Venus has a beautiful name and is the second planet from the Sun. It's terribly hot—even hotter than Mercury—and its atmosphere is extremely poisonous

Process Diagrams

Process Diagrams

Venus has a beautiful name and is the second planet from the Sun. It's terribly hot—even hotter than Mercury—and its atmosphere is extremely poisonous

Mercury

Mercury is the closest planet to the Sun and the smallest one

Mars

Despite being red, Mars is actually a cold place

Earth

Planet Earth is the third planet from the Sun

Jupiter

Jupiter is a gas giant and the biggest planet

Process Diagrams

Venus has a beautiful name and is the second planet from the Sun. It's terribly hot—even hotter than Mercury—and its atmosphere is extremely poisonous

Process Diagrams

Venus has a beautiful name and is the second planet from the Sun. It's terribly hot, even hotter than Mercury, and its atmosphere is poisonous. It's the second-brightest natural object in the night sky after the Moon

Mercury is the
smallest planet

Mercury

Venus has a
beautiful name

Venus

Planet Jupiter is a
gas giant

Jupiter

Despite being red
Mars is cold

Neptune
Neptune is the
farthest planet from
the Sun

Jupiter
It's the biggest
planet in the Solar
System

Saturn

Saturn is a gas giant
and has several rings

Mars

Despite being red,
Mars is actually a
cold place

Instructions for use

In order to use this template, you must credit [Slidesgo](#) and [Freepik](#) in your final presentation and include links to both websites.

You are allowed to:

- Modify this template.
- Use it for both personal and commercial projects.

You are not allowed to:

- Sublicense, sell or rent any of Slidesgo Content (or a modified version of Slidesgo Content).
- Distribute Slidesgo Content unless it has been expressly authorized by Slidesgo.
- Include Slidesgo Content in an online or offline database or file.
- Offer Slidesgo templates (or modified versions of Slidesgo templates) for download.
- Acquire the copyright of Slidesgo Content.

For more information about editing slides, please read our FAQs or visit Slidesgo School:

<https://slidesgo.com/faqs> and <https://slidesgo.com/slidesgo-school>

Infographics

You can add and edit some **infographics** to your presentation to present your data in a visual way.

- Choose your favourite infographic and insert it in your presentation using Ctrl C + Ctrl V or Cmd C + Cmd V in Mac.
- Select one of the parts and **ungroup** it by right-clicking and choosing “Ungroup”.
- **Change the color** by clicking on the paint bucket.
- Then **resize** the element by clicking and dragging one of the square-shaped points of its bounding box (the cursor should look like a double-headed arrow). Remember to hold Shift while dragging to keep the proportions.
- **Group** the elements again by selecting them, right-clicking and choosing “Group”.
- Repeat the steps above with the other parts and when you’re done editing, copy the end result and paste it into your presentation.
- Remember to choose the “**Keep source formatting**” option so that it keeps the design. For more info, please visit **Slidesgo School**.
