PREFACE

This book is a special spiritual book for this millennium it is a book that reveals secrets and practices of Satanic Landlords, evil co-tenants and territorial powers prevailing in the society. It gives details of recognizing signs of an occult house, the effect of living in such house, techniques and warfare methods of escape, how to go about quit notice and the way out of terrible mess and blows experienced by tenants.

This book shall serve as an instrument of freedom that uproot and demolish every form of illegal structures such as poverty, sickness, afflictions, disappointments, frustrations, spiritual and physical attacks, impotency, bareness, financial insolvency, evil initiation, evil covenants and curses planted in the lives of tenants.

Thus every human invention substituted for God’s commandments in your life shall become worthless. Amen.

DEDICATION

This book is dedicated to the **HOLY GHOST** for inspiring me to write this eye opener book.

APPRECIATION

My appreciation goes to my dedicated wife, **MRS NGOZI OLAYERI,** who typed the manuscript of this book and designed the cover page. Despite the difficulties we encountered, she never lost hope.

My darling wife I say thank you. My appreciation equally goes to my lovely children, **MISS IBUKUN, DAVID, MICHAEL, COMFORT and MERCY.** They encouraged me day and night as I write this book.

Respect and honour should be given to who is due. Favour comes from God and men as well. My calling (writing evangelism) met the timely support of a particular man of God, preacher, teacher, prophet and General Overseer. He awakes my inner man and gave me sound spiritual support. Without his earlier support for my first book, ***Fire for Fire Prayer Book*** and subsequent ones, I may not be where I am today in Christian literature writing. He gallantly stood by me in fulfillment of my calling.

This book you are holding is a testimony of my claim. This book wouldn't have seen the light of the day, if not for the spiritual encouragement I gathered from my father

in the Lord who served as spiritual mirror that brightens my hope to explore my calling.

I am talking of no any other person than the **General Overseer of *MOUNTAIN OF FIRE AND MIRACLES MINISTRIES WORLD WIDE*, DR. D. K. OLUKOYA.**

Once again, I say thank you sir. Your support has yielded yet another earth shaking book.
THANKS
Evangelist Tella Olayeri.

CHAPTER ONE

TYPES AND CATEGORIES OF TENANTS

We shall start by asking the question, who is a tenant? By definition, a tenant is a person who pays rent for the use of land, a building, a room etc. A tenant is therefore not the owner of space, apartment or house he or she occupies. The owner of such property is called Landlord if a man and Landlady if she is a woman. Such tenant goes into tenancy agreement with the Landlord or Landlady.

Tenancy agreement is a vital document signed by a tenant as soon as he packs into a house. It is an agreement paper or instrument that spells out rules and regulations that guide the relationships between a tenant and a Landlord or Landlady. A lawyer standing on behalf of the Landlord drafts the tenancy agreement.

The following are most of the rules always found in a tenancy agreement.

a) To pay the said rent at the times and in the manner aforesaid.
b) To pay, for all electricity consumed on the demise properties
c) To use the demised premises as accommodation only
d) To maintain the interior of the demise premises in good repair
e) To pay the withholding taxes, vat and a portion of rates and taxes and other outgoing in respect of the premises
f) To permit the Landlord and all persons authorized by him at all reasonable times upon giving reasonable notice in writing to examine the state and condition of the demise properties.
g) Not to dirt the wall of the premises
h) Not to rear domestic animals or birds in the premises
i) Not to affix signs to the exterior demised premises without the consent of the Landlord.
j) Not to store or allow properties or belongings to be stored in steps, passages, corridor, balcony of the premises
k) Not to alter the demise properties without the Landlord's written consent.
l) Not to assign or sublet the premises without the Landlord's written consent.

m) Not to do or permit or suffer to be done upon the demised premises or any part thereof anything which may become a nuisance, annoyance or cause damage or inconvenience to the Landlord or occupiers or neighboring premises. By and large, a tenant that so agree to tenancy signed by him is covenanted to it. They are what Landlords use against tenants in time of dispute.

From research it was gathered that tenants fall into different classes and categories. Such classes and categories shall be discussed fully as follows.

1. **PAY AS YOU EARN TENANTS**: This type of tenant is the most common among classes of tenants today. They are so called because they pay their rent as soon as it is due. Either monthly, quarterly, half yearly or annually depending on agreement reached with the Landlord. In most cities and towns rents are payable on annual basis while monthly rent system are adopted in hinterland towns and villages. As soon as tenants pack into the house, he or she signs a document called tenancy agreement.

2. **EXECUTIVE TENANTS**: These are tenants that doesn't pay rents directly to Landlords but live freely in such house. They are non-governmental staff and are executives of companies e.g. Directors, Chief Executive Officers, Senior Managers or workers of company's organization. Such executives have house helps that equally enjoy free stay as does their boss.

Many companies provide staff quarters within the company premises or build one outside the company premises for workers. This is a good step if it has no hidden agenda. I said so because there are cases of chairmen of companies providing accommodations for their staff only to learn later that such staff have been drafted into one cult or the other. When a worker refuse to join such cult, which they call 'club' then he is in for it. It will be attack upon attacks. There was a case of a brother who was doing fine in his company in Lagos but fell

victim of this type of situation when he applied through newspaper for a higher position of Chief Accountant in a popular one man business in the Eastern part of Nigeria. Definitely most of this so called big time business men in our society today belongs to one cult or the other not minding if, such person is from western part, Eastern part or Northern part of the country.

When this man eventually succeeded in getting this juicy position, he was given a flat in the house his chairman lived. To his surprise, three months after packing in, he started noticing visible marks in his body anytime he wakes in the morning. He was still nursing this in mind, when he noticed that anytime he is in his bedroom or in the bathroom, he will hear noise, footsteps and discussions going on in his sitting room while his entrance door was under lock and key.

He said if he rushed out and says "Who are you"? Such discussion will stop. It was then that he suspected existence of evil visitors or strangers in his apartment. To his uttermost surprise, despite the fact that he is earning far better than what he was earning earlier, he could not continue-with his personal building project which he embarked upon before he left to East.

At last this man was introduced to one of Mountain of Fire and Miracles Ministries (M.F.M.) branch in the East for deliverance. After going through it, the voice of evil visitors in his apartment stopped while evil marks in his body seized. But one thing happened, which surprised this man, as he was praying fire prayers in his flat one night. His boss (the chairman) who never visited him since he packed in came knocking at his door at about 2 0' Clock in the midnight. He asked who the person is, and the chairman answered. He opened the door but to his amazement his boss did not say two things but utter the word. ***"I am here to introduce you to my club, sign this paper as one of our members".*** A blank paper was then tendered to him for signatory. He refused to sign it by replying that he is a Christian and he is not ready to join any *club* whatsoever. This infuriated his boss who left in annoyance and promised to *deal* with him.

This man rushed to church the following day and relate everything to his Pastor, who later gave him hot fire prayer points to use until he is able to secure

better alternative job. Not quite long this young man was let loose from the den of Lion called free accommodation. Not quite long he secured a better job. Praise the Lord. Halleluiah.

3. GOVERNMENT EXECUTIVE TENANTS. These categories of tenants are the set of people that are least expected to .be referred to as tenants in the real sense of it. They include top government functionaries that are by law given free accommodation, Head of States of most countries, Ministers of federal ministries, Senior Executives in government functionaries, State Governors and Commissioners, Senior military personnel and top Judicial officers fall into this category. It may sound funny in your ears that the Head of State of Nigeria is a tenant! Aso Rock, only serve as residence of any current President or Head of state of the country. Every current Head of state occupy and leave after the expiration of his tenure in office. He cannot lay claim to it. It is the property of the nation, not that of an individual. The problem with most of these political officers is that they end up not having a house that can be referred to as theirs. The reason is that they have long been living in high tasted furnished homes thereby forgetting that one day they will leave or retire from office. It is not news however that a once military Head of State of Nigeria who ruled for nine years fell victim of this circumstance.

This Head of State stayed in Dodan barracks for nine years, forgetting that he was a tenant. He was overthrown in a bloodless coup while attending a meeting of African Head of States in Adisababa, Ethiopia. From there he fled to Britain. At last when he planned coming home it was then dawn on him that he has no house he can call his! What a pity. It took combine efforts of his state government and kinsmen to raise fund to build a house for him. He is not the only person in this shoe as many top military officers always forget to build personal house while in office but get confused when it remain one or two years ahead of them to retire from office. Many Government executives that live in Victoria Island and Ikoyi Lagos are not left out. They always find it difficult to go outskirts of Lagos to buy land to start a building of theirs; At last they are always filled with regret, as they don't always have where to pack to in time of emergency. As good as it is to leave in government quarters, so it is dangerous to forget that one is a tenant. Therefore you are warned!

4. LANDLORD TENANTS. These categories of tenants are tenants that have personal buildings but still leave in rented homes. Such steps are sometimes taken on personal ground, such as when the new house is far from his office or from the school of his children. Sometimes it may be that where his new building is situated is still remote. Whatever may be the excuse the bottom line is that the person in question owns a house but he doesn't stay there

5. FOREIGN LANDLORD TENANTS. This set of tenants builds house in a different country far from where they presently stay. Thus the currency paid as rent to him, is quite different from what he pays where he lives.

6. TENANT FARMERS. This means someone who farms on land rent out to him/her. Such farmer goes into agreement to pay certain agreed amount yearly as rent but renewable after cultivation. This is very common among Kolanut or Cocoa farmers that rent out their crop land for an agreed time to willing farmers who pay an agreed amount.

7. OPEN SPACE TENANTS. Open space tenants are tenants that pay for space given to them for use. Road side mechanics, rewire, panel beaters, spray painters etc. that use open land for business fall into this category. The main problem with this set of people is that they are fond of coming together to make charms against owner of such land in other to take over the land or rather send the owner on journey of no return. In some States, Mechanic village is built for them while rents are paid to Local Government in charge.

8. MARKET TENANTS. These are people that sleep in markets. They don't have rented house that can be called theirs. Most area boys fall into this category.

9. LONG ROOM TENANTS. These are talents that pass night in an open room for a daily token amount. The rule is ‘pay daily before you sleep’. A room or two will be occupied by males while others are occupied by females, depending on their proportions in terms of number. Many strugglers in Lagos metropolis that doesn't have a place to stay find themselves in this class of people. Common features among them are occurrence of unwanted pregnancy, keeping bad gang and exposure to hazards of life.

10. EMERGENCY TENANTS. These are tenants that occupy uncompleted buildings or house under legal dispute or a house whose true owner is dead but the children are not willing to give it out for rent due to family dispute. Such house often becomes avenue for people looking for free accommodation. There is a popular white building along Ikorodu road in Lagos that fits in here as an example. This house is mighty in structure but has been taken over, by miscreants.

11. SLEEPING LANDLORD TENANTS. These are tenants that pay to a tenant of an apartment (mostly flats) and occupy a room therein. Such first tenant can be referred to as sleeping Landlord. They collect money from a tenant to be, by subletting a part of their apartment to him. Problems arise when such sleeping Landlord is served quit notice, which automatically affects anyone that rented part of his apartment.

12. FREE TENANTS: they are tenants that don't pay rent for where they stay, but pay light bill of the apartment so occupied. Such tenant may be junior sister or relative to the Landlord or Landlady

13. TENANT OF TENANTS: These are set of people that squat with true owner of a room. Such person does not pay rent but live on grace. Such person is not answerable to the Landlord or Landlady. Anytime quit notice is served on true owner he is equally affected.

