees and levels. To the extent that you master this, to that extent your work as a student of the earth-life will consummate, towards your divine ascent in the higher spheres of Universal existence.

We are on the path of advanced consciousness of spiritual recognition, when we fully re-

alisc that
everything we must know about ourselves, the
Universes and God are already potentially within us,
both here and now. And we can gain this knowledge,
when we are able to ascend the highest mountains of
illumination and dwell in a pleasing combination
with all that is and with the Almighty God within
ourselves.

Consequently, when we attain higher knowledge of
our eternal divine nature, and recognise the
fundamental essence of our spiritual existence on the
physical realms of Earth, we will then begin to pass
daily judgements on all aspects of our thoughts – the
mental stances and patterns of being.

We will do so in the full knowledge that thoughts are
valid things, even more valid than the physical things
that we see. We will do so in the full recognition that
every mental act is a reality for which we are

responsible. We will fully comprehend the hidden truth that whatever you see – man, animal, angel, demon, amongst other things – are ultimately thoughts in motion.

Thus, to judge a thing, whether angel, human or demon, for instance, is to judge the 'thoughts' of such. For further example, when the Great Lord Jesus the Christ rebuked Saint Peter, saying: **"Get thee behind Me, Satan" (Math. 16:23),** He was rebuking the thought pattern of Peter at that point.

The Prince of Darkness was the initiator of that thought into the consciousness of Saint Peter, from the hidden astral chambers of darkness at that point. But whereas Satan wasn't physically seen, Peter, who was the human channel for such expression, if he was able to judge such a thought within his consciousness and set it aside, it means he had

judged 'an angel' of darkness.

Thoughts are valid things. Murder, terrorism,
adultery, anger, fornication, hypocrisy, falsehood
and all vices, are manifestations of thoughts arising
from the minds of the children of men. Houses, cars,
money, marriage, clothes, shoes, amongst other things, are manifestations of thoughts. Peace, love,
mercy, goodness, and all divine virtues, arise from
consciousness embedded within you.

May this material guide you to be your true self
always; to be saved from yourself, that you be not
ruined by yourself in the journey of life.

A word is enough for the wise. God bless the reader

RADIANT TRIUMPH
(OPEN LETTER TO THE EARTHMEN)

INTRODUCTION

Earthmen, peace be with you from the glorious
Throne of the Almighty God that abides within you,
and within which you abide. Amen.

I write you this open letter with the sincere intention
to expose and explain the five major channels of
vicious astral attack against the children of men. The
vicious astral entities – forces of darkness – have
their realms of existence in the subtle, psychic or
invisible spheres beyond the world of man. We must
know that there are more than the eyes can see.

These five specific channels are the means through
which any human on the physical realms of Earth can
be manipulated, enslaved or ruined by the entities
whose nature are embedded with total darkness and

wickedness, from the reference point of our realities.

Thus, the core essence of this material, this open
letter, is to enable us take a stand upon the ground of
victory over all that seek to hold us down, in one way
or another, in the journey of life.

This material is designed to strongly emphasize and
impress into our understanding the reality that: 'no
power of darkness in this world can dominate the life
of
the earthman, which you did not cause, directly or
indirectly, to be in astral motion against yourself, via
a faculty of your own mind in the light of your belief
systems and consciousness.

To this end, let it be known to all generations of the
children of men that no vicious astral entity (evil
spirits) in all the subtle realms of Earth has the
independent absolute spiritual power to harm
anyone. Furthermore, in all the Solar, Stellar and

Galactic Systems, there is no metaphysical or
spiritual power, low or mighty, that can dominate,
possess or harm you, which you didn't attract to
yourself.

When you attract the astral vicious entities to
yourself, to harm or ruin your earth-life, the process
of such attractions must occur strictly within the
ambit of the Universal Laws, which are inexorable.
The Universal Laws are the governing principles of
the One Eternal Almighty God in the entire
Universal Systems. In such terms, these are "The
Will of God" in motion.

This letter is, amongst other things, designed to
expose the process of the aforementioned
attractions. The Universal Laws (The Will of God)
are God in motion. These are the fundamental basis,
or the hidden cosmological codes, which set the
standards and limitations for all occur-

rences,

situations, events, circumstances and experiences, in
all the Universes of God, whether of Light or
darkness. Universal Law in this terms, therefore, is
the pivotal point of providence upon which all
thoughts, words and deeds of all creatures are
enacted.

YE ARE GODS

Now, earthman, it was spoken of you in the Holy Scriptures, by the Lord of the Universe Himself, thus: **"I have said, ye are gods" (Psl. 82:6)**. We are told by the ancient Great Ones of Divine Light above, whose order of existence lies beyond the world of man, that the earthman **"is a god clothed in rags"**.

The "rags" here is the clay – the gross material bodies of the children of men. More of these "rags" are the limitations and propensities inherent within the elements of the camouflage of material bodies.

Consequently, the earthman is ultimately a god, but presently he is in the art of learning how to be a god; how to be his true self. He is learning to handle and operate within the framework of the multidimensional, multitudinous and multifarious divine energies embedded with his core

identity and
consciousness.

The wise Ones of the Heavenly realms of Light
above also made it known that the earth-man is **"a**

master of the Earth going about begging for a
crust of bread". This is the current position of the
children of men, whose lives are situated outside the
Light of the Almighty God; who dwell only on the
material aspects of existence.

