**How to use this remedial student template**

Work on the sheet named "Remedial data". That is the only sheet you need to fill in.

Do not change row 1. It has the column titles. Leave the wording and order exactly as they are.

Row 2 is only an example. You may delete that whole row, or replace it with your first real student.

Add each student on their own row, one row per student.

Stream: click the cell and pick one option from the drop-down list.

Exam center: click the cell and pick one option from the drop-down list.

Exam center campus: click the cell and pick one option from the drop-down list.

Student ID: type the student identification number you use for this person.

Admission number: type exactly 7 digits. Use numbers only, no spaces or letters.

FAN number: type exactly 16 digits. Use numbers only, no spaces or letters.

FAN number must be unique for each student row in the upload file.

Use this order exactly: Stream, Student ID, Admission Number, FAN Number, First Name, Father Na
Name, Gender, Isblind, Isdeaf, Exam Center, Exam Center Campus, Phone Number.

First name, father name, and grandfather name: use letters only. You may use a slash (/) if you ne

Gender: choose Male or Female from the drop-down list.

Blindness: choose Yes or No from the drop-down list.

Deafness: choose Yes or No from the drop-down list.

Phone number: type exactly 9 digits. Use numbers only, no spaces in the cell. Layout guide: ( 9 **
total, typed together like 912345678 (each * means one digit).

When you are finished, save the file as an Excel file (.xlsx). Then upload it using the upload page o