14. UNDER THE BRIDGE TENANTS: These set of people live under the bridge. They do not pay rent or answerable to any person that can be referred to as Landlord. Many children who learnt in their village that there is money and enjoyment in Lagos and don't have where to stay as soon as they arrive Lagos always find themselves living under the bridge.

15. ACADEMIC TENANTS. They are class of tenants that pay for space so occupied. Their number in a room starts from two upward. Sometimes they can be up to twenty in a room. Students in campuses fall into this class.

16. TIME TENANTS: There are tenants that lodge in a room overnight and quit the following day, Travelers that are hooked up in an unknown place fall into this class.

17. DIVINE TENANTS: Every living soul on earth fall into this class. There is a popular saying that we are strangers in this world. Sooner or later we shall all die and go back to give account of our stay here on earth. Although we do not pay anything as rent to God who created us, but we shall all give account in terms of our deeds and how we utilize our talents here on earth.

From the above it can be concluded that everyone is a tenant in one form or the other not minding if you live in your personal house. **Thus every one earth is a tenant!**

CHAPTER TWO

BEWARE OF OCCULT AND WICKED SIGNS.

Looking for a house to live is not a thing, believers should take very lightly. In the course of my evangelism I have seen and heard many terrible things that have befallen Christians as a result of the house they lived. Therefore, before a believer should think of looking for a house to rent, he/she must engage in serious prayers. There are some signs one should take into cognizance before and after packing to a house. If you discover the signs, note that it is not a place to live. For detail and better understanding, this topic shall be treated under two headings.

(A) Recognizing signs before a tenant packs in.

(B) Recognizing signs after a tenant might have packed in.

A tenant may not know problems prevailing in a house before he or she pack's in. It is thereafter rumours, news and practical things that happen in such house is revealed. Such revelations may be immediate or later, depending on the level of discussions with tenants or with people living in the environment.

Beware of the type of house you rent. Many have made mistakes by renting devilish homes that brought stagnancy to them and generations yet unborn. Mistakes are terrible things that one must pay for when made. More so as you can't turn back the hands of clock to correct it. Where you are today is as a result of choice rightly or wrongly made yesterday. If the step taken is wrong, definitely you shall reap it in future except if violent prayers are made. Some houses does not hide their satanic nature, they are well advertised. The gravity or effects of such satanic advertisement may not be known instantly but shall surely manifest in the nearest future.

The first sign is **tying and hanging of charms, fetish objects and talisman on door post entrance.** Such objects can be seen or recognized as soon as one enters such house. It represents satanic bank or strongman that robs victims of their virtues. Such objects are always in the form of ***small calabash*** with some concoctions, satanically tailored ***white small bag*** that contains devilish materials, ***broom*** etc. Such objects are tied at all entrance leading to the house. They are implicative and questionable. The summary of information such Landlord or

witchdoctor is passing to intending tenants is this. ***"Your finances, wealth, progress and virtues shall be caged and satanically banked in these containers. Whenever you finally manage to pack out of this house, your story shall be in sorrow and woes.*** *Thanks, you are welcome.* "This is a point of offer and acceptance. So you either accept or reject it at this junction. The moment one pays for such apartment, it means acceptance of offer has been reached. The offer is therefore signed, sealed and delivered. Satan does not miscalculate in his satanic mathematics and calculations. He always proof points as he acts. While satanic broom so mentioned above is meant to sweep good things out of victim's life and destiny, the calabash and the white bag collects virtues. No escape, except by violent and acidic prayers.

2. Another sign common with satanically baptized houses is **burial of cowries, animal blood and other satanic** ingredients on the floor leading to the entrance of the house. The digging will be carefully done that passerby will match on it unknowingly. On the surface of such dug place are a number of cowries planted on it. The cowries are always seven, twenty-one or more depending on combination of evil materials used. One of the major reasons why seven cowries are used is that a week has seven days, meaning that each day is assign an idol or monitoring demons to trap victims down. Another reason why such digging and burial is centrally placed is to take X- ray of victims for evil acts. Also, it stands as a means of sealing covenant of wastage between unsuspecting tenant and such buried.

3. There is no immediate satanic signal as **seeing shrine, idol tent or house in a compound.** The first thing a visitor will notice is a shrine made of gathered stones, old and unused cutlass, feather of sacrificed hen or cock, traces of blood, broken calabash, dry or wet palm front etc. On the other hand, such things are given small cover in form of small hut. This is very common in places that belief in ancestral connection, herbal or magical powers. It is prominent in Benin City and it’s environ, most towns and villages in the western part of Nigeria, very rampant in most villages in Delta State of Nigeria

and magnificent buildings in the Eastern part of Nigeria etc. Such shrines are destiny cages. As one find it difficult to see a child of herbalist making it in real life, so it is almost impossible seeing tenants in such houses progressing.

Whenever evil rites are carried out in such house, spiritual covenant is reached between dark powers in that house and the second heaven against the destiny of occupants. Thus; such house becomes battleground. By this, any tenant that is not militant in prayer easily fall prey to such situations. This is why tenants should pray without ceasing because decision taken by such Landlords can bring untold hardship and emergence of wasting giants upon the lives of tenants. Thus, their operational philosophy adds no moral or spiritual value to lives but hardship and sorrow.

4. Another source of information or signal is **genuine information gathered from neighbours living around such place.** Information gathered from people living around always serve as first class information. After gathering such information it is now left to such tenants to decide.

The next signals we shall discuss now are those, which a tenant may see, feel or hear ***after renting the house.*** Before we go on to discuss these evil signs pray these five prayer points with holy anger and with all strength in you.

A) Thou monster assign to attack my family roast to ashes in the name of Jesus.

(B) Thou enemy of my joy die in the name of Jesus.

C) Thou coffin of death assign against my family bury your owner in the name of Jesus.

'(D) Every power assign to destroy my glory die.

E) Every witchcraft strongman in charge of my destiny your time is up, therefore die in the name of Jesus

5. A tenant living in an occult house is encircled by **different shapes and forms of problems called mountains** that will not let him go. They range from mountain of poverty to mountain of depression, mountain of sorrow, mountain of sickness and diseases. They are boasting powers that threaten and wreck destinies. Therefore, if you are living in a house and there is no sign of progress, whereby you cannot point to a particular thing as an achievement for

a number of years in that house, you better check yourself or take an X ray of the house and environ as well. As a tenant, you are in a position to assess and be able to give vivid and accurate analysis of each tenant in your house. The questions you may quickly ask are is there any progress made so far by anyone in that house? Is there any possibility of only one person progressing while others are mere living creatures? Do tenants that came into the house with cars, electronics, properties etc. still possess them? Have they not sold them one after the other? Are such electronics or cars still functioning? If answers to these questions are contrary to signs of progress know definitely that such house is bewitched. I have seen a family who pack to a house with two commercial buses, a car, and properties of high value and ended up a beggar. The family lost all they had and lost three of their four children mysteriously! The agony was crowned with sudden loss of job by the spouse same week, same year. What a sad situation, to a family that gives out cheerfully but suddenly turns to beggars. It was then that they realized the house they rented could best be described as house of waster. Their condition was so critical that if they walk on street and see pool betting paper on the floor they mistaken it for money! Their properties, which filled a big 911 lorry hardly, fill two wheelbarrows when they escaped the den of lion. What a pity, what a disaster, what a bad experience.

6. Another vital sign of an occult house is **ability to notice fear in your sleep timetable**. If you notice that anytime you sleep in your house you always have horrible nightmare. If you experience been pursued in the dream or caged in the dream. If you always wake up tired or beaten up in the dream but use to have sound sleep outside your house, know that your house or habitation is possessed.

7. There are some homes where the Landlord or Co-tenants do **celebrations that call for questions or notice.** When you notice that your Landlord or Co - tenant is fond of killing and distributing fresh meat, fried cake, cooked beans or food to tenants under the pretext of doing one celebration or the other be suspicious. This is so because it is a way of siphoning wealth of

unsuspecting tenants. Do not ever receive satanic foods of such again. It is dangerous

8. There are occasions when Landlords .do simple things, that may not be counted dangerous. Let me explain with this simple example. There was a particular bungalow house with six rooms in Lagos. The Landlord stays in this house occupying two rooms of the six rooms. Four tenants occupied the other four rooms. A tenant and his family occupy a room each. All tenants are workers but they have nothing to show for it. The doorpost to the house has its normal occult signs. Also, as one enters the house he will match a spot where cowries are buried on the ground." This is the type of house they live. This house can best be described as a house of stagnancy.

But something strange happened. The Landlord of the house is progressing, living fatter and fatter while every other tenant is living a stagnant life. A little while quarrel broke out between one of the tenants and the Landlord over an issue.

Then the Landlord promised to deal with that family. As the heat continued this man went to a Pentecostal church for counseling. There it was revealed to him that his Landlord has caged the mind, virtues and blessings of every tenant living in that house through ***satanic early morning birth.*** This brother could not understand and so he asked for the meaning. The man of God asked him the question, who is the person that always bathe first in the morning in your house? He looked up in surprise and said he noticed that since he packed into the house the Landlord always take his birth first before anybody did. The man of God says fine, good observation. Now you will do two things. Number one, take this prayer points do night vigil with it for seven days and read this and this portion of the Psalms into the water before you bath with it. Secondly, make sure you are the first-to go into the bathroom for bath these seven days.

This young man did as he was instructed. To his surprise the first day after his vigil, he went to bath as early as 4:30 am. And so he did second day, third day, The Landlord become uncomfortable. In the night of the third day, the

Landlord lost his first son. This tenant did not stop but continued taking is bath first, fourth day, fifth day, sixth day. On the sixth day the Landlord came before the tenant prostrating and begging him to look for alternative accommodation.

The tenant told him that he is not fighting him nor have any quarrel with him. To the surprise of the tenant on the seventh day as he poured the first plate of water on his body, second plate, third and fourth plate he heard .a loud shout from the Landlords apartment. What happened? The Landlord wife was gone. She is dead. At the end the Landlord packed out of his house for tenants. Fourteen months later the tenant packed to a flat while lives of those he left behind changed for better

The covenant, which the Landlord made, was that taking, birth first every morning gives him opportunity to steal virtues of other tenants. The day the covenant was broken, was the day his occult power backfired.

9. **Evil night cry and discussions made by unseen people** are practical signs of a bewitched house. Either wicked acts of Landlords or tenants possessed most houses. There was a case that happened in a house in Oshodi-Lagos, Nigeria. According to report, this house was used as clinic for a number of years ever before new tenants packed in. Some weeks later they started hearing cries of little babies at night. It was a surprise to them as no one among them has nursing baby at hand. This fearful cry will start around one O' clock midnight simultaneously in all rooms, kitchen, toilet, passage of the house and balcony at the same time. What a horrible situation? What a pandemonium? What chains of sleepless nights? Why paying for omission of others? Why the agony of persistent nightmares? What is the cause of all these? Now what is the way out?

These and many other un-printed questions filled the mouth and heart of tenants. And so one day, they called for a; very powerful prophet who came to do three days night vigil with them. In one of the days of the Vigil, it was revealed to him how little babies were placed inside black cellophane, nylon bags, while scores of death of little babies were not grieved upon. As they fire more prayers he heard the voice that say "abortion, abortion, abortion, immoralities of the highest order". It was at this junction that he asked the identities of former tenants of the building. There he was told that the place was used as a clinic/hospital ever before they pack in. This gave him an insight to

their plights. What really happened was that the clinic carried out so many abortions while in operation in that house. It was the spirit and blood of those little children that cried for help, vengeance and total outcry. It was when much deliverance and cleansing was carried out that peace started reigning in the house.