Again, those in the Light above, who are fully aware
of what the earthman is and what he should be, made
it known that the earthman is **"a king prostrated**
before his own servants". Look around you, Oh
earthman, and bear witness to this. Are men not
engaged in serving what was made to serve them?

At last, it was said of the earthman that he is **"a**
prisoner walled-in by his own ignorance", as well
as the eternal truth that none holds him

down but himself. Remember the Words of the Almighty Jehovah God thus: **"My people are destroyed for lack of knowledge" (Hos. 4:6)**. Thus, lack of knowledge is the basis of bondage, leading to the destruction of several humans.

Earthman, I have often said that sound spiritual knowledge of the Almighty God and His infinite number of manifestations, is of utmost significance for your victory in the battles of life. The knowledge of your core multidimensional identity and essence of your true nature, is also very important in this connection.

The knowledge of the inexorable Laws of the Universe and the Universes of God, the gestalt and consciousness of the extraterrestrial Intelligences of Light, which includes but not limited to the holy Angels, Archangels, Cherubims, Watchers, as well as

the hierarchical Lords, Solar Lords, Galactic Lords,
Ancient Ones, amongst others, must be put into
consideration for your ascent in Light.

Above all, the knowledge of the rudiments of all
actions of the King of Kings and Lord of Lords, all
which are enacted on the divine platform for the
ascent of every creature in Light, is the consummation of reality; not to talk of the
knowledge of the manifestation of the Ancient of
Days Himself, upon which is embedded the divine
codes of all consciousness, all realities and gestalts of
the core identity of beings. Also, the knowledge of
the hierarchy of the forces of darkness, their
manipulations, devices and rights of attack, is
equally important.

This knowledge is very important and necessary for
your spiritual recognition as a citizen, not a slave, in
all realities and realms of the Universes of God. Such

profound understanding and the consciousness of
same, serve as greater impetus towards your total
subjugation of the most vicious astral entities –
forces of darkness – in all the realms, including the
world of man.

Now, as a god, the primary thing that you must
understand is that you are a temple of God, a house of
God. The Holy Scriptures clarified that man is a
temple of God. The Great Lord Jesus the Christ
Himself spoke about His earthly body as a temple.

When the great religious leaders in those days raised
some questions related to some of the actions of the
Great Lord Jesus the Christ in the temple at
Jerusalem, the Lord told them: **"Destroy this
temple, and in three days I will raise it up"**. These
earthmen were highly bamboozled upon hearing this
from the Lord.

They made it clear to 'The Son of Man' that

years was utilised in the construction of the temple of Jehovah God in Jerusalem, and that it is totally absurd for anyone to think of constructing such an edifice within three day. Certainly, they were right in the human terms, but the Holy Scriptures revealed that the Great Lord Jesus the Christ spoke **"of the temple of His own body"**. (See Jn. 2:13-22).

Saint Paul also queried some earthmen thus: **"Know ye not that ye are the temple of God?" (1st Corint. 3:16).** Now, a temple or a house is expected to have doors, and possibly windows. This is a fact, isn't it? If your body is a house or temple, what are the 'doors' and 'windows' embedded with it?

Now, according to certain classifications in the higher divine spheres of being, the human body has seven doors in the inflow aspects and ten doors in the outflow aspects. These doors have specific locations on the gross material body of the earthman.

However,
each of these locations has subtle or invisible
pathways, leading from such locations to diverse
realms of existence, even unto the Throne of God, if
we are thinking in strict religious terms.

Communication can occur and do occur from hidden
dimensions of reality, diverse realms of existence
beyond the physical realms of Earth, to the earthman,
via such locations. In basic terms, related to the
subtle aspects of the human body, beyond mundane
sciences, such centres or locations are the prime
coordinators of all the nerves, atoms, cells and
molecules of the body. In the physical terms of
reality, however, such seven inflow locations in the
body include:

1. The sex organ,
2. The anus,
3. The navel,
4. The heart centre,
5. The throat centre,
6. The forehead, and
7. The centre between the eyes.

Each of the aforementioned inflows exists in
symbolic terms upon the human body. Even in such
terms, however, they have specific functions
generally known to humans. Beyond their generally
known aspects, each of these locations have invisible
pathways that connect with all the invisible
pathways of the nerves spread across the body.

These unseen pathways are like highways in the
human terms, linking up humans to diverse positive
and negative realms of existence. Positive energies
of Light are radiated via such centres to the
earthman, when they remain sealed as made in the
beginning by the Almighty Creator. These positive
energies, radiated from the Heavenly realms of
Light, quickens the earthman to be firm on the path
of Light, wherein lies his victory over the hosts of
darkness.

When these centres or any of them is opened, the individual involved becomes susceptible to all sorts of negative energies arising from the realms of darkness. All forms of vicious astral attacks coming against a person are premised on this factor.

And apart from the aforementioned seven inflows, there are ten outflows via which vicious psychic entities within the subtle spheres of the body do come out, amongst other things. They also serve as the outflows of positive energies of Light for diverse purposes, including healing, within the framework of a sealed format. These are each of the two eyes, each of the two nostrils, each of the two ears, the mouth, navel, sex organ and anus.

