CONTENTS OF THIS

Here’s what you’ll find in this **Slidesgo** template:

1. A slide structure based on a multi-purpose presentation for education, which you can easily adapt to your needs. For more info on how to edit the template, please visit **Slidesgo School** or read our **FAQs.**
2. An assortment of illustrations that are suitable for use in the presentation can be found in the **alternative resources** slide.
3. A **thanks** slide, which you must keep so that proper credits for our design are given.
4. A **resources** slide, where you’ll find links to all the elements used in the template.
5. **Instructions for use.**
6. Final slides with:
   - The **fonts and colors** used in the template.
   - A selection of illustrations**.** You can also customize and animate them as you wish with the online editor. Visit **Stories by Freepik** to find more.
   - More **infographic resources**, whose size and color can be edited.
   - Sets of **customizable icons** of the following themes: general, business, avatar, creative process, education, help & support, medical, nature, performing arts, SEO & marketing, and teamwork.

You can delete this slide when you’re done editing the presentation.

SCIENCE PLAN

Monday

Mercury is the closest planet to the Sun and the smallest of them all

Tuesday

Venus has a beautiful name and is the second planet from the Sun

Wednesday

Jupiter is the fifth planet and the biggest planet in the Solar System

Thursday

Despite being red, Mars is actually a cold place. It's full of iron oxide dust

Friday

Saturn, the ringed planet, is composed of hydrogen and helium