10. Close to the above is that **a house built with blood money can experience such.** There was a case of an estate in a very big city in certain part of Nigeria. This estate belongs to a non-Christian that owned chains of companies in the country. What happen to this Estate, you may ask? Despite the fact that people searched for house to rent in this part of the city, there exist estate of about fifty flats that were vacant. Why? It was learnt that each time a tenant rent the flats they will start hearing serious discussions, shouts and cry of agony of people. Sometimes tenants do experience several knocks at their doors with multiple tones and voices, saying "pack out" "where is my head" "I beg leave me, leave me do not kill me" "my blood shall avenge upon your children" "If you sleep here tomorrow you will die". All these fearful and unexpected voices of attacks make every tenant pack their bags and take to their heels a month after .they pack in.

Cry of sorrow by these unseen persons is the cry of people killed for money rituals.

As at press time these flats still remain vacant while thousands of people are out looking for houses to rent. No one dare occupies it.

11. A house can also be termed satanic or occult if tenants realize **cry or visit of satanic animals at night or during the day**. In a house where satanic animals such as mouse, rat, bush cat, (Ologbo in Yoruba language) keep on crying at night, perpetration of evil is not far from such house. Other strange animals or birds of this category include Vulture, Bat or Owe (Owiwi in Yoruba language) Seeing Owe in a house means announcement of impending death of someone close to you.

Persistent appearance of vulture in the dream or in physical in a house without seeing remains of dead animal in or around such house is a sign

of impending doom as well. It is a rare bird that announces negativity to life. There was a house that witnessed this in Lagos, Nigeria. What happened was that each year a vulture or two will fly from nowhere and descend upon, the front yard of that house, stare at tenants and then fly. Within seven days one or two people will die. Anytime such evil vulture came death was always the result

But the year they were able to kill the vulture the Landlord of the house wave bye bye to the world. He died.

12. Persistent cry of Dogs in a house at night or in hot afternoon, signify presence of evil spirit. Such spirit may be the power ruling that environment. What a dog sees, ordinary eyes can't see. The cry of cat beside your window at night or at your door entrance at night is a symbol of witchcrafts

Witchcraft spirits always use cat for evil both at night and during the day. This reminds me of a case that happened in the early hour of the day at Akure, Ondo State. It all happened like this. A taxi driver saw a cat that was about crossing the road in speed in the early hour of that day. Luck ran against the black cat as the taxi cab mistakenly knocked it down. Within a twinkling of an eye the cat turned to an elderly woman with blood gushing out of her. The taxi driver packed and raised alarm. Other passing by vehicles stopped to know exactly what happened: The taxi driver narrated his side of the story. He said, I saw a fast running cat trying to cross the road and I knocked it down thereby it turned to the woman feeling unconscious on the floor. As he pointed at her

On further interrogation the woman confessed she was coming from a witchcraft meeting and was already late. She was in her move to beat time when the driver knocked her down while still in form a cat, Everyone present was surprised-as most of them only count such stories as myth

But that day myth turns to reality. The question now is how many lives have this witchcraft woman destroyed? How far has she gone in-destroying lives of tenants or even the landlord of her house? How do her children fear? Are they

progressive in life or stagnant? Has she not tabled them for contribution in their table of darkness for pepper soup? These are questions that needed to be answered by this wicked Jezebel of her time.

13 Another sign to a tenant living in an 'occult house is when **tenants experience swollen head at night.** If each time you go to toilet at night you suddenly experience swollen head due to unusual charged atmosphere know that something is wrong with your house. Also, if each time you enter your house fear grips you, you always experience swollen head or your body moves as if cold enters you, know that your house can be described as an occult house.

In such house you have to pray serious prayers against ***accidental discharge of wicked arrows*** **against your family**

This is so because anytime such things happen as you visit toilet at night, you might have caused disturbance to evil meetings going on there. They may be furious against you. If you have experienced such before I will advise you to pray below prayers with violence and holy anger

1. Any man or woman eating salt, drinking water and still perfecting evil against me die.
2. Anything heaven did not apportion me and enemies did, be cancelled by the blood of Jesus
3. I refuse to go naked in my Habitation in the name of Jesus
4. I and my family shall not experience mourning of whatever form in the name of Jesus.
5. When mess is passed out, it disappear into thin air, when vapours goes up it never return to its base when smoke goes up it disappear but never return. Therefore my problem as you appear, disappear by fire in the name of Jesus.

These are prayer's that should be offered by serious minded people planning to harvest fruits of their labour.

14 Close to above signs is when inhabitants of a house experience **constant occurrence of chains of deaths.**

Many homes are noted for carrying out wake keeping, as mysterious death of children, parents or landlord's children are yearly occurrence. Sometimes it will fall within Christian ceremonies such as Easter or Christmas. These deaths are always sudden and unnoticed. At times little misunderstanding between tenant A and tenant B could lead to this. This is the type of cover up used by such wicked powers behind it.

15. Another vital, sign of an occult house is when tenants experience consistent occurrence of miscarriage. In a situation like this, such house may possess blood sucking spirit.

It.is such spirit that rage against pregnant women. In summary, such tenants experience what I call ***marital balance sheet deficit***. What is marital balance sheet deficit you may ask? It means persistent unfulfilled purpose in life or when all that are put into business sinks. In a broader picture, it means situations when capital invested cannot be accounted for. When creditors pursue one all around for payments owed. When debtors refuse to pay up what they owe. When business or personal vehicles suddenly get grounded without replacement. When your bank account is painted red. When your stock becomes obsolete or is crying for sale but no buyer. When your Tent is due but no money is available to pay up the bill. When you are desperately in need of money and opt selling your landed property, fixtures or fittings to feed or pay debts. When you are unable to pay up loan received. When you cannot be entrusted with money or goods. When you speak and people doesn't recognize or value whatever you say. **When economic doctors or consultants of the day are searching for veins of wealth in you to inject prosperity but couldn't find one. When you eventually become member of Association of Debtors Society of your countr**y. Know that you are in a wrong house. Your history has been re-arranged for evil. Your glory has been placed under serious questions.

These don't happen overnight. Such destruction takes gradual process and can be traced to either, forces of your place of birth, wicked powers of occult landlord, wicked arrows from evil co- tenants or powers of your father's house.

SOURCES AND CAUSES

The Loud question now is what are the causes of this evil experience by tenants living in an occult house? A cursed **land** may cause problems for tenants. Any land once used as burial ground or as spot for slaughterhouse, that is, satanic moneymaking palace. The agony, cry and curse pronounced by such victims do play strong revival of stagnancy and backwardness in the lives of inhabitants on such land. Imagine a thick bush, which serves as slaughterhouse for moneymaking. Such land must have been polluted with innocent blood. Every curse pronounced by them as they are slaughtered may have effect on people that eventually live on such land or environment. Also evil pronouncement or curse issued by workers building a house e.g. brick layers, carpenters or painters due, to non-payment of their wages may equally account for disaster.

Another source of problem is where **fight or question of ownership exists**. This can occur after the death of the Landlord. His children and or extended family may rise, up against one another in charms or through the use of powerful incantations to suppress or kill one another as to take possession. This happen when no written document or Will is in existence. At the end, tenants may end up carrying evil loads they know nothing about.

Another common source of problem is when charm of protection is buried on such land. Satanic protection negates God's protection. In such house when a tenant pronounce, in the name of Jesus without first paralyzing contrary powers within the habitation such prayers may not be answered. One important thing here is that Satan is not a free giver. What most Landlords forget is that if devil gives someone one thing he takes more than enough from you. This may include sudden death, constant loss of job, persistent call at hospitals or rush of children to clinics.

Any house financed by ill-gotten wealth may have negative effects on tenants as well. ill-gotten wealth here includes among others, blood money ·gotten from robbery, wealth acquired as a result of bloody fight over properties and land, money gotten from human rituals, money gotten from accident victims etc. There was this officer who confessed that he used to make thousands of Naira anytime they are drafted to rescue or pack motor accident victims to the mortuary. It is not uncommon to hear cases of officers drafted to such incidents

searching pockets and bags of victims for personal enrichment. Such search is always done as thorough as if they are doing house cleaning. By this, cash, wristwatch, necklace, rings, earrings and shoes of victims become their personal properties. Not until after this is done that second thought is given to other victims begging for help to the hospital for treatment. Anyone involved in such action is spending blood money. If he uses such money to build, such building is under curse because the spirit of victims involved in tragic accident shall cry against him.

A loud and big question to tenants is, do you sanitize or cleanse your house in prayers before you pack in? As a matter of fact, serious minded people should do serious spiritual cleansing in form of prayers before a pin is taken into a newly rented house. If you know you cannot do it alone, seek the help of your Pastor, your group leader or prayer mates for fire prayers.

If you don't sanitize your house, it means you are just floating on water. Mind you what lives inside the water are bigger than what you see on it. Right inside the water are sharks, whales, hippopotamus, snakes, mammy water, shrimps, swamps, sand etc. One thing you should know is that, it is difficult if not impossible to know characters, attitude and behaviour of tenants and Landlord living in the house you intend to hire. Do you know demonic influence such tenants or Landlord possessed? Do you know if outgoing tenants worship demon idols (Shigidi), in such apartment? Do you know what such tenant faces before he/she took the decision of packing out? Do you know, if your intended apartment is experiencing evil burial? Do you know what former tenants dropped behind to affect it negatively? Do you know if such apartment or room is abode for evil powers? As tenants pack out of an apartment, some spirit will definitely follow him while some will wait behind saying, "let me wait behind and see if new comers shall be suitable for me. After all fresh meat is sometimes better than old ones" And so they stay behind. If you pack to such house and never be on fire, you are gone!

Be thorough with this book. Do not wave warnings in this book aside. Do not be ignorant of devices of the devil. If you fail to do them, it may be dangerous. But know that, ***"A disobedient fowl become submissive in a woman's pot"*** Do not be disobedient, I have told you!

Therefore as you enter such house, bind all contrary resident powers. Break and cancel all satanic embargoes. Cast away every evil power and decree

sudden death upon them.

This is exact battle you have to fight as a Christian. I wish you good luck. Amen.

NOW PRAY THESE PRAYER POINTS.

1. Every sacrificial blood of failure in my habitation, work against your owner in the name of Jesus.
2. Every sacrificial blood of destruction in my habitation, work against your owner in the name of Jesus.
3. Every sacrificial blood of poverty in my habitation. Work against your owner in the name of Jesus.
4. Every demonic pillar of witchcraft in my habitation, crumble to pieces in the name of Jesus.
5. Every evil pot in my habitation assigned to swallow my virtues and prosperity, break by fire and roast to ashes in the name of Jesus.
6. Every animal killed to work against my destiny catch up with your owner and destroy him.
7. Every bad medical report awaiting manifestation in my life catch fire and roast to ashes in the name of Jesus.
8. Every Landlord Spirit that wants to turn my children to orphan die
9. Every calabash of darkness assign against my destiny and household roast to ashes in the name of Jesus
10. Every demoting power in my habitation, working against my moving forward die in the name of Jesus.
11. Anything planted or buried in my habitation to harm me and my family backfire by fire in the name of Jesus.
12. Thou God of Elijah arise and thunder against power house of my enemies in the name of Jesus.

CHAPTER THREE

DEMONIC HOUSE AND THEIR EFFECTS.

By our discussion so far, it is not a gain saying that most houses are built on polluted land. Before we go on with this chapter, let's call God first unto divine operation in prayers.