Positive energy of divine Light, message from an extraterrestrial Intelligence (Angel in a Heavenly realm of Light), words from the Lord of the

Universe
Himself, attack from the forces of darkness, amongst
others, can be passed to a person via the outflow
centres, regardless of the distance between the
person and the originating source.

In this terms, distance is measured not in the light of
miles, space and time, but within the thermals of
ethereal intensities. Thus, a divine message or astral
attack coming to a person from over thirty million
miles, for instance, can reach him within less than
three seconds.

Some of these, whether divine message or astral
attack, coming from such a far distance in the human
terms, via the aforementioned inflow locations, have
their signals impressed upon the nerves. Some of
these impressions are related to the subtle bodies of
man, such as the dream body, the body within the
dream body, amongst other higher bodies of man;

while some are directed to experiences which must occur within the camouflage of the gross material body.

Consequently and in these terms, the invisible pathways of the nerves, overall, are signal-points or ringing tones, if we are thinking in the light of communication through a telephone. Not all the subjective impressions, positive or negative, coming to man via the invisible pathways of his body, are objectively recognised by the gross material body.

DIVINE PROTECTIVE SEAL OR HEDGE

Having said this, I want it to be known also that these inflow and outflow doors, within the subtle aspects of the atoms, cells and molecules of the body, generate and absorb certain kinds of energies, impressions and consciousness. Some of these are highly positive and divine, while some are extremely negative and repulsive.

Nevertheless, all of these, whether negative or positive, operate in the realms of manifestations via the Universal-Super- Conscious-Waves. It is also upon these 'Waves' that diverse Versions of the 'Spirit of the Lord' ride in all the Planetary Systems. In such terms, the Mighty Angels of the Lord, as well as the Lord of the Universe Himself, fly within this framework of the Universal-Super-Conscious-Waves of the One Eternal Almighty God. Thus, the Holy Scriptures say:

"And He rode upon a Cherub, and did fly: and He was seen upon the wings of the wind" (2nd Sam. 22:11).

"In the year that king Uzziah died I saw also the Lord sitting upon a Throne, high and lifted up, and His train filled the Temple. Above it stood the Seraphims: each one had six wings; with twain He covered His face, and with twain He covered His feet, and with twain He did fly" (Isa. 6:1,2).

"Yea, whiles I was speaking in prayer, even the man Gabriel (Angel of God), whom I had seen in the vision at the beginning, being caused to fly swiftly, touched me about the time of the evening oblation" (Dan. 9:21).

The recognition of the Universal-Super-Conscious-
Waves, lies thousands of years, possibly millions of
years, ahead the present mundane sciences of the
earthmen. In the first place, there are multitudinous
elements connected to this, embedded in all the
Planetary Systems, including the Earth-world, but
beyond the purview of mundane sciences.

It is on this platform, for instance, that most of the equipment brought about by higher denizens of the Heavenly realms of Light, and higher Beings of the hierarchy of the forces of darkness, which includes but not limited to Space Ships, are formed. If the sciences of the future man come along this line, even on the periphery, equipment that will last without repair for over fifteen thousand years will come into reality on the physical realms of Earth. However, the present mundane sciences are not following the framework of this at all.

Now, the Universal-Super-Conscious-Waves, the elements thereof, are completely unknown to the sciences of the Earth-world. What sciences know as the waves of the electromagnetic energy-units, are minute offshoots of the Universal-Super-Conscious-Waves of the One Eternal Almighty God, in such

terms. By virtue of the Immutable Universal Laws,
which are inexorable, all thinking entities in the
entire Universal Systems, including the children of
men, are 'Life-streams' in possession of 'Life-
currents'.

This 'Life-current' which generates consciousness,
the awareness of being, is embedded within portions
of the Super-Conscious-Waves. By this also, the
Spirit of the Lord of the Universe is Omnipresent,
existing everywhere at all times, even if the Lord of
the Universe Himself is seen, for instance, sitting in a
particular location.

Consequently, the Omnipresence facets of the Lord
of the Universe includes you now, includes all that is,
even the ant that moves. Thus, in God all things
including the earthman have radiant triumph and
freedom, as originally made. In the light of this, no
vicious astral entity, for instance, can ride into you for

any kind of attack, for as long as the doors of your
temple remain sealed. But when opened via
manipulations, anything can happen to you, as
explained in this treatise.

Now, the Mighty Power of the Lord of Creation that
made man, sealed all the doors of the human body
with His divine protective shields, via His Universal-
Super-Conscious-Waves. This was made to seal or
hedge the earthman from all forms of intrusion,
manipulation and attack. However, the earthman was
given the volition to choose whether to keep the
doors sealed or cause them to be opened in his
journey of life.

Let it be emphasized that, for as long as these doors
remain sealed as made in the beginning by God, no
power, entity or force in the Universe can harm the
earthman. Nevertheless, as earlier stated, this divine
shield or hedge over the earthman is made

in such a
way that only the earthman can remove the hedge and
open the door of evil against himself.

It is written that **"whoso breaketh an hedge, a**
serpent shall bite him" (Ecc. 10:8). Did you hear
that? Does this Scripture not show that there is "an
hedge" or protective shield upon the earth-man? Is
this "hedge" not the protective seals of the Almighty
God?