Thus you shall pray below prayers with faith and with all aggression in you. Now pray.

I pronounce wealth of sufficiency upon my household.
Power that gush out water from the rock of Meribah, gush out wealth unto my family. Thou power that brought increase to oil in the jug of Shunamite woman announce surplus to my finances. My talents improve and increase a hundred folds. As sea never dry, my purse, wealth and prosperity shall never go dry. As hours and days counts undisturbed, my good luck shall not experience threat of the enemy, in the name of Jesus I pray. Amen

What is a demonic house you may ask? Going by what we have discussed so far, a demonic-house is a house enshrined with magical, idolatry or satanic powers troubling or eroding progress of occupants. People that use such dark powers against tenants shall be referred to as evil Landlord or strongman. Many Landlords seek helps from wizards, witchcraft, herbalists and secret societies before they erect their house. Effects of this are compound problem of agony, poverty, restlessness, afflictions, bad luck, tragedy etc. It is not a gain saying seeing houses pointed at with such comments as, "that house is demonic", "live in that house and rise no more" "gateway to hell and poverty" "Territorial dragon of this environment" "wealth swallower" etc. Such are the description of most houses

Many things operate in the dark, which is not open to ordinary eyes. Satan operates more in the dark than in the day. Wicked bullets fly so much at night. Deadly incantations and pronouncements are made at middle of the night. A wicked sacrifice does not see daylight but is done at thick night. Wicked judgments are finalized at night. Destruction of good plans, destiny and hope of people are always carried out at night. No other person carries out these than wicked occult men called evil Landlords.

An occult Landlord goes beyond the owner of a house.

A co tenant who is deeply involved in dark powers is satanic Landlord as well. When he practices witchcraft or use magical powers to rob his neighbors spiritually he is also an occult Landlord. Such co-tenants are Pharaoh or Goliath that keep blessing of neighbours in satanic warehouse and remain heartless and happy at doing so. Tenants in some houses are more powerful than the actual Landlord. A house with five witchcraft means that innocent tenants may end up losing their virtues to them or pay rent to as many as 'five Landlords' at a time! What a. bondage.

Another type of Landlord is ***territorial powers*** that control an environment. For example if your house is located in a zonal witchcraft meeting place, your peace may be threatened. If your house is located not far from a shrine or idolatry home their powers and dominion may spread over a person. These territorial powers are strongmen that exert powers over their" domain. They are satanic powers, kings and queens that control affairs of such environment

Also ***the evil power of your father's house needs*** to be addressed. Most people go about with evil magnetic attachments that magnetize ill-luck, untimely death, sorrow and backwardness unto their lives. This attachment serves as link of destruction.

The combination of these powers can transform a house to a demonic house. ***The strongman is the ruling spirit over the house because he put everybody under his control.*** He turns such house to satanic kingdom. He is the stubborn power assigned to supervise stubborn problems. He is the dominant evil power of a house. Occult Landlords have power of energizing and expanding problems. Not until the power of an occult Landlord is addressed victims shall continue to wallow in problems. Most Landlords are embarrassingly wicked in their activities. Sometimes their local satanic technology often give them breakthroughs that knows no boundary and bring untold hardship to lives of millions in form of mystery sicknesses and diseases, talent burial, living a deficit life, inability to get married and untimely death. Man is made up of spirit, soul and body. So what they do is to summon the spirit of their victims and pronounce evil unto it. When such assignment is fulfilled the person is

gone!

These terrible Landlords use their power to control destiny of tenants. They wage secret wars against innocent victims and place satanic embargo upon such unsuspecting, lives. If God should open eyes of many to see the amount of wickedness, terrible and killings programmed into the lives.

Of many, they will make up wailing every morning like a little baby. Or best refuse to sleep but marry themselves to 365 days night vigil for liberation and victory. Many good fortunes have been robbed or destroyed through the handiwork of occult Landlords. Many have been labeled candidates of wasted generation of this millennium; many served as meat on the dining table of witchcraft through mysterious death and terrible accident. Their glories ate either cut short, or their stars hijacked or fired!

Affliction is always the order of the day in most homes. Occult houses are terrible places to live. They are houses tenants pack in but later regret ever occupying such houses is house of demotion and failure. They are possessed and bewitched. Such terrible houses swallow wealth of occupants and replace joy, with sorrow within a very possible short time. Satan is so merciless that he does not apply comma or full stop in his encyclopedia of any wickedness. It is a matter of on and on and on system. How will you feel if at mid night your bedroom or apartment suddenly turns to satanic market square as experienced by a brother who heard clear voice of people he cannot see physically? This is a practical experience shared by a tenant who I shall call brother Z. I know you may ask how come? Brother Z said, not quite three days after he packed into his new house, he started hearing calls and mention of names in the middle of the night. He said he could not believe his ears as he heard voices, discussions and plans of unseen people at night. He said to his amazement, he heard a voice saying Mama Bomboy, these are your ingredient for soup. I bought the tomatoes, pepper, fish and onion for two pence! I bought these tubers of yams, this bag of yam powder, rice and beans for five pence! Meanwhile the currency spent in his country is Naira and Kobo, not Pence. But the evil conversation went on in currency spent years back in his country. He said as he was listening with amazement he suddenly heard loud cry of sales advertisement within his

compound saying "come and buy cow meat" "My customer, my customer, my customer, how are you? Buy this alligator pepper, it is good. These he said took place around 2 A.M midnight! What a horror night experience he concluded. He said no one advise him to pack before he did.

How will you feel if you notice your room or apartment suddenly turns to satanic public toilet? In a similar vein, a brother once said he heard strange voice in his house as he slept at night. "Pay your bill before you enter toilet it is half penny for two people. According to this brother he said he heard comments such as "These papers are certificates and credentials of people that cannot pray!" Meanwhile this brother was in pathetic situation as he lost his job five months after packing to this horrible house. He said he practically heard this voice not that he was dreaming at all

As soon as I heard this voice I knew something evil is fishing in my life. My destiny is at stake. Since then till I pack out of the house my ears heard what is too much for storage system of computers I Laughed and said "What an exaggeration”
In fact the bottom line here is that such evil house exists. Evil excreta must have been used to pollute this man's certificate. May be that was why he experienced sudden dismissal in his place of work. Many people’s certificates and credentials are facing horrible experience this brother passed through.

He said it was not until he packed into this horrible house he realized that over eighty percent of salary earners in this house lost their jobs and were served quit notice by the Landlord. All they are waiting for now is the expiration of the three years payment in advance paid when they packed in.

To him sooner or later the months will pass by and they will start to search for accommodations elsewhere. In fact you don't need to be educated that such house is an occult house. Anyone who lives in a house used as public toilet in the dark may not survive in life. Such person's certificate must have been polluted; their clothes must have been used by wicked powers to pass body waste. People in this category will be hated and experience rejection. How could such person find favour, help or assistance from people? It shall be rejection here and there which will eventually lead to poverty, agony, sorrow

and tragedy. Such is the life of a prayer less tenant. The question I now ask is, are you prayerful? Do you believe in efficacy of prayer?
Do you know that violent and acidic prayers can change you between now and just seven days? In fact you shall experience this by fire as you lay your hands on Part two of this book. The book contains, hot fire prayers from beginning to the end. Pray the prayer and see the wonder work of our LORD.

Your situation needs spiritual adjustment and balancing. It needs spiritual cleansing, spiritual checkup, spiritual advancement, spiritual and physical laughter, spiritual calculation and balancing, spiritual liberty, spiritual and physical harvest. Just name it. It is your time to shine and ride on horse of glory as our Lord Jesus Christ did when He entered Jerusalem on ass with the shout "Hosanna in the highest" Mathew 21:9" Brethren awake from slumber fulfill your destiny on earth. Do not give room for any occult Landlord. Do not allow any evil or satanic home to swallow your destiny. You are born a winner, you must therefore win. Equip yourself with right weapon of warfare. Stop laughing at your situation without taking positive step. Complaints, complaints and complaints cannot solve your problem. It is not how many times you fall that matter but ability to rise as you fall. I say pray and prophesy good things into your life. "You shall rise and shine" Amen.

As from today all mountains before you shall become level ground. Every mountain before you shall become level ground, no mountain is good. Be prayerful; do not lick problems like toothpaste as children does when they brush teeth. You are an adult; know how to pray fire prayer that shall set you and your family free from bondage of darkness. You shall not die in the condition you are. Amen. You shall fulfill your destiny. Reject out rightly every Landlord spirit, deal with every satanic attack of wicked co-tenants in your house and every evil powers of your father's house that says, 'Fly to any level I will catch up with you and destroy you'. Do not fear. The battle is on your side not against you.
The LORD Almighty is on your side. **For *"it is not by might nor by power, but by spirit says the LORD Almighty" Zechariah 14:6.***

Most houses can simply be described as guillotine, slaughter house, demonic house, house of waste, satanic kingdom on earth etc. **Such house kills destiny, slaughter prosperity, waste finances and place victims in perpetual bondage.** There are giants that are behind such acts. Some Landlords have Pharaoh spirit in them that says "I will not let you go, serve me, seeing you in problems is my joy" It is not a gain saying that most tenants went through situations that make them go out of mind.

As soon as they pack into such demonic house, they experience negative change of destiny. At the end their history change from ·known person in the society to unknown, from riches to abject poverty, good living to apologetic situation, good health to bad health or untimely death. From possession to nothing, liberty to stumbling blocks, pregnancy to persistent miscarriages. Quiet sleep to sleepless nights, abundance to hunger. From family understanding to practical confusion and total misunderstanding, patience to impatience, good report to bad report while all appointments turn to disappointments. Such evil house replaces joy for sorrow and as such make tenants romance with pains, regrets, sorrow, agony, stagnancy and backwardness. Such is the picture of homes ruled by giants, strongmen or occult Landlords. It is in this phase that tenants who pack to trouble shooting house face unexplainable problems that wreck their destiny, finances, properties, career and calling.

Situation of most tenants is so pathetic that **they can hardly be differentiated from a mad person on the street.** The reason is that such people unknowingly indulge in self-discussions by talking alone. They hardly change their dress but ***feed on formula 0-1-0.*** Their children looks like hungry lions indulge in pilfering and lies. Documents that can be found in their portfolio are poverty and sorrow. Anytime they discuss with you, it can be easily concluded, that their destiny has hit the rock. Better still, they can be described as someone baptized in spiritual economic accident or calamity. ***Some Landlords are terrible. They are destiny quenchers and satanic talent traders that expose nakedness of tenants in Market Square at broad daylight.***

Many tenants are in serious spiritual agony, ranging from horrible nightmares to abject poverty. Living in fear, experiencing noises and moving objects in their body, harassment from spirit husband or .spirit wife, physical threat, from

Landlord and continuous threat from boasting co-tenants. Another terrible effect of occult house is that **when such tenant falls he may never rise again.** Life expectancy may remain stagnant. Instead of moving forward in life, it is persistent backwardness. Whenever you realize that Pharaoh is pursuing your Moses or you count failure, failure and failure every January of each year, know that such house is ruled by the power of the Spirit Landlord, power of satanic co-tenant, territorial power or evil power of your father's house, The bible says, ***"A man's enemies are the members of his own household". Micah 7:6c.*** Nothing calls for attention than when tenants pack to a house with his family and started losing them one by one. Occurrence of mental paralysis, sudden death etc. is rampant in occult homes. Many Landlords slowly lead their tenants to untimely graves or chamber of death. Such incidence always cause serious blow on tenants so affected. A dead child can never be seen again. That is the end. He or she is gone and gone forever. Some children on the other hand lose their parents early in life thereby becoming orphan at infant.

Another effect at occult home is issuance of quit notice to fearless and prayerful tenants. This is so because prayers of such tenants act as counter attack against mad spirit operating in such habitation. This reminds me of the message of my General Overseer Dr. D. K. Olukoya. In that message, he said the day he was most happy in life was when a Landlord came to report a member of Mountain of Fire and Miracles Ministries (M. F. M.) to him. What was the offence of this person so reported? His offence was that as soon as he packed to that house he went into night vigil prayers. This brother who innocently went into prayers never knew he was disturbing his accusers. The result of his prayers was that it became fire and these have stopped the occult Landlord from evil operations. Such is the power of prayer.

Chronic poverty, inability to feed well, or give children sound education is common trademarks of an occult house. Such tenants experience failure of divine promise of God upon their lives, failure at the edge of breakthrough and stiff opposition from strong powers that operate automatic instrument of miracle delay. Spirit Landlords pursue evil agenda

that can best be described as written in **Micah 6v15.*"You will plant but not harvest, you will press olives but not use the oil on yourselves, and you will crush grapes but not drink the vine"***

Another effect is **sudden collaboration of other tenants against a person.** If you are such that live in a house occupied by non- Christian or unserious Christians, there might be sudden thick cold war against you. It is never their fault but the scattering strongman attached to such house. It is more serious when you live in a house occupied by evil co tenants that practices witchcraft. They can turn you to tenant or servant in their evil camps by turning.to night caterers that forcefully feed victims with satanic foods to weaken them and give opportunity to suck their blood like ice cream. Your co-tenants may gang up against you. Don't feel defeated be occupied with prayers. ***For one thing I know is this, it takes many people to be against a person, but it takes just one miracle to silence them***. Your miracle is now it shall not experience delay in the name of Jesus. Amen. Those that dishonour you ever before now shall come back to honour you. Your records which enemies painted with failure shall change to blessings and dumbfounding breakthroughs. Amen.

Close to the above is the effect of **environmental fear or what I call Landlord welding power.** By this, Landlord may send warning signal across to tenants not to see two tenants together. If the Landlord eventually sees two tenants together, he may send them packing without delay. This is more pronounced when a tenant is given quit notice and such tenant is seen discussing or entering apartment of other tenants or vice versa. If such a thing happens, the erring tenant has case to answer with the Landlord or else he receives the boot:

Another prominent effect of living in an occult house is the power of **evil carryover.** If you once live in an occult house and you were able to pack at the end of the day, you may either leave their poor, loose properties, children or wife, have mental problem, experience incomplete victories in career making or in academic pursuits. ***No one ever pack out of an occult house without having one regret or the other***. Mostly when you are not Elijah type of prayer warrior.

Prominent danger or effect of occult house is academic paralysis. Academic pursuits in such house is always crowned with dazzling crowns of academic failure. Feature of such homes is seeing children sitting for G .C.E. nine times with constant scores of F9 all round. Any adult that sits for professional examinations may be singled out and advised to withdraw due to poor performance. This is always the trauma experienced by tenants that live in an occult house.

It is not uncommon to see happy family breaking up as soon as they pack into an occult house. Father Abraham experienced such in the land of Egypt. He denied his wife Sarah before King Abimelech by saying, “she is not my wife but my sister.” Had it not been for God's intervention King Abimelech may have truncated the promise of God for Father Abraham. Most families separate or rather break up after receiving different forms and shapes of attacks from wicked Landlords. Some Landlords snatch wives of their tenants and set them packing.

Demonic houses are symbolic with dream attacks. Yoke of sleeplessness, dream harassment, constant night feeding by night caterers, planting of evil seed of destruction by night farmers on victims, constant monitoring of souls by satanic traffic guard and satanic traffic warden are always the handiwork of these occult Landlords or strongman. Such bewitchment is so agonizing and terrible. Another battle faced in demonic houses is **miscarriage of pregnancy.** Most demons attached to these evil forces do demand for human and not animal blood. As a result, any pregnant woman, living in an occult house needs serious prayer.

Her inability to pray may open ways to arrow of miscarriage. There was this case of a woman .This woman complained that anytime she is pregnant and a cow knocks her in the belly in the dream she will experience miscarriage instantly. This incidence according to her continued for years until she finally joined a Pentecostal church that advise her to go for deliverance. She obliged to this, before she, could escape from this trauma. The satanic animal that pursued this woman is not ordinary. The cause can be traced to evil powers of her father's house, rage of co-tenants or Landlord Spirit in that habitation.

Persistent stagnancy or demotion at place of work may arise against a person through cooked up stories or evil gang up against the person. People in this category always meet constant and serious opposition in office. These types of battles always end up in sudden death, sack or dismissal from office.

Another powerful and dangerous effect always experienced is **closed heaven.** I say dangerous because when a heaven is closed against a person such a person is finished.

The resultant effect of *closed* heaven is that the person affected pray without receiving answers. He or she may ask but not receive, seek but not find and knock but with no response. Your closed doors need openings. Therefore, pray acidic and violent prayers in other to see yourself through:

NOW PRAY THESE PRAYER POINTS.

1. Every evil tree in my habitation harbouring my virtues release them and die in the name of Jesus.
2. Every devourer assign against my finances die.
3. Every going and coming problems assigned to drain my purse and account die in the name of Jesus.
4. Every Landlord power that swallows my virtues vomit them now.
5. Every coffin of darkness assign to swallow my destiny catch fire and roast to ashes in the name of Jesus.
6. Every blood covenant holding me captive release me and die in the name of Jesus.
7. Every evil tongue licking my account wither and die in the name of Jesus.
8. Every power expecting announcement of my obituary in my habitation replace me and die in the name of Jesus.
9. Spirit of financial bankruptcy assigned to swallow my success die in the name of Jesus.
10. You demons in my habitation your time is up therefore die in the name of Jesus.
11. 11.' Thou rage of wickedness against my life cease by fire in the name of Jesus.

12. My destinies, my household, reject spiritual cage and slavery in the name of Jesus.
13. My purse and my bank account reject dryness in the name of Jesus

CHAPTER FOUR

TECHNIQUES AND WARFARE METHODS.

The warfare method needed by tenants differ depending on situations. The bedrock behind each battle is freedom from satanic bondage and ability to exercise power against source of evil supremacy upon a destiny. Most Landlords and Landladies are very clever in their evil designs. They never seize from doing evil but graduating from one form of satanic technique to another in order to accomplish their destructive missions. ***As a. Christian, if you refuse to pray, such evil landlords will have a field day in pulling you down.***

Therefore you must declare your stand today and say enough is enough. Pray yourself out until your body becomes spiritual current of God. These evil Landlords are wicked supervisors, supervising and directing destinies of tenants at will.

Equip yourself with right armour of prayers. Descend upon every form of wicked power fomenting evil against you today, tomorrow may be too late. Your gentility cannot deter them from attacking you. Be violent in the spirit. Do not turn yourself to a playground. I say again, enough is enough.

The degree or level of tenants battle differs. While many are seriously facing hard times with their Landlords, many are struggling to hold on to them. While many are gradually loosing theirs, many have virtually lost what they have. The battle, most tenants face is not ordinary but spiritual. It is not the type of battle that could be handled with ice cream prayers or with Jonah sleeping attitude approach. A tenant must tackle his problems to the root with all seriousness. He must exercise power of light against darkness. When light shines darkness disappear because it cannot comprehend. Light is above darkness. Always be in Christ; never compete with wicked powers by visiting herbalists. Jesus Christ is enough for you. Don't doubt nor panic. Be militant in prayers and aggressive in the spirit. Landlord spirits exist right from old age. Sometimes they attack victims with problems that cannot be medically-explained. Apply counter double barrel approach against every situation facing you. That is, when enemies fire evil arrows at you, reply with hot multiple prayers that will bombard, cripple, paralyze, scatter and destroy their camps. As

a tenant, you must pray violent prayer of freedom that shall set you free from evil strongholds of boasting Nebuchadnezzar that hold your destiny in Babylon. Pray prayers that shall kill every Jezebel spirit assigned to arraign you before evil court-marshal or trying to seize or inherit your properties. Fire your prayer arrows against Spirit Landlords with Herod Spirit that kills innocent children for wealth making. You must not fold your alms against Philistine powers that are after your Israel. Learn to pray violent prayers that can pull down Jericho walls built around you.

Fire prayers against every Pharaoh spirit oppressing you. Pray, I say pray, so that every Pilate assigned to judge you in the dark might wash his hand off your case as sign of defeat and withdrawal. Pray fire prayers that shall scatter every evil gathering organized against you. Apply prayers that open every closed gate against you in the order of Paul and Silas. Pray, so that no evil fire that burn in your house shall harm *you* in the order of Shadrach, Meshach and Abednego. The Lord is your Rock and shall bring forth-divine water that shall kill every thirst in your life as in the wilderness. For your period of wilderness is over Halleluiah, Amen

There are Landlords who are into occult practices to destroy good destiny of tenants. Their technique of attack differs. While some pick their tenants as friends as soon as they pack in to know their secrets, strengths, and background, others apply harsh rules to bend their tenants by force. They do these in other to know when to strike, how to strike and where to strike. In an-other way round some Landlords do apply the method of borrowing money from tenants and later pay back with bewitched money. That is no amount of money such tenant holds and succeed with it. The reason is that, as the Landlord pay's back with evil money, such hand is bewitched. This is a very common satanic weapon used by. Landlords; so beware, stop borrowing them money. You are warned!

In such situation, ability to have personal savings becomes impossible. Instead of savings it will be debt and debt all over. As times goes on, such tenant will keep on running from pillar to post before he could feed. Jobs

become unsteady, promotion in office becomes abomination while loud cry of agony suddenly take over such homes. Such Spirit Landlords *lock* up-prosperity of tenants with **demonic *padlocks*** and held them in perpetual bondage. In fact nothing works for such tenants as their curriculum 'vitae is academic failure, polluted certificate, stagnancy, epileptic marriage, broken home, demotion, accumulated yokes etc.

Such Landlords become satanic giants or evil Elephants that sit on promotions and progress of tenants. A man once confessed that as he slept one day he saw an Elephant in the pathway to his house and it went straight for his academic certificates, his bank account booklet, and marriage certificate. He said as he watched, the Elephant took and drop the documents on the floor and sat on them: According to him not quite three months later he lost his job, fought, beat up his wife and drove her away. Before he could realize what was happening he has withdrawn his life savings from his bank account for timber business which went bankrupt. Imagine everything has gone. Money gone, wife gone, job gone while his house rent expired. What a pity. This brother said all he could remember was that in that dream the Elephant has the face of an animal in its first appearance but as it sat on his virtues its eyes turned to that of a human being which looked just like that of his Landlord God revealed the nature of his Landlord to him through dream but he never went into serious prayer. He should have decree to the Elephant to stand up and release his documents to him and thereafter pronounce sudden death upon the satanic animal. Therefore, brethren pray with holy madness so that you might be released from grip of satanic Landlord.

What you need now is not songs but total freedom from the hook of satanic Landlord. Pray antislavery prayers that shall release you from every Egyptian taskmaster. Your head shall not be a candidate of death in the laps of Delilah in the order of Samson, Let your request be acceptable before God in the order of Hezekiah. You must receive deliverance today for upon mount Zion shall be deliverance.