Now, what about the "serpent" that bites when the
"hedge" is broken? Is this not connected to the
network of the vicious astral entities – forces of
darkness? Remember that the Great Lord Jesus the
Christ Himself referred to the forces of darkness as
'serpents' and 'scorpions'. He told the faith-ful ones:

"Behold, I give unto you power to tread on
serpents and scorpions, and over all the power of
the enemy: and nothing shall by any

means hurt
you" (Luke 10:19).

When the Lord said that **"nothing shall by any**
means hurt you", that is for as long as the doors of
vicious astral attacks against you remain sealed. We
will discuss in this material the specific conditions
that open the doors of vicious astral attacks against a
person or group of persons. In other words, the
process of breaking the "hedge" for a "serpent" to
appear, for a "serpent" to bite, is made clear in this
treatise.

Nevertheless, we will in this connection first

understand some aspects of the overall nature of man.

But please be informed that the entire rudiments,
which open the doors of vicious astral attacks against
humans, which breaks the "hedge", is accomplished
by man's volition via a perversion of the fundamental
facultics of his mind.

THE AWARENESS OF BEING

As expressed in the Holy Scriptures, the earthman is a tripartite being, with **'Spirit, Soul and Body'**. (See 1st Thess. 5:23). Thus, the highest essential aspect of man is that in which his core identity is 'Spirit'. The Great Lord Jesus the Christ Himself also made it known to all that the Almighty Jehovah God **'is a Spirit'**. (See Jn. 4:24).

Yes, God is the One Eternal Absolute Supreme Spirit. Man, emanating directly from God, via the primordial 'breath' of the Almighty God, is equally ultimately a Spirit. Thus, man is qualitatively one with God, but quantitatively different from God.

When a unit of the Spirit of God breathed into man became individualized or concentrated, that concentrated unit of the Supreme Universal Spirit of God is called 'Soul'. I have often said in diverse

places that the situation is akin to fetching a bucket of water from the ocean and transforming the fetched water into ice-block.

In this terms, the earthman is first of all a unit of the Supreme Universal Spirit that we know as 'God', but finally individualized into the systems of Soul. For God **"breathed into his nostrils the breath of life; and man became a living Soul" (Gen. 2:7)**.

To this end, man's core identity (Spirit) became a living Soul, living in the temporal world of Matter, Energy, Space and Time – MEST. In certain higher divine terms, it is clarified that for the purpose of enabling the Soul to experience life in diverse systems of reality, the Soul dwells within different ambit of bodily frameworks, or wears diverse bodies, corresponding to diverse realms of existence.

For instance, the gross material body corresponds to

the physical realms of Earth. Man should use his physical body to, amongst other things, learn the art of the worship of the Almighty God here on the physical systems of reality.

Apart from the physical aspect of his body, the Soul has other subtle bodies. The dream body is there. The body with which the dream body again dreams is there. Different emotional and mental bodies used immediately after death are there. The astral body, the causal body, the memory body, the etheric body, all are there. Each of these bodies has a degree of consciousness, or awareness, emanating from the Soul.

Now, beyond the aforementioned bodies is the mind. To this end, the highest tool for the Soul personality, in all ramifications of its subtle bodies, including the physical body generally known, is the mind. In its descent into the subtle realms, as well as the

physical
realms of Earth, the foremost tool for the Soul in
transmitting the awareness of being, is the mind.
Thus, mind is in essence the last covering body of the
Soul personality.

Consequently, it is through the mind that the Soul
personality, the concentrated unit of your Spirit,
passes each and every degree of consciousness – the
awareness by which you know that you are – to the
subsequent layers of subtle bodies below the mind to
the physical body that you know. When the
awareness of being, arising from the Soul, is finally
stepped down to the gross material body, this
awareness is then operated via the fifteen
propensities of sense data.

These are: the five senses used for acquiring
knowledge, namely, (i) ears, (ii) eyes, (iii) nose, (iv)
tongue and (v) skin. Furthermore, the five working

senses are also involved here, namely, (i) voice, (ii)
legs, (iii) hands (vi) anus and (v) genital. Again, the
five objects of the senses are not left out, namely, (i)
smell, (ii) taste, (iii) form, (iv) touch and (v) sound.

Dear reader, remember that this treatise is designed
to bring us into the full recognition of how the
vicious astral entities – forces of darkness – plant
diverse attacks against the children of men via the
propensities arising from the abnormal faculty of the
mind; the faculty which opens up the hedge for a
serpent to bite.

As we proceed with this material, we will arrive at
the point of how the heinous cosmic forces
practically intrude into the fabrics of the earthman to
manipulate and dominate his life. And the evidence
of this psychic dominion of darkness over some
children of men is there for us to see in our world.

CONTROLLER OFAWARENESS

The Soul is the controller of awareness (consciousness) in all the subtle bodies, including the gross material body of the earthman. In certain terms, the Soul is ultimately what you are, not necessarily what you have. You have a mind, a car, a house, a book, a head, amongst other things, but what you are that have these things, in the absolute reality, is the Soul. But when it is said that 'you have a Soul', that is within the system of relative, not absolute, reality.

Thus, you are a Soul personality and will always be a Soul personality, even when your gross material body is no more. It follows that the entire awareness of being, through which you constantly recognise your daily existence in the world of man, is generated from the Soul and transmitted to your physical body via your mind.

Here, your thoughts, words and deeds are involved.

Even the awareness by which you function in the subjective states, such as dreams, visions, revelations, amongst others, emanates from the Soul and transmitted via the mind. It is from the Soul, the concentrated unit of your Spirit, that you can be linked with the Lord of the Universe, not otherwise, not from the elements of your gross material body.

From the ultimate point of the Soul personality, which you are, the mind can do nothing of itself. The mind has no initiative of itself; it has no independent energy outside the Soul, which can propel it into action by any iota of volition. The human mind, therefore, is nothing but a tool for the Soul personality in God's Creation.

The human mind is surely bereft of any power and freedom independent of the energies and potencies of

the Soul. What does this mean? It simply means that
the mind must not lead, does not lead and cannot lead.
Furthermore, it means that the mind must be led, via
its fundamental faculties, by the prime identity and
consciousness of the Soul, namely, the Spirit.

When this is done, (without the formation of an
abnormal faculty in the mind systems), the earthman,
within the elements of his physical existence, will
live in the light of sanity bereft of vicious astral
attacks. It must be understood that consciousness,
the primordial offshoot of the prime identity, Spirit,
generated from the Soul via the mind to different
subtle bodies up to the physical body, is the core
basis of certainty.

Again, when the Soul itself is directly encapsulated
by the multidimensional Supreme Potencies of the
Light of the Almighty God, via its unit core identity
as Spirit, then the total man embedded in the

physical
realms of Earth can perfectly walk on the foundation
of Light, which was laid down for the earth-men by
the Great Lord Jesus the Christ.

At this point, the earthman lives above the entire
network of the vicious astral entities, or forces of
darkness. Listen: each and every attempt to control
man, to manipulate man, by the hosts of darkness,
must first occur at the mind level; that is, from the
abnormal faculty of the mind, when formed, which
will be explained later.

Also, the Holy Spirit of the Almighty God, from the
Soul unit, controls the mind, the earthman, via the
established fundamental faculties of the mind, as
made in the beginning by God. This enables the

earthman to rise in Light and walk on path of divine
ascent in the journey of life.

In this terms, both the Forces of Light and

the forces
of darkness do strive, via their respective positive and
negative energies, to control the mind of man.
Remember that what controls the mind controls the
man.

Now, from the foregoing treatise, it is evident that the
mind only reacts when it is ignited by impressions
(awareness or consciousness) emanating from the
Soul. Consequently, the mind, having received such
from the Soul, then serves as the medium through
which the Soul personality passes each and every
degree of consciousness – impressions, awareness,
intuitions, knowing, messages, perceptions,
recognition, amongst others – to all the layers of the
subtle bodies down to the physical body.

Towards the consummate functions of the mind, as
the sole bona-fide tool for the operation of the Soul in
all systems of reality, including the physical system

generally known, the mind has four fundamental faculties made in the beginning by God. These faculties are sealed against any intrusion by the astral forces of darkness.

What the forces of darkness do, to get hold of the mind and thus control the earthman, is to form an abnormal faculty therein. When this is achieved, the vicious forces will then begin to use such abnormal channel to transmit negative energies, manipulations and attacks against humans. The invasion of the mind by darkness, to this end, is the basis of illusions and manipulations in the world of man. I described the state of the invaded mind, in my book 'Deeper Realities of Existence Vol. 1, as follows:

> ***"When a man's mental pattern is invaded by the forces of darkness via the astral wave, his mind will begin to fluctuate and act like a monkey intoxicated by strong wine. The monkey being drunk staggers from fruit tree to***

fruit tree till he stumbles upon the nest of scorpions, which swam on him. As they sting him all over, he, in great anger, went about lamenting in pain.

"This is the state of invaded mind. The drunken monkey is symbolic of invaded mind that endlessly seeks after mundane things, the material things of life. The monkey staggering from one fruit tree to the other, shows how a mental pattern bereft of Love, the Light of Life, staggers and wanders in the realm of the mundane, seeking pleasure – the 'fruit of evil', which by the manipulation of darkness appears to be the 'good fruit'.

"Drunk with selfish desires, the human mind runs blindly into sense pleasure – the nest of scorpions. When the 'scorpions' of greed, lust, pride and jealousy, amongst others, sting, lamentation follows, and the mind filled with darkness enters the motion of furious hatred. At this point, the astral forces of darkness 'feed fat' from the mental energy arising from the thoughts of such a darkened mind".

FIRST FUNDAMENTAL FACULTY OF THE MIND

It is already mentioned that the mind has four fundamental faculties, which are the basis of man's normal existence and victory over all that seek to hold him down in the journey of life. This deals solely with the original position of man in God's Creation.

Now, when the subject matter of the primordial 'fall of man' is raised, this should also be understood in the light of a dichotomy between the four fundamental faculties of the mind, which formed the fifth abnormal faculty. The formation of the abnormal faculty of the mind, is a negative standard raised by the most vicious astral entities.

As the Divine Light and Spirit of the Lord, in the positivity of being, within the ambit of the Soul, passes benevolence impressions through the four fundamental faculties of the mind, so the

hierarchy
of the forces of darkness within the ambit of specific
chambers of darkness do pass malevolence
impressions via the fifth abnormal faculty of the
mind. Here, conflicts of existence is enacted within
the mind rudiments.