With prayers no storm shall be too powerful enough to overcome you. It takes the Wave to bring the storm but it takes the voice of Jesus to calm the storm. Lord Jesus said the word and the storm stopped. It takes big and boastful Goliath to stand against you but it takes just one stone to bring him down. Be fearless therefore **PUSH,** meaning Pray Until Something Happens. We shall **now discuss three principal prayer methods** available to tenants.

The first method is **JOINT WARFARE METHOD.** By this, all tenants in a house come together as one man and in one spirit in prayer. This method is applied when tenants suspect or know that their destinies have been caged or attacked to the advantage of the Landlord. Such tenants must be strong in prayer before they can wrestle their rights and virtues from the hand of such evil Landlord. For a better understanding I will share a testimony with you.

An advert was placed in a newly completed house of four flats. The house was fenced round, with borehole and standby generator. People started scrambling to rent this house by visiting office of the estate agent in charge. At last, four lucky winners emerged. Two were bank managers, one a businessman and the other an executive of a company.

Tenancy agreements were signed by all as expected. They packed in without knowing one another. Things were going on smoothly until one day when the Landlord of the house drove in one afternoon accompanied with a man. Unknown to him one of the housewives who was indoor, peeped through the window, kept quiet to know exactly what was about to happen. To her surprise as the Landlord alighted from the vehicle, the man that sat beside him in the vehicle also alighted with a container and a small black he goat. He careful brought down the goat and followed the Landlord to a spot within the compound of the house, which was dug. After a little digging and ensuring that the pit was OK to contain the goat, the man made some incantations, pushed the goat into the pit, place the container in his hand into the pit as well and buried them

The life goat and the container were given satanic burial. As soon as they finished they entered the car and drove off. After the close of the day, each

person arrived home. The housewife did not allow her husband pull off his suit before she shouted, Wahala dey o! Wahala dey o! Wahala dey o! ! !. What is it, the husband shouted like a roaring lion. The woman stood firm and narrated all she saw. At this junction, the young manager headed straight to the flats of his co-tenants one by one and narrated what he heard to them. Within thirty minutes they all gathered together and concluded **to wage joint warfare battle against the evil sacrifice and the owner.** After all owner of evil load must carry his load. Hence they decided to go into seven days joint night vigil by
moving from one flat to the other and do the remaining three days at the open of the compound.

On the fifth day, which happens to be environmental day, they decided to call on a mallam who dug and brought out the content therein for a fee. To their amazement, the black goat is yet to die while the satanic container has blood, cowries, feathers and some concoctions. The news went round and to their surprise the evil Landlord died exactly seven days after the evil contents was dug and set ablaze.

If these tenants did not take such bold step their destiny would have been caged and robbed. They would have been nursing catalogue of woes in their different apartments. No matter how big their take home the repercussion would have been that of moving from one problem to another, from pregnancy to miscarriage, from good health to untimely death, from good job to sudden sack in office and from joy to sorrow. Their trademark would have been sorrows, tears and blood.

The next method of approach is **INDIVIDUAL WARFARE AND PERSONAL DELIVERANCE.** This is operation do it yourself in your flat, room or apartment. It is an approach each family should adopt as soon as they discover that they are in an occult house. I strongly recommend part two of this book to you as it contains right prayers, language and powers in the word, needed to tackle evil powers that may have been set in motion to rob you of your virtues and promotions in life. It contains seven days fire prayers. Each

day represents a day in the week. You are a winner grab your copy today.

The next approach available is **SIGNING SPIRITUAL CONTRACT WITH GOD.** By how you may ask? It is by allowing a house fellowship held in your apartment. No one trades with God and loose. Allowing your apartment for this purpose is allowing Ark of God to reside in your house.

A prayer said in your house is a collective one, stronger and encouraging. God cannot fold His arm watching you. Do not be in the bandwagon of people with the belief that by allowing house fellowship in your house open ways for witchcraft attack. As mosquito or cockroach can never dwell inside fire, so powers of darkness cannot have room in your house in as much as you whole-heartedly give your house for house fellowship. Summon up courage today allow one to take place in your house.

NOW PRAY THESE PRAYER POINTS.

1. O Lord, by your divine power sweep every contrary power in my habitation away in the name of Jesus.
2. Every satanic mirror used in monitoring my family break by fire in the name of Jesus.
3. Every witchcraft power assigned to torture my family die in the name of Jesus.
4. Every witchcraft battle and bewitchment at the edge of breakthrough die in the name of Jesus.
5. Every warfare awaiting me at the edge of breakthrough die in the name of Jesus.
6. Every Spirit Landlord power holding me in bondage release me and die in the name of Jesus.
7. Every satanic hand laid upon my destiny wither by fire in the name of Jesus.
8. Every seed of hell fire in my habitation die in the name of Jesus
9. Every wicked power crying for help against my life die in the name of Jesus
10. Angels of heaven give my enemies thunderous slaps

11. Fire of God dash to pieces every destiny killer assigned against me in my habitation in the name of Jesus.

CHAPTER FIVE

QUIT NOTICE, REASONS AND LEGAL ADVISE

The basic rule in tenancy is that no matter how good or bad someone's character is as a tenant he shall surely pack out one day. Reasons differ for packing out of a house. It is either done voluntarily, or through quit notice, which is either served by the Landlord himself to a tenant, or through an estate agent or assigned lawyer. The document so served is called quit notice. Thus one of the ways a tenant is asked to leave a house is when he is served quit notice.

Quit notice is a legal instrument, informing a tenant to pack out within a stipulated time from 'the apartment he or she occupies. Information on such instrument includes the followings

a) The name and address of the chamber or name of lawyer serving the quit notice.
b) The name of the tenant served with quit notice
c) The name of the Landlord that own the house
d) Description of the apartment under dispute.
e) Address of where the house is located
f) Date when tenancy shall expire
g) Date of issuance of the instrument
h) Signature of the lawyer serving it

When such instrument is signed, sealed and delivered, green light to pack out of such house is set. The only-option left with a tenant is to approach his Landlord for pleads. Where the Landlord refused, such tenant may soon appear in court except he packs out within stipulated time given in the quit notice.

To appear in court is not sudden. It takes time, depending on the terms of payment. For example, quit notice that will be served on tenants that pay rents on monthly basis, or people that pay rents every six months differ from a tenant that pay his rent on annual basis.

Now, a tenant that pay rent annually is by law expected to be given six months quit notice before he can be served court summon. If such tenant refuses to pack out after the lapse of the six months' notice, he will further be served

seven days' notice as final notification. ***The seven days' notice serve as danger light notice***. It is after the end of the six months' notice and that of seven days' notice that follow, the six months' notice that a court summon can be served on a tenant.

If a tenant is served court summon, 'he or she must appear in court to defend or give reasons for his continuous stay or use of such apartment or space. At this junction a tenant must act fast by applying for the service of a lawyer. ***By law, you cannot stand for yourself, but must get assistance of a lawyer that shall represent you in the law court.***

The court summon will have among others, following information:

a. The Tittle such as, in the rent control and recovery of residential premises tribunal either in the magistrate court in your environ or judicial division/magistrate district.

b. Plaintiff suit number. This is the case registration number in the law court.

c. The address of the court.

d. The name of the Landlord (plaintiff) and tenant (defendant).

e. The date such case shall come up for hearing.

f. Description of apartment in dispute

g. The date of issuance

h. Signature of the registrar

Also, a writt is attached to the above court summon by the lawyer of the plaintiff (Landlord). This document shall give details of claims by the Landlord against the tenant. Information in the attached document may include the following:

a) Local government where the case is to be held

b) Suit number that shall correspond with suit number in the court summon

c) Plaintiff and defendants name

d) Tittle of the case e.g. Writt against tenant or person refusing to deliver up possession

e) Yearly rent of the apartment

f) Reasons for possession e.g. Ground of possession is
(i) Personal use (ii) Nuisance (iii) Substantial repairs.

g) Signature and address of plaintiff's lawyer

h) Stamp of the magistrate court that will hear the case.

As a matter of fact, a tenant shall be in a better position if he act fast by giving his lawyer the quit notice served him for proper study. Its technical study, receipts and other
information gathered from such tenant may give his lawyer further steps to be taken. A tenant may win on technical ground depending on situations at hand.

One thing a tenant should know is the ***technical method of calculating validity of quit notice issued***. For example, if a tenant pays on yearly basis and his rent ends every September of the year, any quit notice served him must end at September not October, November, December or any other month such as January or February.

By this, he should be issued quit notice six months before September. Hence he will receive it by month of April of same year. From April to September is six months. By this any quit notice issued to him before or after the month of April may be nullified if his lawyer argue it out in the law court. This is one of the technical grounds we are talking about. ***So as a yearly relit payer know the month your rent expire, six months before that month is the month you can be served quit notice.*** By this count six months backward against the month you renew your annual rent. But know that it is not you that will argue it out but your lawyer whom you will pay an agreed legal fee.

Many tenants have been bullied out of their premises without taking cognizance of this type of irregularity. As a tenant before you can be legally ejected you must have been served

(a) A quit notice.

(b) A seven day final notice

(c) Court summon

(d) Physical appearance and judgment in the appropriate court.

A vital question close to the above is, what are the reasons that make

Landlord give quit notice to their, tenants? Now we have seen the meaning of quit notice, how it is served and how tenants can go about it. We shall discuss below reasons behind quit notice.

REASONS FOR QUIT NOTICE

1. Home Warfare: This involves persistent fighting among couples that breach public peace.
2. Evil Powers of your father's house: This is evil power that hunts people and will not let them go, but trouble them day in day out.
3. Inability to pay house rent: Anytime a tenant fails or is unable to pay his rent as at when due, he is magnetically calling for quit notice. This is always an avenue for Landlords to give such tenants quit notice:
4. Excuse of making use of such property. This is one of the reasons used by Landlords to quit their tenants. The funny thing is that as soon as such tenant quits, the Landlord may not use it but rent the apartment out to new tenants willing to pay higher amount or three years advance payment which current tenants may not be willing to pay.
5. Warfare from co-tenants: Constant quarrel, fight, “slap me I slap you” attitude among tenants is also a source of quit notice.
6. God's intervention: After much prayers and fasting, God may decide to shift your base first before anything good can take place in your life. Without quarrel or misunderstanding with Landlord, he will just wake up one day and give you quit notice. Also, if you have pray, pray and pray, and you are not making moves, God may intervene through quit notice. Thereafter, as you leave the house, your eyes will be opened while surprises that bring breakthrough come your way.
7. Another reason is jealousy. As your landlord sees you progressing in life quit notice may follow. This Occur when such tenant buy new electronics, new car or the Landlord learnt that such tenant is building a house of his somewhere,
8. When a tenant or children of a tenant befriends Landlord's daughter, a quit notice may be issued. Also, tenants that perfect immoralities with the wife of Landlord can be given **double quit notice** at a time. That is quit notice to leave

the world (death) through charms and quit notice to pack out.

9. When a tenant act as chief speaker or spearhead matters on behalf of other tenants in times of crisis, he stands out to be issued a quit notice
10. Troubles from spirit husband or spirit wife. This can lead to quit notice when such tenant suspect or know that such spirit husband or wife is the Landlord or Land lady and is confronted or made him or her to know. Also if you fire prayer that affects such landlord or landlady the tenant can be served quit notice.
11. Results of dream attacks from evil powers. Such an attack may come from witchcraft tenants Landlords.
12. Arrows of evil mark. When a person with evil mark in his body rented a house, sooner or later everyone in the compound will hate him. Thereby leading to quit notice.
13. Temperament: Negative relationships, passing of harsh or insultive words on other co-tenants or landlord may metamorphoses to quit notice, The bottom line is that most landlords don't want to see tenants progressing. They would rather love seeing them in pity and begging condition or love seeing them working like an Elephant but feeding like an ant. They love reducing tenants from mountaintop to the valley. Many pack into houses of such Landlord as millionaires but at the end pack out as beggars. Those who are achievers end up as failures. What will be ringing bell behind such occult Landlord is "I am done with you. Go away, you beggar. Pack out" And so quit notice will be served on him.
14. Many Landlords serve quit notice on tenants that are classified as over stayed tenants. Such tenants may have stayed up to fifteen to thirty years in such house. Landlords always claim that such tenants no longer give them respect, as they knew everything concerning them.