The four fundamental faculties of the mind are
specific channels of our existence in the Light of
God, when utilised in their normal operations,
completely avoiding the propensities of the fifth
abnormal faculty. For, instance, the impression,
awareness or consciousness through which the
earthman takes notice of a form or a thing, is
transmitted by the Soul personality via the first
fundamental faculty of the mind.

In this case, to maintain its normal existence in Light,
the mind must be trained to focus attention on
anything or any form that won't pervert it to ignite

any propensity of the abnormal faculty. Thus, there is
a different result in the nature of being, for instance,
between a mind focused on the message of the Great
Lord Jesus the Christ and a mind focused on the
gratification of pornography.

Furthermore, the impression, awareness or
consciousness by which the earthman may recognise
the beauty of any animate or inanimate reality,
including the colour of any reality, as well as the
recognition and comprehension of rhythm, amongst
other things, are also transmitted via the first
fundamental faculty of the mind. All that are
transmitted by the Soul personality via the first
fundamental faculty of the mind pass through diverse
subtle bodies down to the physical body.

In doing this, however, certain things are involved.
For instance, the core propensity of this first faculty

of the mind, holds the reality of immediate and automatic reaction. This involves all matters wherein its reality is embedded. Consequently, the first fundamental faculty of the mind accepts whatever form, beauty, colour, rhythm, amongst other things, it approves, and rejects any of these it considers repulsive. It is either for a thing or against it, period. As such, the training given to the mind is very important in this connection.

Also, it is important to note that most of the impressions (awareness or consciousness) of the Soul personality, passed through the first fundamental faculty of the mind, in its descending process into the physical body of the earthman, are received by the eyes, which serve as the instruments of perception.

Having selected what it approves, based on the training given to it, its total approved recog-

nition arc
then passed, but bypassing the second fundamental
faculty of the mind, to the faculty of thought
discrimination. The faculty of thought
discrimination is the third faculty of the mind.
Spontaneity also arises from this dimension of mind
rudiments.

OTHER FUNDAMENTAL FACULTIES OF THE MIND

Now, the impression, awareness or consciousness through which the earthman attains to the reality of feelings, is transmitted by the Soul personality via the second fundamental faculty of the mind. It is equally through this second faculty of the mind that the Soul personality brings down to the physical body the awareness by which the taste of anything – food, water, wine, cocaine, etc., -- is recognised.

Through this second fundamental faculty of the mind also, the awareness cum knowledge of justice, true harmony and perspective is enacted by the Soul personality on the physical aspects of the earthman. Like the first fundamental faculty of the mind, this second faculty is also of immediate and automatic reaction. Again, spontaneity is involved here.

To this end, this second fundamental fac-

ulty of the
mind can only enjoy what it has been trained to

enjoy. It is either for a thing or against it, period.

Here, again, training given to the mind is very
important. If you train your mind to be addicted to
cocaine, for instance, so it will be. And if you train
your mind to refrain from such, so it stands.

Whatever the second fundamental faculty of the
mind accepts, in the final analysis of itself, is also
passed to the third fundamental faculty of the mind,
for proper thought discrimination. The third
fundamental faculty of the mind, is the faculty which
upholds the reality of man's intellect. This is the
faculty of thought, as earlier stated.

The functions of this third faculty of the mind
include, amongst other things, to receive all
impressions passed to it simultaneously from both
the first and the second fundamental facul-

tics of the
mind. After receiving such impressions, this third
faculty takes what is known as 'thought
discrimination', to decide what it must accept or
reject. Here, the difference between the earthman and
the beast is inherent.

Finally, whatever the third fundamental faculty of the
mind accepts, is thereafter passed to the fourth
fundamental faculty of the mind for execution. Now,
the fourth faculty of the mind in this connection is the
faculty via which the Soul personality institutes the
recognition of volition in the reality of man's
existence.

Consequently, the fourth fundamental faculty of the
mind, upon which volition or will-power is
embedded, constitutes the 'executive system' within
the mind rudiments. It is the channel via which the
decisions of the third faculty is executed. In this

terms, it exists solely to receive and execute the final
decisions of the third faculty. Thus, its volition lies
strictly within the elements of interchange between it
and the third faculty.

Now, consciousness of the identity of man, during
his sojourn on the physical realms of Earth, must
include the awareness by which he recognises
himself as bona-fide citizen of the Universe, not a
mere slave in creation. He can only do this when he is
situated on the platform of ascent in Light. Then he is
a citizen bestirred from all forms of subjugation of
darkness. If otherwise, he remains a slave of negative
energies of the chambers of the vicious astral
entities.

The primary aspects of the consciousness of Divine
Light will impel man to seek after his Source of
being, namely, God, the prime base of his
manifestation and existence. This entails the

worship
of the Almighty God in the deepest strata-
tums of
concentration of the mind, based on the
training
given to the mind along this line.

This will only come to pass subject of course
to the
condition that all the four fundamental fac-
ulties of
the mind function in their right spheres
of action,
within the establishment of the con-
sciousness of
Divine Light in God. When the mind fac-
ultics
function along this line of Light, as prac-
tically
demonstrated by the Great Lord Jesus the
Christ, the
individual becomes normal; he is thus situ-
ated on the
path of Light initially ordained by the
Almighty
Creator.

When this happens, the earthman is
placed on a
divine platform of daily absorbing enormous
amount
of positive cum divine energies of the One
Eternal
Almighty God in Light. Thus, he dwells
within the
framework of Divine Knowledge, Divine

Love and
Divine Power. And the physically expressed
evidence of this framework is the daily life of
Righteousness, Peace and Joy. No door of dominion
of the vicious astral attacks will ever be opened in the
life of such a person.

Once again, let it be emphasized that it is solely with
the divine framework of 'Knowledge, Love and
Power', in the daily practical demonstration of
'Righteousness, Peace and Joy', that the entire doors
or hedge upon the earthman will remain completely
closed. By this, the earthman is granted divine
immunity from each and every attack of the astral
chambers of darkness.

In other words, the doors, through which one could
be attacked by the forces of darkness, are totally
closed against such attacks via the potency of Divine
Energy radiated specifically within the expressions

of righteousness, peace and joy. These expressions
are enacted on the human consciousness from the
Divine frequencies of Light embedded in the Christ
Consciousness, in the consummate encapsulation of
the Soul personality. The divine embellishments to
these are within the overall essence of Knowledge,
Love and Power.

When you perfectly and unconditionally (note the
words 'perfectly' and 'unconditionally') uphold
absolute unquestionable confidence (faith) in Christ,
that becomes the divine seal of righteousness upon
you. This will immediately impact on you the reality
of inner peace. And joy, not mere happiness that
comes because of a thing that happened, is the
expression of peace. When your mind is thus
encapsulated, your words and actions will disturb no
one, and you will not be disturbed by the words and
actions of anyone.

Remember the admonition of Saint Paul. He said:

"For the Kingdom of God is not meat and drink;
but righteousness, and peace, and joy in the Holy
Ghost" (Rom. 14:17). Now, let it be said again and again, that whoever has the Legitimate Spirit of Christ, radiated from the sacred frequencies of the Soul personality, having the four fundamental faculties of the mind functioning under holy spheres, can never be defeated by the hosts of darkness in the journey of life.

To receive Christ must be in total reality, not by mere words. This is not about going about shouting the Holy Name of 'JESUS' here and there. This is about living daily in selfless Divine Love, whether or not you attend a church. This is also about the practical demonstration of righteousness, peace and joy, regardless of your organised church and religious affiliations.

Nevertheless, I am confident that no earthman can perfectly possess righteousness, peace and joy, and practically manifest same, if his mind faculties, his overall mental pattern, is not properly situated in the Light of God. This Light of God is the Legitimate Spirit of Christ. What does this mean? It means that one must live within the framework of the practical examples demonstrated by the Great Lord Jesus the Christ, even the recognition and eternal reality of the Holy Blood that He shed for all generations of the children of men.

This also means that, apart from those who dwell totally within the eternal elements of Christ Consciousness, whose Souls radiate the Light of Christ, and whose minds are situated within the sacred chambers of God's positive energies, the rest of the earthmen are positioned on the platform of

vicious astral subjugation.

Better expressed: without the Light of Christ, the
Light shown to man by Christ, darkness is upon the
mind rudiments of all the children of men. The Light
of Christ seeks to guide the children of men on the
path of divine ascent; and as many as seek this Divine
Light will surely receive guidance. Saint John wrote:
**"And we know that we are of God, and the whole
world lieth in wickedness" (1st John 5:19).**

FIFTH ABNORMAL FACULTY OF THE MIND

Earthman, you are already informed of what you become when the four fundamental faculties of the mind uphold their normal status in the Light of God, via the frequencies of the Christ Consciousness embedded in the Soul personality. In this, you are above the negative energies of the vicious astral entities.

Nevertheless, when dichotomy occurs within your mind rudiments, via high frequency manipulations of the hierarchy of the forces of darkness, in the light of transmissions of negative energies, the fifth abnormal faculty of the mind is then formed within you. When you permit a dichotomy to come forth amongst the normal four fundamental faculties of the mind, by your volition as aforementioned, you send invitation unknown to you, to the hosts of darkness.

This is the case hitherto with several earthmen.

The invitation sent forth by you in this connection to the realms of darkness, operates strictly in accordance with the inexorable Universal Laws, namely, the Law of Homogeneity, as well as the Law of Balance. Upon receiving your invitation to this end, the denizens of the vicious astral chambers will surely come.

When they come, they will certainly act according to their nature; the nature of the Mephistopheles systems. Their nature is to manipulate, to dominate and to ruin. They constitute the vicious cosmic network of rogues, referred to by the Great Lord Jesus the Christ thus:

> ***"The thief cometh not, but for to steal, and to kill, and to destroy: I am come that they might have life, and that they might have it more abundantly" (Jn. 10:10).***

As the hosts of darkness honour your invitation, sent

forth from man's fifth abnormal faculty of the mind,
they will arrive via the Universal-Super-Conscious-
Waves embedded in the Universal Law of Homogeneity. At first they will hover within the
elements of your microcosm.

At last, they will, from the propensities of the fifth
abnormal faculty of the mind, with your co-operation,
whether or not you know it, exercise dominion in
diverse fabrics of your ethereal environment.
Whatever dominion exercised there, will physically
be evident in all sorts of astral attacks against you.