NOW PRAY THESE PRAYER POINTS.

1. Lord make me, an instrument of blessings against atmosphere of pity planned for me by Spirit Landlords.
2. Rod of God break the head of Spirit Landlord assigned to torture my life in the name of Jesus.
3. Holy Ghost Power cast away every evil load on my head in the name of

Jesus.

4. Friends of darkness assigned against me to scatter my family be exposed and be defeated in the name of Jesus.
5. Storm of God scatter every evil unity that exist among co-tenants against my household in the name of Jesus.
6. Every notice of quit notice hanging on the air for me turn to miracles in the name of Jesus.
7. Every wicked power assign to restructure and redesign my Life for disgrace and shame die in the name of Jesus.
8. Every wicked handwriting contrary to my success die in the name of Jesus
9. Every power and personality waiting to mock me, meet double failure in the name of Jesus.
10. 1 revoke every curse fired against my family in the name of Jesus.
11. I reverse by fire every occult statement issued against my destiny in the name of Jesus.

CHAPTER SIX

FINAL WAY OUT

Many destinies have been caged, injured or satanically tampered with as a result of inability of victims to pray themselves out of occult houses. To achieve this, a tenant must do away with ignorance and care free attitude that place people in bondage. Instead, he must apply acidic and violent prayers that paralyze and destroy wicked acts of occult Landlords. Pray prayers that abort every form of pregnancy of poverty. If such pregnancy is not aborted, its baby may swallow your fortunes, swallow your good plans, promotions and success and thereby bring you back to square one. This is so because a possessed and bewitched house is catastrophic. Therefore pray, I say pray because- the more you pray, the more you discover. And the more you discover, the more you progress in life. Such prayer needs total concentration. That is, your spirit, soul and body must be involved

Anchor your battle on God's side for this is the technique of champions that protect their colourful destiny. Anytime you find yourself living in an occult house, know that you have crisis to manage. Brethren, crisis is normal in life, the Holy Bible approve of it when it says you shall definitely see temptations but' you shall overcome it. Crisis is thus a transition period in life. It is the process by which we go from transient to permanent. Many tenants who are Landlord’s today have tales to tell. No wonder successful people recognize crisis as a time for change, from lesser to, greater, from smaller to bigger and from valley to mountain top. Have faith, God never quit on you, do not quit God

In demonic homes, tenants hardly have sound sleep but nightmares all nights fear instead of peace of mind, poverty instead of riches and sorrow instead of joy. In such situations two options are available to you. It is either you pray yourself through by paralyzing and dismantling wicked works in one hand, or you pray prayers of prosperity and helps from known and unknown helpers, and leave immediately you are through.

In your warfare against wicked forces **apply offensive not defensive approach.** Try as much as possible to be the first person to hit the enemy with offensive prayers. Change the spiritual drama today. They may have been

against you before, stop it today. Give them deadly offensive blows. Awake! Strike the enemy and he will flee. Recover your stolen virtues by force be violent in prayers, you have suffered enough. The Bible says the kingdom of God suffereth violence and the violent taketh it by force. Ensure that these wicked forces vomit your virtues they swallowed.

It is when you pray violent prayer, that promise of God works for you in Deuteronomy 28:7 shall come to pass. Before you can be free from wicked hands you must be a dangerous prayer warrior, hot in prayers and too hot to handle by wicked forces **"The LORD shall cause thine enemies that rise up against thee to be smitten before thy faces, they shall come out against thee one way, and flee before thee seven ways. Amen.**

Complaints cannot solve your problems. You must act fast because evil powers are becoming increasingly dangerous these days. Many tenants have suffered enough. Many are going about with fake male organs; many are going about with fake credentials and certificates.

In the real sense of it most Landlords are wicked. They can at wish give quit notice to a tenant. Make life hell on earth for him. They will romance with you today and fight you tomorrow. Some even dictate to a tenant the number of bucket he and his family can fetch from public tap!

Before we start treating the ways out of an occult house, one by one, I will like us to share a case of a house where it is a rule not to greet co-tenants either in the passage, in the kitchen or have access to other tenant's apartment. This is a house where you must practically become dumb to other tenants even when they need your help!

A brother I knew told me his story. He said two years after marriage he decided to look for a better and bigger apartment due to problems he faced in his present one room apartment. This young man put all efforts together, save some money, borrow here and there in other to secure better apartment

On this faithful day according to this young man one of his estate agents took him to a house in Shomolu, a town in Lagos. He said that as soon as he entered the house he was happy as the compound was so neat and fascinating. But he quickly forgets that not all that glitter is gold. In fact facilities such as public tap, fine toilet and a spacious kitchen are available. To crown it all, the

house is just three-minute walk from the bus stop.

According to him, he said "I thank my star when I got there". The Landlady came downstairs and we exchanged greetings. Immediately after this she enquire, is he the person that wants to rent the vacant room and parlour. My estate agent answered in affirmative. She now pointed at a locked door downstairs and said, "That shall be your apartment if you are ready to pack in. The owner of the room packed out for sometimes now, but left behind some of his goods, locked up the place and went away with the keys. His rent shall expire next month. Just leave him alone if he does not come and pack his load by the third day of the month after the expiration of his money he will have himself to blame. I will call in the police, break the door and pack his loads to the police station.

I am the owner of my house. I lost my husband some years back. I know many of the touts in the park over there? She pointed towards a park not far from her house. Then she continued, "In fact I don't fight o, but whoever prove stubborn in my domain shall be dealt with thoroughly" She continued with her speech without interruption either from me or the estate agent. In fact what can we say? 'So if you are ready my son bring your money. But you must know my terms and conditions, she concluded. She looked straight to my face as usual and I quickly ask' Madam I will be glad to know them:

Fine **number one** I do not receive more than six month's rent from any incoming tenant. I do not rely on your money to feed. **Number two**, you must not have more than two children as a tenant in my house. I hate noise'. Wonderful luck I have only a child as at now so I am free, I concluded in my mind.

Number three, I close my gate 10 0' clock in the night and open it 6 0' clock in the morning' 'Good' I said. **Number four,** you are not allowed to welcome more than three different visitors throughout your stay here Excuse me madam, but, but…..I hardly finish with but, but when she quietly said 'hold on I am coming' at this junction I was not convenient again as I started thinking of who and who and who to select

One from my side, two from my wife's side or vice versa?

But I am living in an environment that belief in extended family I cannot do without welcoming my customers as a businessman. These thoughts flashed through my mind when I heard **number five.** There and then, I quickly alerted my ears. You must not greet any of the co- tenants in the house neither are you allowed into their apartments or play with their children. I want each and every one of you to face his or her business. After all you don't know each other before you pack in here. **Number six,** you must pay monthly for sweepers that shall keep the compound clean always. Your share is so, so and so. She mentioned it. In fact I thought she has finished with her rules when she said number seven, "that tap", she pointed at a tap water not far off from where we are standing and said, "It is for tenants living in this house. You are entitled to three buckets of water per day. I shall open it at 5:30 in the morning, fetch yours in my presence then I will lock it. But on Saturdays you are entitled to five buckets. And lastly, I don't want to hear prayers at night which you call night vigil. My house is a peaceful house.

Brethren, this is how this woman concluded with her rules without forgetting to add, "I am simple and easygoing.

In fact I hate noise in my compound". As she concluded, I paused a little and was short of words. The Landlady looked straight to my face and said, "Are you ok and ready now? I paused again and said, "Yes ma, but I am not with cash now.

I will think over it and see the estate agent". After this narration, this brother asked me the question, "If you are in my shoes what will you say or do"? Well, I said in reply "I am not in your shoe, your shoe cannot size me" He laughed and said don't dodge the question, "answer me". Anyway, I told him categorically that "I can't go for such house and moreover I am not looking for one."

Brethren, if you are in this brother's shoe what step will you take? To go for the house or not. I know that no one will like his liberty caged this way. In such a house one must not talk, murmur or complain if he sees anything strange in the house. What step can one take in time of needs or in time of emergency? One has no option than to keep to himself. Many

Landlords treat their tenants as second class citizens. They quickly forget what Ecclesiastic. 3:20 says ***"All go to the same place; all come from dust, and to dust all return"*** You will take nothing along after death.

Landlords as above do apply dual certificate *of* occupancy upon destinies of tenants in their house. As they apply physical force as true owner of the house they also apply satanic certificate of occupancy upon them through diabolic powers. In situations like this all you need to do is to summon courage by destroying and nullifying every legal instrument enemies might rely upon.

If eventually a tenant find himself in an occult house, what step can he take? What is the way out? These questions are necessary and need urgent answer. Therefore, they should
take any or all the points enumerated below

The first thing a tenant should do is to ***choose a very good hour of battle.*** The warfare faced by tenant A, may be quite different from tenant B or tenant C in the same building.

But they may have one thing or other in common which are backwardness, stagnancy and sorrow. A particular power or powers may have been having satanic free time upon them as a result of their inability to fight back spiritually in prayers. 'The best time of warfare is at night. A serious minded Christian must ensure in keeping night vigil. It is at night evil powers perpetrate satanic atrocities. Evil power plant evil seeds on destinies of people steal their virtues and kill them. Many sleep but never wake to see daylight. Some are fed with poisonous food at night, some receive arrow of paralysis in the dream, and some arrow of death while some arrow of blindness.

This is the reason why one should pray against being captivated by spirit of Jonah. There is no way a tenant can escape satanic slavery, except he or she pray violent and acidic prayers at night. Ensure you are on your feet at 12 0' clock midnight till around 4 0' clock in the morning. Most evils are perpetrated at night when most people have dozed off. Unique problem needs unique answer. Therefore to meet your prayer need a seven day prayer book written as **part two to** this **book** selected prayer points are written to cover seven day in a

week. A minimum of seventy prayer points are written for each day So after reading through this book and you find it encouraging buy part two as well. It will enable you give knockout blows to powers of darkness and that of occult spirit aimed against your destiny. Prayers in part two of this book shall turn you to fire before powers of darkness.

The next step tenants should take is interwoven with the above. It is to **apply right language and weapon of warfare** against every power and principality delegated against them.

Praying is a way of battling with Satan. It also serves as a means of seeking God's favour and mercy. Hence, whenever you realize that Satan has concluded 'YES" against you, then you must say 'NO.' When he says NO to your progress, then you must say 'YES' I am moving forward my progress is not for sale or candidate of bondage. You must not compromise with Satan and his agents. They are your enemy. Their gifts are poverty, sorrow, stagnancy, sickness, diseases, untimely death, tragedy, etc. Or do you need these? No, they are not your portion nor your lot.

Learn to **apply right weapon** for each situation. By your action loose when you should loose. Apply sword of fire and sword of deliverance to cut, kill and destroy every work of Satan. Apply Blood of Jesus to cleanse, paralyze and destroy wicked works of Satan. Say fall down and die to bring disgrace and sudden death upon wicked forces. Say be roasted to ashes if the cup of tea needed by such power is final termination. Fire back every arrow of delay, every arrow of infirmity, every arrow of failure, every arrow of sorrow, and arrow of death to senders. Command earthquake of God to blast and release you from every form of demonic prisons and cage. Command destructive worm of God to eat up enemies of your destiny in the order of Herod. Command hailstone and fire upon your enemies. Command Angels of God to fight on your behalf. Command sudden burial upon the lives of your enemies in the order of Dathan, Korah and Abiram. Call on terrifying noises to scatter evil gathering of your enemies. Pronounce shame and disgrace upon the lives of your enemies.

Another step a tenant should take is to **heal the foundation** of the house he or she lives. The Bible says if the foundation be destroyed what can the righteous do? This is a good question that needs diagnosis. In the real sense of

it, most houses are built on demonic foundation. It is the practice of most occult Landlords to bury charms, strange objects, life animals, talisman and juju underneath the ground they build: These powers so buried have the ability to rob tenants of their virtues and blessings if not addressed by hot prayers. Once a person packed into such house, spiritual relationships exist between him and the house and it's environ. Thus when the foundation of such house is polluted, the destiny of inhabitants are equally polluted. Therefore the only way out for tenants is to apply spiritual cleansing and bulldozing prayers upon such foundation. By this, such tenants should bind all powers inhabited in, claim ownership of their virtues from them and rededicate the house to God. This can be achieved when you command the pool blood of Jesus to take over the house and declare it an unpolluted holy ground. Hold
a bottle of anointing oil in your hand pray unto it in the manner below and sanitize the floor of your apartment.

"Lord Jesus, let your blood enter this anointing oil by your supernatural power. Blood of Jesus empower it with power of deliverance, fire and healing. As this oil shall touch this ground let all stubborn power in this habitation die by fire. Let all charms and powers residing underneath the ground of this house paralyze by the blood of Jesus. Let wicked powers supervising activities of individuals in this house for evil be blindfolded by the blood of Jesus. Every object and power of demotion and sorrow in this house drink the blood of Jesus and die in the name of Jesus. Thou wicked powers in charge of my habitation die. I disarm and cast into hell fire both little powers and giants delegated against my household. I cancel and reject every power and authority of occult power upon my destiny. I recover back by fire my virtues in the possession of contrary powers in this house and environ. I shall not die but live to declare the glory of the Lord in Jesus name I pray. Amen.

Another important way out is to stop revealing your secrets to neighbours in your yard. The Bible says ***"Do not trust a neighbor, put no confidence in a friend. Even with her who lies in your embrace be careful of your words" Micah* 7:5"** It is not that you should not relate but it must have limit. The reason is that it is hard to know minds of people or know the type of spirit that dwell in the heart of people. In houses called "face me I face you" or sometimes

called "face me I slap you" permanent friend doesn't exist. Little quarrel can lead to permanent enmity. I have witnessed situations where two tenants in face me I face you have little quarrel but before you know it, it developed to non-greeting attitude which lasted for seven years! What caused this quarrel you may ask? It was over a packet of matches in the open kitchen. "Borrow me" "I will not borrow you," lead to this ugly situation. There and then quarrel started and Satan was given an opportunity to enlarge it.

As a tenant you should **treat every matter as urgent.** Act and react to situations with wisdom. When you sense danger apply precaution and when you see danger ahead of you avoid it. Danger is child to Catastrophe that swallows good things in life. Satan is the architect of these and is restless going to and fro seeking whom to devour. He never go on vacation or sabbatical. It is Christians that weary in prayers. **"Yet a little sleep, a little slumber, a little folding of the hands to sleep" Proverbs 24:33,** shall not help matters. Act fast on matters. Avoid procrastination. It is a baby to poverty and foolishness. It is a silent killer.

Another way out is **never be ignorant of devices** of the **devil.** Many Christians are ignorant of devices of Satan When told, "this house is demonic" "There are powers of darkness operating in this house" "Demonic animals and charms are buried in the foundation of this house" etc. The answer most of them give is, "Jesus has won the battle on the cross." "I am born again". "No power of darkness can harm me". "I am a child of God': and so on and so forth. Yes these assertions are good but you must act by praying, doing night vigil and by living a sinless life or else your spirit shall serve them, serve them and serve them. The sorry side of the story is that if care is not taken such tenant may finally leave the house in penury when ejected. As a Christian never treat any threat with levity, act fast in prayers. Send back evil arrows nullify every evil pronouncement against you and paralyze every contrary power. Be a spiritual warfare expert. Another vital precaution and step tenants should take is **you must not enter your house with your salary or with the day's proceeds.** There are houses, which breed demons that swallow money. These are demons that await tenants at the entrance of their house in other to swallow their salary, money or harvest of the day. Many have adopted the principle of not coming home with their salary

or daily sales so as to beat the powers awaiting them at home. Take this step if you suspect that demon money swallower exist in your habitation. If you notice that any point in time you gather money or you are given bulk money for business or receive salary, something unexplainable always happen that makes the money disappear, know that wicked demon that swallow money exist in your habitation.

A man shared this testimony with me. He said for the first year, he packed into his house, he can vividly see himself selling very well in his shop but as soon as he got home something will happen which will gulp the sales. This happen on and on and on for a year

According to him, to his surprise a word of knowledge came to pass in his church one day saying, "There is a man here, a trader to be specific, as soon as you make the day's sale do not go home with it again. Keep it in your shop and bank it later for a devourer awaits you at the entrance of your house". He said he took the message and ever since then he never went home with his cash proceeds but .with the one meant for cooking. He 'said two years later, he bought a land and built a house. This man said up till today all the tenants he met in that house are still there with no tangible improvement in life. Every other tenant that came with car and full household properties could not feed at the end of the day.

Another way out is to **cry for a benefactor** as occasion demands. As a tenant of circumstance, you need to cry for help. A classic example was the man who was by the riverside for 38 years. He was their helpless not until he came across Jesus who eventually healed him. Your helpers will not come from heaven in form of angels but as human beings. What you need to do is to pray to God for helpers to rush unto you, locate you, identify you and give you helping hands needed without question or delay.

One thing is certain; you must have at least little savings that will trigger helps from your benefactor. An adage says a child that needs help must raise his hand up before he can be lifted. If you are in a deep well and cannot come out you must raise your hand above your head before tangible help can come. You can't sit down inside the deep well and just be crying. Help may be difficult to render. You must act. No wonder people look into little efforts you make to know their

ability in big things. Mind you, trying to pack out of an occult house is a big step. Be brave and be bold. It is no sin or sign of laziness to look for well to do people that may lend you money or give you money to pack out of your present house. Many are in houses that can best be described as bondage or cage. Imagine a small child mistakenly locked up in a room with no ability to open the door or window for him to escape. If the door is under lock for two, hours or two days he will just be their crying not until the person holding the key to the door opens it. All he can best do is to cry, cry and cry, and at the end keep quiet or sleep off. Many tenants are now crying for help. Many have cried for help but find no one to help them out and thereby kept quiet many have cried cried and cried and are now weak and nave slept off. They have taken to recess instead of continuity in prayers. No prayer again, no further step is taken to search for helpers. They have complained to both the low and high in the society. Even to deaf and dumb yet no answer and so they kept quiet and slept off saying 'na condition'

One thing I want readers of this book to know is that your benefactor is not far off. All you need to do is to pray violent prayers that will clear all darkness separating you from helpers. Pray prayers that will enable you say the right thing at the right time and to right people that will help you out. Pray for all closed doors to open by fire. Pray that all mouths of giants delegated to swallow your wealth should be padlocked by fire. And pray that all satanic padlocks fashioned against your destiny to break and scatter. Instead of you feeding people, you are being fed by your wife, fed by your co-tenants, by your junior brothers or sisters or by your ex house girl or house boy! What a pity!

Investing on company shares is a very profitable way of raising fund. Take it as duty to buy shares anytime money comes your way. Awareness of share purchase is still alien to many. If you do not know how to go about it, please go to stock exchange office. Inquire of companies whose shares are profitable and reliable. Buy some and acquire more and more as money comes by. At short possible time your money will swell up to enable you go for land where you can start a building of yours.

Debenture purchase is yet another way of raising money. Such money when

raised can bail you out of such occult how either by looking for a house elsewhere after maturity or by looking for land. Such debenture attracts interest.

Another way out is to apply wisdom anytime you are called to pray for sick person in your domain. This is so because after praying violent prayers or holding spiritual militant prayers, enemies of your soul may have been hit by powers with that prayer. Such a person may fall sick and you may be called upon again to loose what you bind. Prayer is a spiritual weapon. When you say I fire back, I decree sickness and disgrace, fall down and die, go back and consume your owner etc. it shall come to pass as long as your faith is attached to it. By this do not ever rush to pray for neighbours, ask from God or apply wisdom. Let us take this case as an example. A man dreamt of been given a hot chase in the dream by an unknown person holding cutlass. As the person catches up with him, raise up the cutlass and was about to matchet him, he was able to turn back at once face his stubborn pursuer and shout Lord Jesus. The cutlass fell from the pursuer's hand and he took the cutlass and killed the stubborn pursuer. After this he awake.

The following morning he was approached to come and pray for a co-tenant who was at the point of death. Here, you must apply wisdom before you take any step. Pray about it and ask for Holy Spirit guidance. Be careful, do not loose what you bind and do not bind what you loose in prayers. Angels and God will only be looking at you, expecting to hear from you. **Mathew 7:7 says *"Ask and it shall be given, seek and you shall find, knock and the door shall be open to you"*** Therefore if you say O Lord I ask for mercy for this brother or this sister, therefore forgive him or her, all sins he or she committed. Let him/her get over this sickness in Jesus name" Amen. God may as well answer your prayers. You seek for it and you received answer. The best answer you should give in such circumstance is that God shall see him or her through.

Another way out is to find something doing as a tenant.

Never be lazy in life. Challenge your situations with violent prayers that bring fruitfulness, blessings and breakthroughs. As you do this, tough battles facing you shall eventually end unnoticed. Many tenants only complain but never take positive step towards achieving meanings to life. This is wrong. Another way out is not to go into physical battle with co-tenants or Landlord of your house.

They can be so possessed or deep in occult power. As soon as you go into physical battle they may have upper hand whenever they go back to seek powers against you. The bible says our battle is not canal. The battle must be spiritual not physical. Lastly, as tenant you should cultivate the habit of **paying your tithe.** Many complain of spirit Landlords robbing them of their finances while they themselves are robbers to God. When you fail in paying your tithe, you rob God. Pay your tithe and open windows of heaven upon you. The sacrifice you offer to God brings down his voice, favour and blessings. Your covenant with him makes him remember your promotion.

NOW PRAY THESE PRAYER POINTS.

1. Lord my God disgrace and defeat all powers claiming authority over my life and household.
2. Blood of Jesus become flood in my habitation and sweep all evil powers in my habitation.
3. Holy Ghost Fire electrocute every satanic creature in my habitation.
4. Fire of divine elevation locate my life by fire and promote me in the name of Jesus.
5. Thou coffin of darkness that roll out tears to people, my family is not your candidate therefore roast to ashes and die.
6. Every embargo of the enemy upon my life scatter by fire in the name of Jesus.
7. Every agenda of darkness to place my family in perpetual poverty scatter by fire in the name of Jesus.
8. Every wicked power holding night vigil against me and my family collapse and die.
9. Every anti testimony altar in my habitation and environ catch fire and roast to ashes in the name of Jesus.
10. My heaven open, give my prayers seal of confirmation and answer in Jesus name I pray. Amen.