The fifth abnormal faculty of the mind is what we
call 'uncircumcised mind' or 'corrupt mind' in the
Christian parlance. In the ancient Vedic Sanskrit
'sastras', it is known as 'mind in the mode of
darkness'. In noetic science, it is often referred to as
'mind's media of destruction'.

Waves embedded in the Universal Law of Homogeneity. At first they will hover within the
elements of your microcosm.

The fifth abnormal faculty of the mind is what we
call 'uncircumcised mind' or 'corrupt mind' in the
Christian parlance. In the ancient Vedic Sanskrit
'sastras', it is known as 'mind in the mode of
darkness'. In noetic science, it is often referred to as
'mind's media of destruction'.

The four fundamental faculties of the

mind have
their embellishments in Light, when they uphold
their normal sacred modus-operandi. This includes
righteousness, peace and joy in the Light of the Holy
Spirit. Conversely, the fifth abnormal faculty of the
mind has its own propensities, by which the
earthman is enslaved to the forces of darkness.

Now, the fifth abnormal faculty of the mind, formed
by the hosts of darkness with the total cooperation of
the earthman against himself, by means of high
profile vicious astral manipulations, has five major
propensities. These are the five major channels of
vicious astral attacks against the children of men.

These include:

1. LUST,
2. ANGER,
3. GREED,
4. VANITY and
5. ATTACHMENT TO MUNDANE THINGS.

Whenever any of these plays out in the life

of the
earthman, then the negative energy of darkness is at
work. When any of these plays out in the mind of the
earthman, then one or two or possibly all the doors of
vicious astral attacks will stand open against the
person involved. Consequently, the vicious astral
intruders will arrive.

This, however, is based on the intensity of one's
involvement. For instance, in their use for vicious
astral attacks, based on the metaphysical
classifications of psychic intensities of the astral
legal right of attack against the earthmen, some
ethereal percentages are situated in the abnormal
faculty. Thus, the channel holding forth for lust
constitutes fifth percent; anger holds twenty percent;
while each of the channels of greed, vanity and
attachment to the material things of life has ten
percent.

From the foregoing, let it be clearly stated that the core channels of vicious astral attacks against humans are lust, anger, greed, vanity and mundane attachment. All that we call 'sin' are completely encapsulated in these five propensities of the fifth abnormal faculty of the mind.

The moment the door of vicious astral dominion is opened against a person via any of these, the individual will enter into the lowest strata of existence known as 'Zero-Point'. It is at this point that one lives as a slave in the Creation of the Almighty God, which shouldn't be. It is here that all sorts of wickedness and negative energies are sent forth to dominate the earthman and his environment. The environment here isn't in strict literal sense, but in the terms of microcosm.

Whatever comes against the earthman to manipulate him, to enslave him, dominate him or ruin

him, are
from the realms beyond, within the aforementioned
frameworks. All that you know or hear, associated
with the devil, work along these lines. All that you
read from the Holy Scriptures and the sacred
writings of the world religions, about sin, iniquity
and abominations, are offshoots of the fifth abnormal
faculty of the mind.

Now, in the light of the foregoing, let no earthman
consider it unjust from the Almighty when the
predicaments, attacks, manipulations or vicissitudes
of the vicious astral entities – forces of darkness –
overwhelms his earth-life. Rather, let him know in
the light of truth that these are the product of the fifth
abnormal faculty of his own mind.

CONCLUSION

Earthman, in general terms, you are yet to
comprehend the eternal essence of the Light

of God,
practically demonstrated in the world of man by the
Great Lord Jesus the Christ. This great Light is
manifested for our victory in the battles of life.
Believers in Christ, remember that we are not given
the spirit of fear, but the Spirit **"of power, and of
love, and of a sound mind" (2nd Tim. 1:7).**

Once again, let it be known that the vicious astral
entities, which we refer to as the forces of darkness,
operate against the children of men via the misuse of
the four fundamental faculties of the mind, by which
the fifth abnormal faculty of the mind is formed.

Therefore, we must live above the propensities of the
fifth abnormal faculty of the mind – lust, anger,
greed, vanity and attachment to the material things of
life. By this we will transcend all that seek to hold us
down in the journey of life.

Under the framework of psychic bondage,

you may
speculate on the fallacy that the power of the devils
are overwhelming. But you must know that you are
the one who attract and empower these hideous ones
against yourself.

In your ignorance, you go about seeking deliverance
from the network of bondage in wrong places. You
grope for spiritual assistance via the so-called

religious sacred rituals. Thus, you place yourself in
the position where the 'wise' feeds from the 'fool'.
This is nothing but a further display of lack of
knowledge. The Lord of the Universe Himself even
said: **"My people are destroyed for lack of
knowledge" (Hos. 4:6).**

Earthman, seek Christ, in divine terms, not in
organised religions terms, however. Stand upon the

foundation laid by the Great Lord Jesus the Christ,
for all generations of the children of men. Therein
lies the Eternal Light of the Almighty God; therein
lies our total victory over the hosts of darkness and
their negative energies. Seek Him who alone will
save you from yourself, and you will be free indeed.

A word is enough for the wise.

Let eternal Peace and Blessings of the Almighty
abide with the reader of this material, now and
forever more. Amen.
